Message from President of HKIS

It gives me great pleasure in welcoming all of you to the Hong Kong Institute of Surveyors 30th Anniversary and Annual Dinner 2014. On behalf of the Institute, I would like to thank the Honourable C Y Leung, Chief Executive of the Hong Kong Special Administrative Region and Past President of HKIS, for being our Guest of Honour tonight.

Over the past three decades, the Institute has grown significantly. Our membership has increased from 85 members in 1984 to over 9,000 members now. I would like to express my heartfelt thanks to our founding members and past presidents for their vision and leadership. My thanks also go to every member for their contributions to the success of the Institute.

This year was another fruitful year for the Institute. We saw our profession grow in strength and the industry is flourishing.

30th anniversary events

To mark the 30th anniversary of the Institute, we have organised thirty events during the past 12 months to celebrate the achievements of the Institute. To kick off the series of celebration activities, we launched a logo and slogan competition for our members to showcase their creative designs and innovative ideas. Based on the winning entries, we have finalised the official slogan, which is "30 Years of Surveying Services with Pride, For the Community's Betterment We Strive". This logo and slogan have been used for all the 30th anniversary activities.

We have produced a commemorative video, and published 12 special columns in our monthly newsletter, *Surveyors Times*, which features interviews of our past presidents and the development of the Institute during their tenure of office over the past three decades.

During the past year, each of the six Divisions and the Young Surveyors Group of the Institute organised conferences, awards, luncheon talks and receptions on various occasions. One of the major events was the 30th Anniversary Cocktail Reception held on 25 April to celebrate the birthday of the Institute. In June, the HKIS hosted an international conference - the Pacific Association of Quantity Surveyors (PAQS) Congress in Hong Kong. This brought the 30th anniversary events to a climax. The Congress attracted 440 participants from 20 countries around the world. During the PAQS Congress, the Institute signed a Cooperative Agreement with the Association for the Advancement of Cost Engineering International (AACEI) for development of leading practices in cost management and quantity surveying.

On social events, we held a tram party on two antique trams bearing the HKIS's 30th anniversary banners, traversing through the heart of the city from Central to Causeway Bay. In addition, our surveyors band, SIR, staged a band show. There were also plenty of sporting events, such as golf tournaments, dragon boat championship and basketball cup, etc.

Serving the Community

The Institute is committed to setting professional standards and promoting best practices for the surveying profession. We continue to contribute our expertise to the development of Hong Kong. The Institute has actively participated in the government consultation process for the formulation of public policy and enactment of legislation. We submitted our views to the Government on issues that involve land, property, housing, and construction, in particular, on the North East New Territories New Development Areas in relation to increasing the supply of land for development.

We have worked closely with the Government on the development of the Pilot Scheme for Arbitration on Land Premium. I am pleased to let you know that in support of the Pilot Scheme, the Institute has published a list of HKIS valuation professionals for the Government and the Applicants of Arbitration on Land Premium to appoint arbitrators to serve on the Arbitral Tribunal.

We have also offered comments on the Property Management Services Bill, the proposed establishment of a Harbour Front Authority, the population policy and the extension of the service of civil servants. On new policy areas, the Institute has proposed to the government to set up a Building Repair and Maintenance Works Authority to regulate the building maintenance industry and to establish an Independent Cost Consultant mechanism for managing the cost of major infrastructure projects.

Mainland and International Cooperation

China is developing a new economy with liberalisation of the Mainland Market for professional services. In order to strengthen the cooperation between Hong Kong and the Mainland for implementation of the "Going Global" policy, the Institute signed a Memorandum of Understanding with the Ministry of Commerce on engaging Hong Kong professional surveyors to supervise the works of China's construction projects in foreign countries.

On cooperation with Mainland professional institutions, we have gained very promising progress on developing the mutual recognition of qualifications with the China Appraisal Society for business valuation; and with the China Real Estate Valuers Association for land valuation.

On international cooperation, the Institute has signed a Memorandum of Understanding with the International Valuation Standard Council on development and promotion of the global valuation standard.

On the institutional matters, I am very pleased to announce that the Institute has launched the HKIS Apps. With the introduction of this new program, members and the public can now gain access to the Institute's information in a much more convenient manner through their mobile phones and devices.

