*Message  
from the President* 

# Message from the President

It is my honour to be the President of the Institute. It gives me the opportunity to serve members and to bring in new dimension to the surveying profession. My president year was vibrant and memorable. It witnesses the most unforgettable SE Asia tsunami disaster in late 2004; the resignation of Mr CH Tung from the Chief Executive of HKSAR in March; the election of Mr Donald Tsang as the new Chief Executive of HKSAR; the talk of the town on the controversial West Kowloon Cultural

Complex development project; the defeat of the Constitutional Reform and the aftermath of the WTO's 6<sup>th</sup> Ministerial Conference in Hong Kong which left us with an unhappy memory of violence, loss of business and inconvenience caused to Hong Kong citizens.

While we are busy working for the betterment of Hong Kong in the area of our expertise including but not limited to the planning of the Lantau Island and the Kai Tak area, the land application list, urban renewal and the mandatory building inspection scheme, I find Hong Kong is becoming more divisive day by day. As a responsible professional body, we are trying our best in offering our views in the areas of our expertise to help society to understand the issues in debate before they make their own judgment. Similarly, we are continuously monitoring the performance of the government to ensure that they are performing with the most transparent operation possible. It is sad to see that while the economy is picking up, we are living in a polluted city and mentally stressed environment. There is political and social criticism everyday. We are not living in a city of harmony. Most professionals are politically apathetic. What they want are stability and predictability. I sincerely hope that everyone in Hong Kong, and in particular our members, would spend more effort in improving our built environment for our health and for our children.

The most significant accomplishments in this Council year include:

- 1 The formation of the Property Facility and Management Division;
- 2 The signing of the Reciprocity Agreement for Cost Engineers in China for the Quantity Surveying Division where 173 of our QS members qualified as Cost Engineers in China;
- 3 The signing of a Memorandum of Mutual Recognition of Membership with the RICS;
- 4 The formation of the Hong Kong Business Valuation Forum with the Hong Kong Society of Financial Analysts and the Royal Institution of Chartered Surveyors Hong Kong Chapter;
- 5 The launching of the following publications on the local standards
  - (a) The HKIS Valuation Standards on Properties;
  - (b) Guidance Notes on Valuations of Properties for Mortgage Purpose (Second Edition 2005);

- (c) Standard Form of Building Contract 2005 (jointly with HKIA and HKICM);
  - (d) Standard Method of Measurement of Building Works (4th edition) (jointly with HKCA and other E&M institutes); and
  - (e) ATC Guides and Procedures for Technical Members;
- 6 Significant improvement in advocacy raising the profile of surveyors in Hong Kong.

One disappointment in the year was the defeat of the motion on direct membership. With the increasing competition surveyors are facing today both locally and internationally, a sensible way for the sustainability of the profession is to expand our membership base both in Hong Kong and in China. Without lowering our professional standard, direct membership route would allow us to recruit those high caliber members already working in the surveying related fields into our Institute. I trust the incoming Council will continue their effort in this area to complete our uncompleted task.

The Annual Report gives an overall summary of the work of the General Council, Divisional Councils, Boards and Committees during the year 2004/05. I would like to take this opportunity to thank the Editorial Board and the Secretariat in producing this Directory and Annual Report. May I wish you and the Institute every success in the years to come.

TT Cheung  
President  
2004/2005

# 會長的話

**我**非常榮幸當上香港測量師學會會長。這給予我一個服務會員和為測量專業帶來新思維的機會。這一年的日子是充滿動力和令人難忘的。它見證了年底的南亞海嘯；三月份董建華先生辭任特首一職；曾蔭權先生繼任特首；富爭議性的西九龍文娛藝術發展區所帶來的爭拗；政改方案未獲通過；以至在特區舉行的世界貿易組織第六次會長級會議所引來的警民暴力事件和對民生經濟的不便及損失。

當我們為不同課題工作的時候，例如：大嶼山發展規劃、舊啟德機場規劃、勾地政策、市區重建政策、強制驗樓計劃等，我發現香港市民越來越被分化。作為一個負責任的專業團體，學會一直以來都運用它的資源向各界人士提供專業意見，務求社會大眾能更掌握分寸。與此同時，學會一直對特區政府施政的透明度起著監督作用。然而，伴隨經濟再起飛而來的是空氣污染、巨大工作壓力、政治及社會爭端等，使我們的社會和諧受到衝擊。大部份專業人士對政治的反應是比較冷漠，他們所期望的是一個穩定及可預測的社會。我由衷地盼望香港市民大眾，特別是學會的會員們，都為世代賴以生存的一個優良生活環境而作出努力。

本年度理事會所完成的大事項包括：

- 1 成立物業設施管理組；
- 2 簽訂工料測量組與「中國建設工程造價管理協會」的專業資格互認協議，及通過考核讓 173 位工料測量組會員取得內地相關專業資格；
- 3 與「英國皇家特許測量師學會」簽訂有關會籍互認的備忘錄；
- 4 與香港財經分析師學會和英國皇家特許測量師學會香港分會組成「商業估值議會」；
- 5 出版了下列專業規範標準：
  - (a) 物業估值標準；
  - (b) 按揭物業估值（第二版）；
  - (c) 建築標準合約 2005（與香港建築師學會及香港營造師學會聯合出版）；
  - (d) 標準量度法（第四版）（與香港建造商會及其它專業團體聯合出版）；
  - (e) 技術協佐級會員技術評核試的指引及程序；
- 6 測量專業的聲音在香港大大提升之餘，並同時備受各界重視。

本年度較令人遺憾的是「直接會籍」動議未能通過。測量專業面對來自本地及國際領域的競爭者，祇有在香港特區及內地開拓會籍方能維持本業的持續穩定性增長。在不降低專業水平的大前提下，「直接會籍」可以幫助學會吸納一些具高專業素質的人士加入，從而把總的會員人數提高。我相信新一屆理事會將繼續努力完成這個任務。

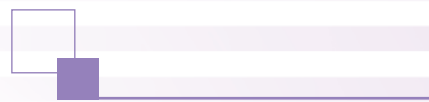

年報總結學會一年以來的工作，內容包括了理事會、組別理事會及各委員會的工作報告。我衷心感謝「編輯委員會」和秘書處為出版此刊所作出的努力。值此機會，我祝願學會及各會員百尺竿頭、更進一步。

張達棠  
會長  
2004/2005

*The Hong Kong  
Institute of Surveyors* 

# The Hong Kong Institute of Surveyors

The Hong Kong Institute of Surveyors was founded in April 1984 and had 85 founder members. The Institute was statutorily incorporated by virtue of the Hong Kong Institute of Surveyors Ordinance in January 1990 (Cap. 1148). In July 1991, there was also passed the Surveyors Registration Ordinance (Cap. 417) to set up a Registration Board to administer the registration of surveyors.

The number of corporate members has grown to 3944 as at December 2005; Members and Fellows – distinguished by the initials MHKIS and FHKIS. In 2005, the Institute has admitted 38 Technical Associates – distinguished by the initials TAHKIS. Apart from this, the total number of training grade members at the end of 2005 was 2552.

