

The Hong Kong Institute of Surveyors
Annual General Meeting 2014
General Council 2014-2015 Elected

The Annual General Meeting (AGM) of the Hong Kong Institute of Surveyors (HKIS) was held on 12 December 2014. Sr Vincent HO was elected as the 2014-2015 President of the HKIS taking over from Sr Simon KWOK, who would retire as Immediate Past President.

The AGM also announced that Sr Edward AU and Sr Thomas HO were elected Senior Vice President and Vice President respectively, while Sr Dick KWOK and Sr Koo Tak-ming were elected Honorary Secretary and Honorary Treasurer, respectively.

Sr Vincent HO is a Fellow of the HKIS. He is currently the Managing Director of Freevision Limited. He has contributed to land development, building design, construction and repair and maintenance professional services for many years, especially to the promotion of building surveying profession, building safety and sustainable built environment in Hong Kong. Apart from his service to the HKIS, Vincent also assumes a number of roles with various organisations in the industry and helps nurture the youth of the industry by actively mentoring surveying students at tertiary institutions.

The incoming President Sr Vincent HO said, "The HKIS is one of the major professional institutes in the real estate and construction industry and has built an image as a reputable professional body in the society. We shall continue to keep up the momentum to strengthen the Institute's image, as well as promote the surveying profession to enhance the community's awareness of it. We'll maintain our international and regional presence, while further extending our connections with the Mainland counterparts and upholding our professional standards to maintain and strengthen the status of surveyors in Hong Kong."

About the Hong Kong Institute of Surveyors

Established in 1984, The Hong Kong Institute of Surveyors is the only professional organization representing the surveying profession in Hong Kong. As of 9 December 2014, the number of members reached 9,324, of which 6,092 were corporate members. The Institute's work includes setting standards for professional services and performance, establishing codes of ethics, determining requirements for admission as professional surveyors, access and award the professional qualification, and advance members' professional knowledge, technical and services standards through continuing professional development.

The Institute has an important consultative role in government policy making and on issues affecting the profession. We have advised the Government on issues such as unauthorized building works, building safety campaign, problems of property management, town planning and development strategies, construction quality and housing problems. We are working on amendments to standard forms of building contract and have issued guidance notes on floor area measurement methods.