Taking this opportunity, I would like to express my heartfelt thanks to all the Office Bearers, members of the General Council, Executive Committee, Boards, Divisional Councils, various Working Committees, and the HKIS secretariat staff, for their unfailing support and contributions toward the work of the Institute.

Finally, I would like to specially thank the Annual Dinner Organising Committee, led by Sr Edward Au, for their contributions in making the Annual Dinner a great success. Special thanks also go to all the sponsors who have generously supported the Annual Dinner.

I wish you all a very enjoyable evening. Thank you very much.

會長的話

歡迎各位蒞臨香港測量師學會三十周年紀念及2014年周年晚宴。我謹代表學會，感謝香港特別行政區行政長官及學會前會長梁振英先生，GBM，GBS，JP出任主禮嘉賓。

在過去的三十年，學會發展迅速，會員人數由1984年4月26日創會時的85名增加至現在超過9,000名。我在此衷心感謝各創會會員及前會長的高瞻遠矚和傑出領導。亦特別感謝各會員的傑出貢獻，令學會有今天的成就。

今年，是學會豐收的一年，我樂見測量專業茁壯發展，行業興旺。

三十周年活動

為紀念學會成立30周年，在過去的12個月，我們舉辦了三十個活動，以慶祝學會30年來的成就。

在展開一系列的慶祝活動之始，我們首先舉辦了標誌及標語設計比賽，讓各會員盡顯才華及創意。基於優勝的作品，我們制定了30周年紀念標語：「測量服務三十年，帶動社會邁向前」。這標語及紀念標誌，已於學會各項30周年慶祝活動上使用。

另外，我們製作了一套紀念影片及於學會的月刊《測量師時代》刊登了十二期的特別專欄，以訪問前會長的形式，紀錄他們任內的成就及學會30年來的光輝歲月。

在過去一年，學會的六個專業組別及青年組分別舉辦各類會議、頒獎禮、午餐演講會及酒會。於4月25日，學會舉辦大型招待酒會，為學會慶祝三十歲生日。於6月，學會在香港主辦了一個大型國際會議－「亞太區工料測量師協會第18屆國際會議」，把學會30周年活動推上了一個高峰。會議吸引來自世界20個國家的約440位代表出席。在大會上，學會與「國際工程造價協進會」簽署了合作協議，共同推動先驅性的專業發展。

在社交活動上，我們舉辦了具特色的電車派對，安排了兩輛掛上學會30周年標語橫額的古典電車，在香港心臟地帶的中環至銅鑼灣間穿梭。此外，測量師樂隊「S!R」，舉辦了一個精彩的音樂會。我們亦舉辦多項體育活動，例如高爾夫球邀請賽，龍舟錦標賽及籃球杯賽等。

服務社會

學會一直致力制定專業標準及推動最佳執業守則，並利用專業知識為香港的發展出謀獻策。學會積極參與有關制定公共政策和立法的諮詢工作，向政府提出關於土地、物業、房屋、建築等政策的建議。例如在新界東北新發展區方面，學會提出了加快土地供應的意見。另外，學會與政府緊密聯繫，在制定「補地價仲裁先導計劃」方案上提出了各項建議。我們很歡迎政府採納了學會的多項意見。為協助落實此項新措施，學會公佈了一份符合先導計劃要求的專業產業測量師名單，以供政府和仲裁申請人參考。

學會亦就「物業管理服務條例草案」、擬議成立「海濱管理局」、人口政策及延長公務員退休年齡等方面，向政府提交了意見書。

在新政策方面，學會建議政府考慮成立「樓宇維修工程監管局」以規範樓宇維修行業的服務。在大型基建項目的工程費用方面，學會建議政府制定獨立的工程費用監察機制，以控制嚴重成本超支的問題。

與內地及國際間的合作

中國內地正推動新的貿易自由化政策，不斷放寬香港專業服務進入內地市場的限制。為加強內地和香港的合作，落實「走出去」的政策，學會就「中國對外援助建設項目」的施工監理工作，與商務部達成合作協議，並與商務部國際經濟合作事務局簽署了「關於引入香港顧問諮詢企業 試點承擔援外監理任務 建立合作機制的諒解備忘錄」。