To qualify as a corporate member of the Institute, surveyors must possess a recognized academic degree or similar qualification, followed by a minimum of two years supervised professional experience within strict guidelines, followed by an Assessment of Professional Competence (APC).

To qualify as a technical grade member of the Institute, surveyors must possess a cognate sub-degree or diploma or vocational qualification or equivalent as may be approved by the General Council together with a minimum of two years of technical training of an approved nature mainly in Hong Kong, followed by an Assessment of Technical Competence (ATC).

As a reputable and responsible professional body of surveyors, the Institute has always maintained vigorous assessment standards for entry to the profession and has also maintained high professional and ethical standards of member surveyors, through the various codes of professional practices, the code of ethics, and continuing professional development. The Institute has taken on an important and responsive consultative role in government policy making particularly on issues affecting land, property, construction.

The title “Surveyor” embraces a number of disciplines involved with land and its development with lands and buildings, covering an extremely wide scope. Some surveyors work in private practices and others may work for a landowner, developer, building contractor or government departments and related bodies. A **Land Surveyor** measures and records the shape and position of the land, define the boundary and set out the legal boundaries of the sites. A **General Practice Surveyor** advises on the best use of the land, assesses the feasibility and viability of the proposed development project as well as the valuation, marketing, sale, leasing and management of completed developments. A **Planning and Development Surveyor** further advises on the possible change of zoning, the likely environmental impacts and make suggestion on preliminary development contents. A **Quantity Surveyor** is concerned with the building contractual arrangements and cost control will evaluate the likely cost of the development project and advises on the most suitable kind of contract for the project. A **Building Surveyor** is involved in the construction and maintenance of the building. A **Property and Facility Management Surveyor** provides a comprehensive range of service in real estate management.

The Institute has established and continue to expand its presence in the international scene through reciprocity relationships with other national surveying bodies and through membership in relevant world bodies and international organizations in order to maintain its professional edge at international level. The Institute is one of the three founding members, apart from the Singapore Institute of Surveyors and the Institution of Surveyors, Malaysia, of the Surveyors' Alliance Asia which was inaugurated in November 2004. The Institute has reciprocal agreements with:

- The Royal Institution of Chartered Surveyors (RICS)
- The Australian Property Institute (API)
- The New Zealand Property Institute (NZPI)
- The Singapore Institute of Surveyors and Valuers (SISV)
- China Institute of Real Estate Appraisers (CIREA)
- China Engineering Cost Association (CECA)

## 香港測量師學會

香港測量師學會於1984年4月正式成立，創會會員人數為85名。其後，1990年香港立法局通過了《香港測量師學會條例》，翌年立法局再通過《測量師註冊條例》成立測量師註冊管理局。

截至2005年12月，香港測量師學會的正式會員總數為3944名分別為「資深專業會員」(Fellow 採用 FHKIS 名銜) 及「專業會員」(Member 採用 MHKIS 名銜)；2005年香港測量師學會接納了38位「技術協佐會員」(Technical Associates 採用 TAHKIS 名銜)；除這以外，2005年年底的「培訓級會員」人數一共是2552位。

香港測量師學會的「專業會員」必須完成修讀由香港測量師學會認可的大學測量專業學位課程。其後，必須在專業測量師指導下進行不少於兩年的在職專業工作實習。實習期滿，考生可以向學會報考「專業評核試」(Assessment of Professional Competence 簡稱 APC) 作為最後評核。學會會員必須嚴格遵守由學會制定的專業操守規則。

香港測量師學會的「技術協佐會員」必須完成修讀由香港測量師學會認可的副學士測量專業學位課程。同時必須已取得不少於兩年的在職專業工作實習。實習期滿，考生可以向學會報考「技術評核試」(Assessment of Technical Competence 簡稱 ATC) 作為最後評核。學會會員必須嚴格遵守由學會制定的專業操守規則。

香港測量師學會主要工作是維護測量專業服務的標準，包括制訂專業守則、釐訂加入專業測量師行列的要求，並鼓勵會員透過持續專業進修以增進專業技能。本會在政府制訂政策方面一直擔當重要的諮詢角色，香港測量師學會曾向政府提供的意見包括樓宇僭建問題、樓宇安全運動、物業管理問題、城市規劃及發展策略、建築質素和房屋問題，並曾就樓宇面積的量度標準發出指引。

服務於公營部門的測量師參與制訂發展策略及政策，從而達到政府的規劃政策目標。服務於私營機構的測量師一般向客戶提供相關專業諮詢服務。測量專業內容非常廣泛，服務範圍包括：「土地測量師」積極參與各類發展項目，包括劃定地界、利用測量結果繪製地圖等；致力使無數人跡罕至及未開發的地區發展成為繁盛的工商業城鎮，因此與人類的文明發展有著莫大的關係。「產業測量師」憑著專業技能及知識，對如何發展、使用及管理物業的細節瞭若指掌，能為客戶提供具實效的意見；其工作涉及產業的規劃、發展、用途、管理以至土地及樓宇估價，為客戶代理以私人協商、招標或拍賣方式租售物業，並處理物業投資的財務及經濟事務。「規劃及發展測量師」提供一系列有關城市規劃和物業發展的專業服務；除了作出物業發展可行性研究以外，他們更擅長於演繹土地契約條款，能提出如何符合土地契約條款或對條款作出修訂的建議；同時能替土地擁有人向地政署提出修訂地契交回、重批的申請、商討土地條款以至完成地契土地契約簽署的整套的服務。「工料測量師」在房屋建造、土木工程、城市發展、以至礦務及等各類工程上提供初步成本諮詢成本計劃、招標檔的製訂及相議承包價、建築合約的製訂和管理、工程費的開支預算及成本控制、工程策劃及管理、仲裁建築合約糾紛和建築工程保險損失估值等等。「建築測量師」是勘測建築物的專才，服務範圍包括：就法律訂明的限制條件提供技術顧問服務、在發展項目中代表項目注資人負責發展顧問及工程項目監理工作、在發展階段負責項目管理、而在現有建築物勘測私人及公共樓房安全檢驗、維修管理。「物業設施管理測量師」主要提供廣泛物業及設施管理。在用家要求日高的社會裏，高質素的專業管理服務，實為維持及提高物業價值的不可或缺元素。物業及設施管測量師能為客戶管理各類物業，代與租戶商討租金修訂、租約續期及物業轉租事務，並就物業翻修及重建等事宜提供意見。