在與內地專業學會的合作上，我們與「中國資產評估協會」在商業評估方面，及與「中國房地產估價師協會」在土地估價上之資格互認，取得了很好的進展。

在國際合作方面，學會亦與「國際估值標準議會」，就制定和推廣「全球性的估值標準」，簽署合作備忘錄。

在會務發展方面，我欣然向大家宣佈，學會推出了「香港測量師學會手機流動應用程式」：HKIS Apps。通過這個新的程式，會員和公眾可以透過手機和移動裝置，更方便快捷地取得學會的最新資訊。

藉此機會，我要衷心感謝學會的各位執行理事、理事會及執行委員會成員、各組別委員會、工作委員會及專責小組成員、以及秘書處各職員。感謝他們對學會鼎力支持和貢獻。

最後，我特別在此感謝由副會長區成禧測量師領導的「周年晚宴籌備委員會」的各委員，感謝他們的努力和傑出貢獻，讓周年晚宴能夠成功舉行。我亦感謝各贊助商的慷慨支持。

我希望各位有一個愉快的晚宴。謝謝！

Message from the Chairman of Organising Committee

As Chairman of the organising committee for the HKIS 30th Anniversary & Annual Dinner 2014, it gives me great pleasure to welcome so many fellow members and professionals to this evening of celebration and enjoyment.

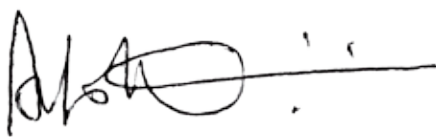

This year, I have the honour to participate in organizing a series of 30th Anniversary celebration functions and activities. For the celebration of this remarkable legend of the Institute, a HKIS 30th Anniversary Celebration Organizing Committee was set up in November last year to centrally organize a number of celebration activities. During the year 2014, over 30 significant events intercalated with the celebration elements were organized by the Institute. The celebrating events were diversify including the HKIS Tram Party, the 30th Anniversary Cocktail Reception, a series of Surveyors Luncheon Talks, HKIS Cups, Band Show, HKIS Annual Conference, PAQS Congress, QSD, GPD, BSD & PDD Annual Conferences, HKIS RICS joint valuation conference, and HKIS Annual Dinner.

The HKIS 30th Anniversary & Annual Dinner 2014 tonight earmarks the successful and conclusion of the HKIS 30th Anniversary celebrations. As Chairman of the organising committee for the HKIS 30th Anniversary & Annual Dinner 2014, I have great pleasure to work with a team of committing members from all divisions who have been contributing much efforts and time with me in the past 10 months to make the event tonight successful.

The HKIS Annual Dinner, as per tradition, is a time for recognition to those who have helped us along the way. Neither the Annual Dinner tonight nor the HKIS 30th Anniversary Celebration series could have taken place without the kind contributions of many of you and the committee members. I would like to express my sincere thanks to all of our guests, sponsors, members, working partners and friends for their generosity and continued support. I would also like to thank fellow organizing committee members, HKIS staff and our event secretariat for their hard work and commitment throughout the year.

Of course, the HKIS Annual Dinner is also an evening of reunion and enjoyment. As the final event for the HKIS 30th Anniversary Series, I hope this year we can go further and celebrate the history of HKIS as a whole. Our many professionals can have an opportunity to all come together and reflect with a spirit of celebration, but also discuss hopes and ambitions for the future.

Finally, I would like to wish you all a wonderful evening. Thank you for coming, and all the best for the years to come!

The 30th Anniversary of the Hong Kong Institute of Surveyors

Since its formation in 1984, The Hong Kong Institute of Surveyors has grown from strength to strength. As a professional organization comprising members specialized in planning, development, disposal and management of land and buildings, it has made significant contribution in transforming Hong Kong into a cosmopolitan city. With their expertise and diversified experience, members of HKIS have been providing their service locally and internationally.

On its 30th Anniversary, I wish to congratulate the Institute on its remarkable achievements, and wish it continued success in the years to come.

On the occasion of the Hong Kong Institute of Surveyors Annual Dinner 2014 and the Institute's 30th Anniversary celebration, I wish to extend my congratulations to the Institute for another year of success and also for 30 years of achievement.

Over the past three decades, the Institute has played a pivotal role for setting standards, establishing codes of ethics and encouraging the continuous advancement of skills for the surveying profession in Hong Kong.