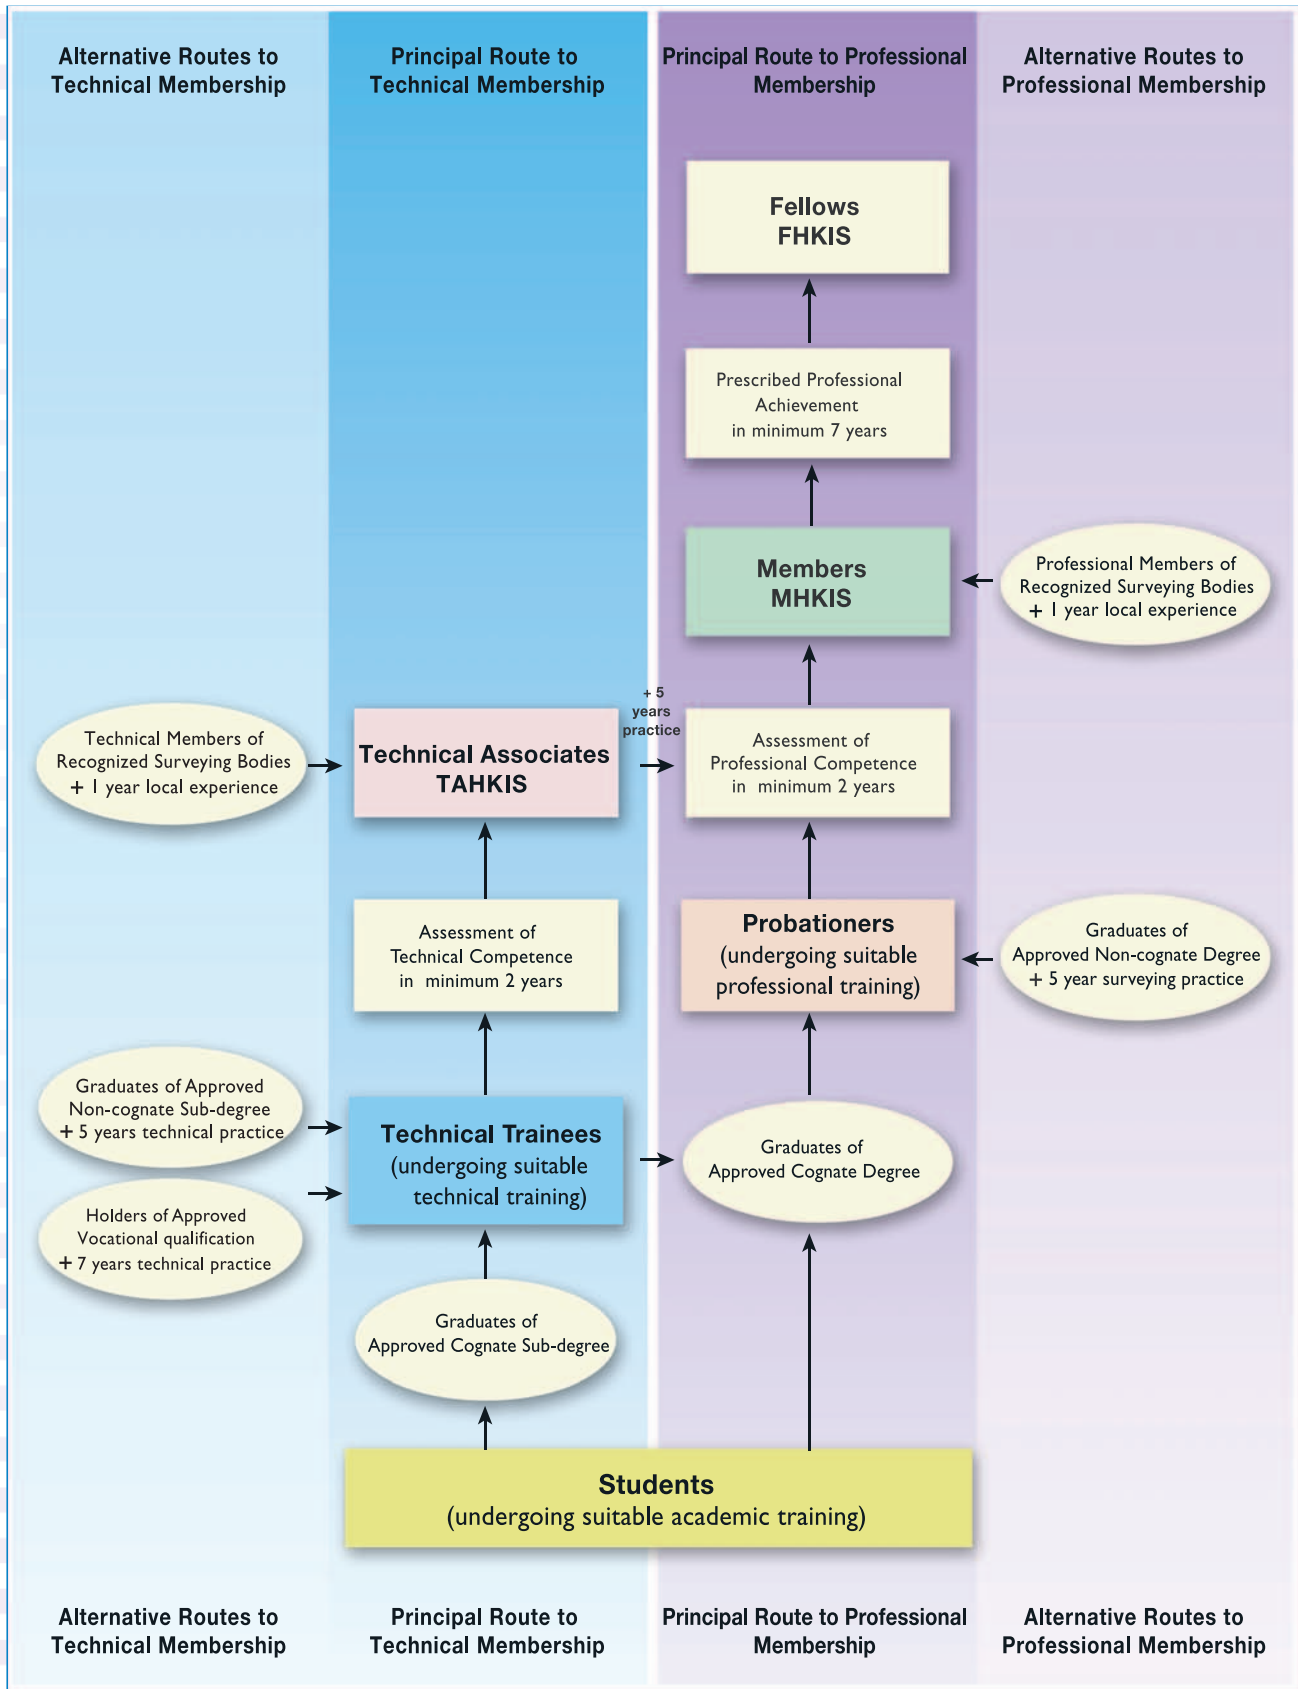

香港測量師學會不斷加強與世界各國有關測量專業團體緊密聯繫並且達成互認協定，目的在於增進本地測量專業人員在國際市場的競爭力，並且是2004年11月成立的「亞洲測量師聯盟」三個創會會員之一，其他兩個創會會員是新加坡測量師及估價師學會和馬來西亞測量師學會。香港測量師學會目前和下列海外學會有協議，互相接納對方的會員資格：

- 英國皇家特許測量師學會(RICS)
- 澳大利亞房地產學會(API)
- 新西蘭房地產學會(NZPI)
- 新加坡測量師及估價師學會(SISV)
- 中國房地產估價師學會(CIREA)
- 中國建設工程造價管理協會(CECA)

## THE HONG KONG INSTITUTE OF SURVEYORS

### Route to Membership

For indication only. For details, please refer to the Hong Kong Institute of Surveyors Constitution and Bye-Laws.