We witnessed the rapid development of the Pearl River Delta Region, which has become one of the most affluent and fastest growing regions in China. The acceleration of infrastructure constructions, improvement in transportation networks and tighter cooperation between Macao, Hong Kong and the Region, not only brought challenges for the surveying profession, but also opportunities. The Institute made tremendous contribution to the development and also promoted cooperation between professionals in the region.

I wish the Institute will continue to play an invaluable role in the future, being at the forefront of the profession in the region. My best wishes for the Institute's continuing success and look forward to closer ties and cooperation in the future.

Yours sincerely,

On behalf of the World Association of Valuation Organisations (WAVO), I would like to extend our heartiest congratulations to the Hong Kong Institute of Surveyors (HKIS) celebrating 30 years of history and great achievements.

With globalisation and rapid changes in the international market, there is a need for a common platform for professionals in the real estate to exchange views and ideas. WAVO provides one of such platforms for international interaction and dialogue for valuers and appraisers around the world.

HKIS is a valuable member of WAVO and has played an important role in promoting valuation not only in Hong Kong but also in the international scene.

I would like to take this opportunity to thank HKIS for her continued support given to WAVO and wish her every success.

President of Property Institute of New Zealand

The Australian Institute of Quantity Surveyors (AIQS) would like to once again congratulate the Hong Kong Institute of Quantity Surveyors (HKIS) for another successful year.

I would like to express my gratitude for your hospitality and extend our warm congratulations for hosting such a successful 19th PAQS Congress this year. We recognise the efforts that the team at HKIS have put in to undertake this mammoth project.

We value your commitment and support to the Institute and we look forward to working with you in strengthening our relationship in the near future.

Michael MANIKAS
CEO of The Australian Institute of Quantity Surveyors

Congratulatory Messages

MESSAGE FROM THE CANADIAN INSTITUTE OF QUANTITY SURVEYORS TO THE HONG KONG INSTITUTE SURVEYORS FOR THEIR 30TH ANNIVERSARY PROGRAM BOOKLET

On behalf of members and Board of the Canadian Institute of Quantity Surveyors, we wish to congratulate our friends and colleagues in The Hong Kong Institute of Surveyors on their 30th anniversary celebration. We are proud to have signed a reciprocity agreement with HKIS in 2008 and look forward to our continued relationship in the future.

Mark Gardin, PQS(F)
Professional Quantity Surveyor (Fellow)
Chair, Canadian Institute of Quantity Surveyors
August 2014

I would like to thank the Hong Kong Institute of Surveyors (HKIS) for inviting me to your Annual Dinner 2014.

On behalf of SISV, I congratulate HKIS for celebrating her 30 years of history and achievements. Over the last 30 years, Asia including Hong Kong has undergone much changes in the construction and property markets. In recent years, property prices in many of the Asia countries have reach extraordinary heights leading to measures being introduced to curb the possible bubbles. The Asian market has much potential. Members of HKIS continue to play an important role in real estate and construction industry in the Asia Pacific region.

I wish HKIS continued success in the promotion of the real estate and construction professions.

Dr Lim Lan Yuan
President
Singapore Institute of Surveyors and Valuers

Congratulatory Messages

We congratulate your Institute, your membership and colleagues, past presidents and you on the thirty years of service, contributions and achievements. We trust the celebrations will be one that's not only memorable but equally exciting and enriching as your Institute and Membership position our Profession in Hong Kong for a further period of greater service, contributions and achievements.

Thank you for your kind invitation and please accept our apologies, as schedule would not allow us to participate in this celebration.

Yours sincerely,
International Federation of Surveyors

Celebration Events of the HKIS 30th Anniversary

HKIS 30th Anniversary publication – When I was the President

We introduced a special section to *Surveyors Times* starting with the December 2013 issue for our past presidents to share their memories and great achievements during their tenure. This will continue through the November 2014 issue.

When was the President
Mr Kan Fook Yee
 Past President (1984-1986)

It is to reminisce about the past and share the vision for the future that I write this message, as the founding President to celebrate the 30th anniversary of our Institute and to wish to continue growth in both local and international.