## The Building Surveyor

A Building Surveyor is as the name implies, a 'Surveyor of Buildings'. A Building Surveyor's core expertise is as described below:

### Survey of New Buildings

- Building control in Buildings Department, HKSAR Government;
- Technical advice on legal restrictions – Buildings Ordinance, Town Planning and Land Leases;
- Development consultancy and project monitoring; and
- Project management during development stage.

### Survey of Existing Buildings

- Building maintenance management (both in the private and public sectors);
- Diagnosis of building defects as 'Building Doctor';
- Building and fire safety inspections;
- Alterations & Additions, refurbishment and renovation;
- Conservation, restoration and rehabilitation of historic heritage;
- Licence application;
- Fire insurance valuation;
- Facilities and property management;
- Building surveys prior to purchase, during hand over or arising from building disputes;
- Expert witness, mediation and arbitration;
- Advise on occupational requirements, spatial planning and management; and
- Management of fitting-out works.

Building Surveyors in private practices are involved in all stages of the development process from inception, completion to operation. They are available to provide tailor-made services for Clients engaging in property development.

### Site Acquisition Stage

The Building Surveyor acts as Project Consultant in advising on the development potential regarding technical and legal implications as follows:

- Restrictions imposed under the Buildings Ordinance, lease conditions and Town Planning Ordinance and also on potential construction difficulties;
- Financial and time considerations affected by the construction aspects; and
- Preparation, finalization and execution of Joint Venture Agreements and Public Private Partnership.

## Development Stage (including Construction Stage)

The Building Surveyor acts as Project Manager (or Project Consultant) to monitor the development and construction process so that the buildings are constructed principally on time, within budget and with the desired quality. The major functions of the Project Manager are as follows:

- Preparation of feasibility studies and Client brief;
- Preparation of budgets and master programme;
- Appointment of the design team, sub-consultants, main contractor, subcontractors, suppliers;
- Management of the design process and selection of materials;
- Coordination of Government approvals;
- Contract administration and co-ordinating the approval of shop drawings, samples, variations and claims;
- Project monitoring – time, cost and quality controls; and
- Undertaking financial control – cash flow, interim payments and final account procedures.

## Pre-Completion Stage

- Advising on capital costs, running costs and replacement costs for fire insurance purposes;
- Advising on maintenance strategy and preparation of operation & maintenance manuals, as-built drawings and specialists handbooks; and
- Coordinating and approving (on behalf of Clients ) of Alterations & Additions works to building and building services proposed by tenants and occupiers.

## After Completion

Building Surveyors play a major role in the management and maintenance of properties after their completion.

- Advising on construction and legal constraints prior to letting and coordinating the fitting out works;
- Advising on licensing requirements for licensed premises (e.g. restaurants, hotels, child care centres, kindergarten, home for the elderly, etc.) and coordination of the fitting out works;
- Advising on maintenance strategy, planning and implementation of maintenance programmes, from day-to-day to long term;
- Condition surveys of existing buildings and preparation of schedule of dilapidation. Advising on diagnosis of building defects, remedial works and costs; Advising on effects and remedial actions including litigation and compensation;
- Alterations, additions and improvements to existing buildings. Conversion of existing buildings to modern uses and upgrading their provisions to meet current requirements;
- Improvement works required under the Fire Safety (Commercial Premises) Ordinance;
- Acting as expert witness in court and arbitrator in building and contract disputes; and
- Design and management of conservation, restoration and rehabilitation of historic heritage projects.

## Profile of Employment

Building Surveyors are employed in both private and public sectors or engaged in private practices serving Clients of different concerns.

## HKSAR Government and Quasi-Government Agencies

- Buildings Department;
- Housing Department;
- Architectural Services Department;
- Licensing Authority, Home Affairs Department;
- Hospital Authority;
- Urban Renewal Authority;
- Hong Kong Housing Society;
- Mass Transit Railway Corporation;
- Kowloon Canton Railway Corporation;
- Academic institutions and others.

## Private Practices and NGOs

- Private and listed property developers;
- Tung Wah Group of Hospitals, English School Foundation, Salvation Army; and
- Local and major international property consultants offering comprehensive Building Surveying Services.

## Expertise of Building Surveyors

Expertise possessed by professional Building Surveyors can be summarized and grouped in the following nine core areas of services undertaken on behalf of Clients:

- Project Planning and Design;
- Project Management and Monitoring;
- Project Supervision (including acting as Technically Competent Persons required by Buildings Department);
- Project Revitalization (Alterations and Additions, Conservation, Improvement, Refurbishment and Renovation);
- Building Maintenance Management;
- Building Surveys and Fire Insurance Valuations;
- Building and Fire Safety Inspections and Works Supervision;
- Facilities & Property Management; and
- Disputes Resolution (Expert Witness, Mediation and Arbitration).

## Building Surveyors' Vision

Whenever there is a building need, be it of a new building or existing building, a building surveyor will be able to help finding a satisfactory solution.

## The General Practice Surveyor

Land is a strategic resource for operation and an investment asset. Interest in land or property is bought and sold for residential, retail, office and industrial uses. These uses require careful planning, continuous management and improvement; properties are also developed as direct investments or securitized and if they are professionally managed, their values will be enhanced.

General Practice Surveyors through their professional training, skill and knowledge are in a position to offer timely and effective advice in connection with the development, use and management of the property resources both for operational needs and investment purposes. They are concerned with the planning, development, use, management, leases administration and valuation of lands and buildings; negotiation of sales and lettings by private treaty and sale by tender or auction; financial and economic aspects of investment in property. And contemporaneously, because of the General Practice Surveyors' understanding of the principles of investment and asset pricing, the profession is ready to respond to the mounting demand for valuation of trade-related business assets and business enterprises.

The services offered by General Practice Surveyors can be wide and varied. They range from professional and agency services connected with the investigation, valuation, planning, development, acquisition, disposal and management of property to more recently, valuation of franchises and intangibles. The major roles played by General Practice Surveyors are as follows:–

### Valuation of Properties

General Practice Surveyors value all types of landed properties for various purposes. The range of valuation services covers:–

- Valuations for sale, purchase, letting and mortgage purposes.
- Statutory valuations relating to resumption, rating, stamp duty, and other taxation purposes.
- Valuations of company portfolios for balance sheet purposes, company floatation, takeovers and mergers.
- Feasibility studies on all types of properties.
- Acting as an expert witness, independent valuer or arbitrator in valuation disputes.

### Development and Town Planning Consultancy

Real estate development is a complex process, which needs professional expertise and judgment. Through proper training and experience, General Practice Surveyors can provide a comprehensive range of professional services covering:

- Market studies and evaluation of development opportunities.
- Negotiation with Government on modification, surrender and regrant of land leases.
- Applications and appeals to Town Planning Board in respect of change of uses, etc.

- Preparation of detailed financial assessments, cash flow studies and expenditure control systems throughout the development period.
- Preparation of development and design briefs.
- Constant monitoring of the development to ensure that it meets the client's requirements and reflects market needs.