Thirty years ago, when the language of the surveying profession was thought to be about Hong Kong which led to the Chinese determination for economic growth and the great wealth that could be expected for the surveying profession, they had the foresight and determination to have a local Institute. I wish that you appreciate the special life of the Hong Kong Institute of Surveyors, which was born as a result of the determination of our Surveyors to provide the necessary support not only to all businesses engaged in real estate development and finance, but also to those in the building and construction industries.

As founding President, I was deeply indebted to the members of the first Council for the first work that did together to be the basic infrastructure of a professional body, an act of service to society and professional growth which truly embodied the determination of our Surveyors to provide the necessary support not only to all businesses engaged in real estate development and finance, but also to those in the building and construction industries.

As founding President, I was deeply indebted to the members of the first Council for the first work that did together to be the basic infrastructure of a professional body, an act of service to society and professional growth which truly embodied the determination of our Surveyors to provide the necessary support not only to all businesses engaged in real estate development and finance, but also to those in the building and construction industries.

When was the President
Mr Marco So
 Past President (1991-1992)

What Marco Said
 The 30th anniversary of our Institute is a good opportunity for me to recap some major tasks that occurred during my tenure as President from 1991 to 1992.

Reciprocity Agreement with the RICS
 Of course, I will not forget the reciprocal reciprocity agreement that I signed with Mr David Miles, the then-Interim Past President of the RICS, on 15 May 1991. The agreement established a reciprocal member of each body to provide a member of the other. I hope to see you practice and a certificate (I believe in the study in which membership is sought).

Strengthening Connection with the Mainland and Overseas
 Besides the RICS, discussions with government organisations in other countries to secure reciprocity agreements also happened.

Following the signing of the China market, the Institute began to build strong connections with land-related authorities on the Mainland.

From 1991 to 1992, we arranged in a number of exchanges and visits with the Hong Kong Council for the Surveying Profession and the Singapore Institute of Surveyors and Valuers, respectively.

Education and Training
 The Institute gradually began to establish an education and training. In 1992, the then City Polytechnic began to provide degree courses in surveying and building surveying. An MSc in Real Estate Development was also established in the University of Hong Kong. All these were the result of the Institute's determination to provide the necessary support for professionals to assist in the real estate and property development in Hong Kong, Macau, and the Mainland. The Institute helped various other organisations.

When was the President
Dr P C Lau
 Past President (1998-1999)

This year marks the 20th anniversary of the establishment of HKIS. As part of the celebration to commemorate this event we have invited one of our past presidents, Dr P C Lau, to share his memorable achievements with us. Dr P C Lau was elected HKIS President in 1998. He has made significant contributions in construction and property development both in Hong Kong and Mainland China. He is also a former Member of the HKIS Legislative Council.

Can you share your memory about the Institute?
 My memory goes back to October 1998 to December 1999 (marking the tenure of my presidency) when Hong Kong (HK) took place in 1998. At that time, Hong Kong's housing and property market was in a state of speculative euphoria. HKIS Council and I worked hard to raise public awareness to the potential risks associated with property speculation, the housing bubble and putting the general public well as protecting protection of consumers' interest in property transactions. One particular memory was the measurement of floor area for private residential properties where HKIS had provided technical support and exchanged views with government, Legislative Council, Consumer Council, other professional and related organisations. We had conducted and joint effort culminated in the ultimate legislation of the Residential Properties (Floor Area) Ordinance and Ord 19 of 2002, thus offering legal protection to home buyers of property, a result that was beyond the Institute's capability for and putting the greater good of the general public and society as a whole as the main thing that you think.

Can you share your own involvement with the Institute during your tenure?
 The Institute of Surveyors was founded in 1984 and during my tenure which lasted till the early 1980s, with Hong Kong surveying being extremely generally in

When was the President
Dr Yung
 Past President (2006-2007)

HKIS 30th Anniversary – Tram Party

A Tram Party was organised on 17 February. Two antique trams bearing the HKIS's 30th anniversary banner with the slogan travelled between the Western District, Central, and Causeway Bay during the evening rush hour. The event created memorable and amazing experiences for those members who joined this event.

Building a Greener Future

At Sino Group we recognise the importance of sustainable development and environmental protection. Over the years we have practised green property management, incorporated eco-friendly architectural designs and instituted energy and water saving innovations.

As a socially responsible corporation, we will continue to dedicate our efforts to promoting environmental sustainability.