### **Sales, Lettings and Auctions**

General Practice Surveyors, on behalf of clients, negotiate the purchase, sale or leasing of all types of lands and buildings. They may act as auctioneers in the disposal of properties or as owner's agents in selling properties by private treaty or tender. They may also advise on marketing strategy and on the preparation of sale and lease documents.

### **Property and Asset Management**

In a society of rising user expectations, good quality professional management services are an essential element to sustain and enhance the value of the property. General Practice Surveyors have been involved in the management of all types of properties. They negotiate with tenants on rent review, lease renewal and re-letting of premises. They also advise on situations of refurbishment/renovation and redevelopment. Upon the securitization of properties, General Practice Surveyors will also contribute their expertise to the long range investment strategy and property portfolio planning.

### **Business Valuation**

Contemporarily, experienced General Practice Surveyors are engaged to provide independent valuation of trade-related business assets and business enterprises in connection with mergers and acquisitions activities in Hong Kong and the mainland China.

Apart from their work in the private practice, General Practice Surveyors are also employed by the HK Government in various departments such as the Lands Department, Rating and Valuation Department and Housing Department to handle work including government land disposal, resumption, rating, taxation, public housing and home ownership scheme so on and so forth.

# Land Surveying Division

## The Land Surveyor

Broadly speaking, land surveying is an art of position fixing. Surveyors involve themselves in all sorts of civil engineering works and land developments such as building houses, roads, bridges, canals, viaducts, defining property boundaries, preparing plans from various surveys and managing properties. Closely related to the development of civilisation of mankind throughout the world, the profession has contributed to the transformation of sparsely populated and undeveloped areas into modern industrial and commercial metropolises. Like other professions, advancement of technology has led to specialisation and land surveying is of no exception.

### Cadastral Surveying

Cadastral Surveying is concerned with the physical determination of boundaries and areas of land properties. It is always advisable for landowners and developers to ascertain the boundaries and area entitlements of their properties by land boundary surveys prior to any land development. There are at present two legislations in Hong Kong which provide for the control of professional services in this aspect. Registered Professional Surveyors of the Land Surveying Division [RPS(LS)] registered under the Surveyors Registration Ordinance and Authorised Land Surveyors [ALS] registered under the Land Survey Ordinance are well-qualified professionals to conduct land boundary surveys. Under the Land Survey Ordinance, any legal instrument effecting a subdivision of land must be accompanied by a land boundary plan prepared and certified by an ALS for registration with the Land Registry. The main services provided by RPS(LS) and ALS include:

- Re-establishment of land boundaries for valuation, land transaction and various land development purposes;
- Setting out of land boundaries; and
- Preparation of certified plans for subdivision of land parcels.

### Engineering Surveying

This type of surveying relates closely to civil engineering projects. The preparation of initial survey plans for detail design, setting out of critical points for construction and the measurement of earthwork quantities for payment are types of works under this category. Land Surveyors are actively involved in the construction of roads, flyovers, bridges, seawalls, railways, tunnels and skyscrapers. Land surveying techniques are also being used in industries like shipbuilding, aircraft construction and fixing of machinery where high precision on position determination is required. Monitoring of unstable structures, reservoirs, bridges, slopes, and areas is part of the works that may not be familiar to the public but important in protecting lives and properties. Major services provided under this category are:

- Preparation of initial site survey plans;
- Preparation of photo mosaics superimposed with engineering layouts for planning of engineering projects;
- Computation of construction alignments for civil engineering works;
- Setting out pre-determined positions for construction;

- Measurement of earthwork quantities; and
- Monitoring of unstable structures, bridges, reservoirs, slopes and areas.

### Geodetic Surveying

The purpose of Geodetic Surveying is to establish a very accurate main survey framework. It involves the establishment of a national network of horizontal and vertical reference points covering an entire territory. Land Surveyors use very precise equipment for taking measurement over a large area for establishment of accurate survey network. With the advancement of space technology, land surveyors often use a satellite system, called Global Positioning System (GPS), for measuring points which are many or even hundred kilometers apart.

In the Hong Kong SAR, the Lands Department of the Government establishes and maintains the main survey framework. Trigonometrical stations situated on hilltops, traverses installed along roadside and bench marks on bedrock constitute the geodetic control point system. By connecting to the network, any survey can be tied together with respect to a unique reference system. In fact, the position of many land boundaries, roads, railways, bridges and construction works are referred to this system. Major services provided under this category are:

- Taking precise observation and maintaining the monuments of networks of horizontal and vertical reference points;
- Establishment of a territorial common reference system; and
- Detecting and measuring the movement of the earth's crust for scientific research and reducing the impact of natural disaster.

### Topographic Surveying and Digital Mapping

Mapping is a national service for security and development. Maps have been in use for thousands of years. Besides being a principal means of position locator, accurate maps are necessary for effective management of our environment.

With the use of emerging technology in the Topographic Surveying and map revision, the complete series of 1:1000 scale maps covering the whole territory of Hong Kong have been available in digital form. Digital topographic information is the basic building block to support the sustainable development, natural resources management, environmental protection, urban planning and utilities management. Additionally, Digital Mapping forms the basic foundation for other information systems such as community services information systems, electronic street guide systems, natural disaster management systems, transport management systems and many others. It is foreseeable that many disciplines will benefit from Digital Mapping. As the advancement of technology has resulted in lower system costs and continual improvements in Digital Mapping, a much wider application of digital map data throughout government, business and industry can be achieved.

### Land Information Management

In the Land Information Management aspects, Land Surveyors are engaged in the collection, integration and dissemination of a wide range of spatial information. With the use of geographic information system technology, Land Information Management is rapidly penetrating a number of application domains such as environmental conservation, urban planning, pollution control, transport management,

emergency rescues and many others. Land surveying is the most basic activity to create and maintain building blocks for the setting up of geographic information systems and Land Surveyors are in a good position to make valuable contributions to these systems.

### Photogrammetric Surveying

Photogrammetry is the science of measurement by means of photographs or digital imagery.

The photographs and digital imagery can be captured on ground, under water and in air. Photogrammetric Surveying is the method of producing graphic plans, digital data, and computer model from photographs or digital imagery. Major services/products provided under this category are:

- Digital mapping;
- Digital terrain model;
- Orthophoto/orthoimage;
- 3D digital map;
- Deformation monitoring;
- Landslide investigation; and
- Antiquities and heritage sites recording.

### Hydrographic Surveying

Safe navigation and subaqueous construction require an accurate knowledge of the depth and topography of the seabed. Land Surveyors have used different techniques including the Differential Global Positioning System (DGPS) in the hydrographic survey for positioning. In harbours and their approaches, the depth has to be constantly monitored. As the seabed is hidden from the naked eyes, its profile is determined by echo sounder which sends sound waves down to the bottom of the sea and calculates the depth by measuring the time required for the signal to return to the surface.

In the Hong Kong SAR, the Government has taken over responsibilities from the British Admiralty for producing navigation charts for the Hong Kong Waters. Major services provided under this category are:

- Measurement of water current;
- Bottom sampling;
- Location of rocks, lights, buoys and wrecks;
- Determination of channel depths and preparation of charts;
- Determination of subaqueous excavation quantities; and
- Collection of any information relating to marine navigation.

# Planning & Development Division

## The Planning & Development Surveyor

Real estate development is a complex process which requires professional inputs of various kinds throughout different stages of the process, from project inception to its completion. Planning & Development Surveyors, as a town planning and development consultant, can provide a comprehensive range of professional services to suit the specific needs of their clients.

### Property Development Development Feasibility Study

Prior to inception of a development proposal, Planning & Development Surveyors provide clients with necessary site search and detailed analysis, and advise them on property values and appropriate land acquisition strategies. They conduct detailed market research to understand specific markets and recommend the appropriate type and mix of land uses, and the optimal scale of development with a view to maximizing project return while minimizing the risks. Development appraisal, covering land and property valuation, cash flow analysis, project return estimation, sensitivity analysis, etc., can be undertaken to test the viability of the development proposal under different scenarios.

### Land Administration Inputs

Planning & Development Surveyors specialize in the interpretation of lease conditions; can advise on compliance with the lease conditions or any modifications to the lease conditions required; can act for the land owner to submit an application to the Lands Department for a modification (or surrender and re-grant) of their land lease, negotiate with the Government on the lease terms and conditions (including the land premium) ; and assist in the execution of the lands document.

### Town Planning Applications

Depending on the statutory town plan zoning that the development site falls within development on it may require prior approval from the Town Planning Board. Planning & Development Surveyors can advise on zoning implications and the strategy to submit planning applications, review and or appeal; co-ordinate with other professional experts to prepare the necessary technical impact assessments to support the planning application. Professional services may also be provided in submitting planning objection to gazetted town plan to safeguard the interests of land owners.

### Development Project Management

Property development requires a wide range of inputs from various disciplines. Planning & Development Surveyors can help to set up a right team for development projects with team members coming in at an appropriate time during the process; monitor the project progress against the development programme, advise on re-distribution of resources and to resolve issues arising during the development process.

### Project Evaluation

In order to update the clients on the change in financial position of the project, Planning & Development

Surveyors will carry out continual evaluation of the development proposal throughout the development process. It is done by inputting the actual cash inflow and outflow as well as a more accurate forecast on future incomes and expenditure into the financial model. A regular review of the property market trends can ensure that the development meets the client's requirements apart from the supply and demand situation in the market.

## **Town Planning**

### **Public Sector**

Planning & Development Surveyors are involved in the formulation of planning, lands, housing, environmental and other development strategies and policies; participate in the preparation of statutory town plans under the Town Planning Ordinance and the non-statutory departmental and layout plans. Major development briefs are also prepared to guide development. Through the statutory and non-statutory plans, they regulate and control the type of land use and property development permitted having regard to the relevant planning policies, the environmental context and specific site characteristics.

### **Private Sector**

Planning & Development Surveyors advise clients on the extent to which the use and value of their land and property would be affected by town planning and environmental policies. The most common professional services include preparation, coordination and/or submission of planning applications, master layout plans, rezoning requests and planning objections; acting on behalf of clients in making written representations and attending hearing in planning review, appeal cases according to the Town Planning Board and Appeal Board proceedings respectively.

### **Other Common Professional Services**

Planning & Development Surveyors also assist client in site planning and advise on urban design matters together with the relevant design experts. They also specialize in coordinating large-scale planning studies usually supported by various technical impact assessments e.g. Environmental/Ecological Impact Assessment (EIA), Drainage Impact Assessment (DIA), Traffic Impact Assessment (TIA), Geological Impact Assessment (GIA), Landscape & Visual Impact Assessment (LVIA), Social Impact Assessment (SIA).

## The Property & Facility Management Surveyor

Professional surveyors have always been engaged. As estate surveyors, estate director/managers, property managers, maintenance managers, property service managers, facility managers, etc. in the day to day and strategic management of properties, assets, and estates in the public and private sectors. We have contributed to the professionalism, quality and excellence of the property management of governmental, corporate and private commercial, industrial and residential buildings. Our responsibilities are wide ranging and have included the following: strategic facility planning, asset management, space planning management, real estate design and management, operation and maintenance, property management, corporate real estate and related services.

### Employment of PFMS

Professional Surveyors are employed in over 140 organizations spreading across 10 different sectors. This includes Government, Government agencies, public corporations, developers, property and facility management services providers, multi-national companies, international real estate consultants. We provide in-house or consultancy services in strategic facility planning, asset management, space planning management, real estate design and management, operation and maintenance, property management, corporate real estate and related services.

### Training and Competencies

After obtaining the relevant academic qualification, candidates wanting to become Property and Facility Management Surveyors are required to undergo at least 400 days of recognized professional training to acquire the required level of professional competence in three major areas of competencies. In the area of Mandatory Competencies, candidates are expected to achieve general knowledge and understanding in all of the following; – Core Skills: Ethics, knowledge of HKIS structure, rules and regulations; Basic business & communication skills: self management, customer care; Information technology, analysis of information and data; Law, dispute resolution and conflict avoidance; and Health, Safety and Environmental Awareness. They are also required to acquire general knowledge and understanding in two of the following Optional Skills: Business management, Organizational Leadership, Negotiation Skills; Managing People and Resources, Recruitment and Selection; and Accounting Principles and Procedures.

Candidates may choose two out of the following four Core Competencies and engage themselves in such breadth and depth in knowledge application and analysis with the ability to give advice. These competencies are grouped under Property Asset Management, Corporate Real Estate, Project Management, and Property Management.

Finally candidates are required to achieve general knowledge and understanding in two of the following five Non-Core Competencies: Finance Management, Human Resources and Organization Management, Information Technology and Communication Management, Quality and Performance Management and Benchmarking, and Major Research. This will lead to the knowledge necessary to be an outstanding Property & Facility Management surveyor.

## The Quantity Surveyor

Quantity Surveyors are professionals who have been trained as construction cost consultants. They possess expert knowledge of costs, values, finance, contractual arrangements and legal matters pertaining to the construction field.

Quantity Surveyors provide appropriate services to suit diverse needs and the majority of their employers or clients include professional quantity surveying firms, private developers, corporations, Government departments and related bodies, building and civil engineering contractors, insurance companies etc.

Quantity Surveyors are equipped to provide advice concerning various disciplines ranging from building construction, and civil and structural engineering, to petro-chemical installations and mineral extraction.

### Preliminary Cost Advice

From the outset, Quantity Surveyors give practical advice on the likely cost of a project. Cost studies and advice including, but not limited to, alternative design solutions, structural forms, choice of materials, construction sequences and maintenance costs are also prepared. From such information, a detailed cost plan is developed for budgetary control.

### Cost Planning

Cost planning is a specialist technique developed by Quantity Surveyors. Its aim is to help all members of the design team – architects, engineering consultants, interior design specialists and the like – to jointly maximize practical and aesthetic design solutions for a project whilst keeping within the Client's budget.

Once a cost plan is prepared, and a realistic estimate agreed, effective cost planning ensures that everything that follows is in accord with the plan, from the acceptance of the successful contractor's tender to the final project cost.

In planning construction costs, maintenance and running costs are borne in mind, thus helping to achieve a project that is cost effective throughout its life.

### Cost Control & Financial Management

Cost control is one of the most important processes in any capital project. The basic objectives are to achieve for the client the best value for money, to maintain the required balance of expenditure between the various parts of the project, and to keep the final expenditure within the client's approved budget.

When clients, or their consultants, decide to effect changes to the designs and introduce variations, Quantity Surveyors rapidly assess and report the cost implications of the changes.

In principle, cost control consists of three basic steps; namely:

- establishing an overall cost target,
- checking any deviations that affect the cost target, and
- taking such remedial action as is necessary to preserve the target.

In practice, the process of cost control embraces a range of professional activities such as cost analyses of earlier projects, cost planning/estimating, cost studies of alternative construction options, cost checking during the design stage, cost reconciliation during the tendering stage, and cost monitoring during the construction stage.

Cost planning facilitates improved economic standards, and so better value for money, during the design stage, whilst constant monitoring during the construction phase ensures that the risk of overspending is identified early so that prompt corrective action may be taken.

Cost estimates and financial reports, which are regularly produced by Quantity Surveyors, form an important aspect of the financial management of capital projects. Periodic financial reports enable clients to anticipate and control their future financial commitments.

## Value Management

Value management is a systematic approach to eliminate waste from a design or client's brief, while at the same time retaining the safety and key functions of the project.

The objective of value management is to provide the project functions to the required standard and quality having regard to the best value for the money expended. This does not necessarily mean at the lowest initial cost, but the highest value considering all factors impacting upon the project as a whole.

Quantity Surveyors are well qualified to lead value management studies on a project. The structured nature of value management permits the project team to obtain a clearer understanding of the project functions and objectives hence being able to reduce unnecessary costs. Value management also addresses the whole life implications of the building design both in terms of cost and the client's business objectives.

## Procurement Methods

Quantity Surveyors have the expertise, knowledge and tools required in the selection of the "right" contractors and suppliers for any given project.

No two projects are the same. Most major projects (and many smaller ones) are individual challenges and need individual solutions.

The most common method of procurement is through competitive tendering based on a variety of forms of contract and options. The bills of quantities prepared by Quantity Surveyors have been used world-wide as the basis of tendering for many decades. During construction, bills of quantities also form a crucial element in effective cost control as well as the basis for the valuation of variations.

On occasions, the situation may warrant other forms of tendering and contractual arrangements. These

include design and build, guaranteed maximum price, construction management, prime cost contract and cost plus, to name just a few. Quantity Surveyors provide advice on the best choice of contractual arrangement to suit the circumstances of each individual project.

## Tendering

Competitive tendering of one kind or another remains the usual basis for awarding construction contracts, and bills of quantities are fundamental to this process. Bills of quantities translate the drawings, plans and specifications produced by the designer into a document that enables a contractor to calculate his tender price fairly and accurately, on exactly the same basis as his competitors.

## Valuation of Construction Works

In most construction contracts, the contractor is paid monthly. Quantity Surveyors prepare interim valuations of the work carried out on the project at regular intervals and submit recommendations for payment.

Quantity Surveyors are normally retained throughout and beyond the completion of the project in order to facilitate the settlement of the accounts, when all necessary adjustments are dealt with. If required, they will also prepare any analyses of the final account that may be required, prepare statements of expenditure for tax or accountancy purposes, and assess the project's replacement value for insurance.

## Financial Claims & Programme Analysis

Quantity surveyors also prepare, and provide specialist advice and responses to, claims, counterclaims and the like, for both time and money, including:

- extension of time analysis: forensic analysis and delay demonstration techniques;
- delay and disruption: time slicing, project analysis and productivity analysis; and
- direct loss and/or expense: preparation of claims, responses to claims, auditing and analysis.

## Dispute Resolution

If disputes arise, Quantity Surveyors offer the following expertise and technical knowledge:

- independent appraisal of the strengths and weaknesses of an employer's and/or a contractor's case concerning quantum;
- technical advice and assistance throughout the dispute resolution process;
- preparation of particularized documents including technical position papers, assistance with pleadings, further and better particulars and witness statements; and
- when suitably experienced, to act as expert witnesses for quantum or other associated specialist areas.

## Insurance Advice

Quantity Surveyors may choose to pursue their career in the field of construction insurance. The construction insurance professionals work in a variety of capacities in different organizations; examples of which include:

- insurance administration personnel working for contractors/developers/consultants/public entities/Government/insurers/or other employers;
- loss adjusters for loss adjusting firms on behalf of the insurers;
- underwriting personnel for insurance brokers/insurers; and
- risk assessment personnel for insurance broker/insurers.

# Junior Organization

The Junior Organization (JO) is a section of the Hong Kong Institute of Surveyors representing the interests of more than 3,500 members – comprising student members, probationers and young qualified members of all divisions – the power of the surveying profession in future.

A JO representative, usually the Chairman of JO, sits on the General Council and Executive Committee of the Institute and JO representatives are nominated to various Divisions, Boards, Panels, Committees and Working Groups of the Institute in order to express the views from JO members' perspective.

JO also holds CPD and PQSL events to provide opportunities for our members to learn from outstanding personalities of the industry, academic or government and also help student members to tackle the Assessment of Professional Competence (APC). It organises and participates in various social events such as leadership training, sports competition, dragon boat competition, volunteering services, fund raising campaigns, annual dinner and wine tasting training. Apart from the traditional events, it continues to create new themes for members such as goodwill visits to the Mainland and other professional institutions, these are introduced to provide an excellent opportunity for JO members to train their presentation skills and learn from celebrities within our society.

Beyond the Institute, JO encourages young members to participate in different kinds of activities. For example, JO members are actively involved in the annual Education & Careers Expo and HK Real Estates Service Expo in Mainland, which are organized by the Hong Kong Trade and Development Council, with senior members appointed by the General Council and Divisions. Furthermore, educational visits to universities and promotional visits to colleges and schools have been organised to communicate with undergraduates of universities and to promote the surveying profession respectively.

## Office Bearers 執行理事

### President 會長

**CHEUNG Tat Tong 張達棠** BSc(QS)(Hons), MSc(Arch), FHKIS, FRICS, RPS(QS),  
Accredited Mediator

Director, Aria & Associates Ltd  
President 2004-2005  
Adjunct Professor, Department of Real Estate and  
Construction, University of Hong Kong  
Senior Vice President 2003-2004  
Junior Vice President 2002-2003  
Honorary Treasurer 2000-2002  
Chairman of QSD 1998-2000

General Council member since 1994  
Chairman of Junior Organization 1990-1991  
Chairman of SRB 2003-2004  
Vice Chairman of SRB 2002-2003  
Member of SRB 1998-2002

### Senior Vice President 高級副會長

**WONG Chung Hang 黃仲衡** FHKIS, FRICS, MCIArb, MBCS

Chief Land Surveyor, Highways Department, HKSARG  
Senior Vice President 2004-2005  
Vice President 2003-2004  
General Council Member since 1999-2002, 2003-2005  
Chairman of Land Surveying Division 1999-2002  
Honorary Secretary of Land Surveying Division 1994-1996  
Council member of Land Surveying Division 1989-1992, 1996-1997

### Vice President 副會長

**CHAN Yuk Ming, Raymond 陳旭明** FHKIS, FRICS, MCIArb, MCIOB, FBEng, RPS(BS), AP

Managing Director, Raymond Chan Surveyors Ltd  
Vice President 2004-2005  
Chairman of Building Surveying Division 2001-2004  
General Council Member 2001-2004  
Member of Mainland Committee 2001-2003  
Member of Surveyors Registration Board 2002-2004

### Honorary Secretary 義務秘書

**LEUNG Lap Ki, Francis 梁立基** MSc (Distinction), FHKIS, MRICS, ACIArb,  
Accredited Mediator

Senior Quantity Surveyor, Architectural Services Department HKSARG  
Honorary Secretary 2004-2006  
Honorary Editor 2004-2006  
Chairman of Quantity Surveying Division 2001-2002  
Vice Chairman of Quantity Surveying Division 2000-2001

### Honorary Treasurer 義務司庫

**LAM Li Wah 林利華** BSc(Hon) in Surveying and Mapping Science, FHKIS, FRICS

Chief Land Surveyor (Acting), Lands Department HKSARG  
Chairman of Finance Committee 2004-2005  
Chairman of Members Welfare Committee 2004-2006  
Chairman of Land Surveying Division 2002-2004  
Vice Chairman of Land Surveying Division 1999-2002  
Member of Board of Professional Development 2003-2005

# President's Report

## Building Our Community Contributing Our Professionalism

My president year was very vibrant. It began with the witness of the most unforgettable SE Asia tsunami disaster in late 2004. The resignation of Mr Tung from the Chief Executive of HKSAR in March was unprecedented. I still recalled the good time of the election campaigns for the new Chief Executive when most of the Hong Kong citizens seemed to have high hope on the election of Mr Donald Tsang. We witnessed an improvement in efficiency of the SAR government under his leadership. We were very keen to work with the new governance on a number of issues where surveyors could contribute to the society. For example, the West Kowloon Cultural Development project, the harbour enhancement, the planning of the Lantau Island and the Kai Tak area, the land application list, urban renewal and the mandatory building inspection scheme, just to name a few.

While we are busy working for the betterment of Hong Kong, I have found Hong Kong is becoming more divisive. It is sad to see that while the economy is beginning to pick up, some politicians cannot wait to push ahead the constitutional reform under their "democratic propaganda" the way of which I cannot submit to. Most professionals are politically apathetic. What they want are stability and predictability.

As a responsible professional body, we are trying our best in offering our professional views in the areas of our expertise to help the general citizens to understand the issues in debate and provide our analysis before they make their own judgment. Similarly, we are continuously monitoring the performance of the relevant government departments to ensure that they perform with the most transparent operation possible. I sincerely hope that everyone in Hong Kong would spend more effort in improving our built environment for our health and for our children.

In my president address delivered at the last AGM, I have highlighted the following areas that my Council would address:

- To improve communication with members
- To strengthen divisional autonomy
- To broaden membership base
- To improve advocacy of surveyors
- International and mainland development
- Professional development
- Members' welfare
- To reform the HKIS Administrative Office
- To review the HKIS/RICS relation
- To nurture the Juniors
- To review the governance of the Institute

I am proud to report that your Council has addressed almost all the above issues within the very short one year of our service. My term as president would end with another major event in Hong Kong, the WTO's 6th Ministerial Conference. What does it bring to us? While we spend a lot of money to make it work and the immediate return is a threat of terrorism and loss of business. It certainly does no good to the already fragile local economy. Whether it is a wise decision to host the conference at this time of the year in Hong Kong is yet to be confirmed.

## Internal Affair

### Council meetings held

The Council members were very dedicated and worked harmoniously throughout the year. There were a total of 19 Executive Committee meetings held during the year. The three Board Chairmen attended 7 EC meetings which focused on matters related to the Board issues. This has greatly improved the efficiency of the Council. I am also pleased to report that the attendance rate of Council members were remarkably high with 4 members attained a record of 100%. They are Lam Li Wah, Yu Kam Hung, Wong Bay and myself. 4 General Council meetings were held in the year to transact the businesses of the Institute. 13 out of 25 GC Councillors recorded a 100% attendance.

### EGMs held and Resolutions carried

4 Extra-ordinary General Meetings (EGMs) were held in the year. The EGM for the formation of the Property and Facility Management Division (PFMD) was held on 18 April 2005. The meeting was adjourned due to insufficient quorum. The adjourned EGM was re-convened on 18 May 2005. The resolution for the formation of the PFM Division was supported by members. In accordance with the constitution and by-laws, the PFM Division was formally formed within HKIS.

The EGM held on 27 September 2005 was with 7 proposed resolutions. Resolutions 1 to 7 were related to changes of the constitutions & by-laws which affected membership and required 75% affirmative votes from members presence or proxied in order to be carried. It would allow direct membership and direct fellowship routes to HKIS membership, if approved. The other resolutions were in an attempt to straighten out the defects in the admission of Technical grade members and to install a mechanism for the Council to suggest appropriate fee structures for different types of membership. Resolutions 1 to 7 required a quorum of 100 in order to convene the meeting. Since there was insufficient quorum, the meeting was adjourned. However, Resolutions 8 and 9 were not related to membership and required only 30 members to present to form as quorum. There was sufficient quorum for the meeting and the EGM was convened to move the 2 motions. The 2 resolutions were all carried.

The adjourned EGM was re-convened on 27 October 2005. The proposed resolutions for direct membership received approximately 50% of supporting votes and did not meet with the required 75% affirmative votes and therefore were not carried.

Although the motions were defeated, it was not bad to see that the support for the motions was increased to 50% compared with the 10% two years ago. While without lowering our professional standard, expanding our membership base is of paramount importance to the sustainability of HKIS. The direct membership routes would allow us to bring in high calibre members already working in the field. I trust the incoming Council would re-package the proposed resolutions and do more lobbying to get members' support for this important move initiated by the Institute.

### Membership Growth

As at 9 December 2005, the total membership of the Institute is 6,534, with a modest growth of 3.24% over the last year. There are 4 Hon Fellows, 449 Fellows, 3,491 Members, 38 Technical Associates, 1 Technical Trainee, 2,390 Probationers and 161 Students. It is noted that there is a net increase of

198 Corporate Members, representing an increase of 5.3% over the last year. The membership growth of Technical grades is not satisfactory with only 39 members in total. More marketing of technical grade membership should be done in the coming year to broaden our membership base.

### **Review on nomination and reporting system**

The SVP, C H Wong, was tasked with the job of reviewing the nomination system of members to external bodies and to devise a reporting system. With the new system in place, we now have proper record and procedures for nominations and reporting. One of the assets of being members of the Institute is to have access to information that our representatives received from their external representations. The new system will ensure that our representatives bring back to Council the information that they have received on behalf of the Institute and the Council would be able to assist the member representatives to reflect the Institute's views properly.

### **Re-structuring of the Administrative Office**

The previous Council has appointed a management consultant to look into the many aspects of our Institute and have made a number of recommendations to improve the efficiency and effectiveness of our existing set up. The Administrative Office is now being re-formed, with the right re-allocation of resources and the addition of new staff, and gradually turned into a well structured and professionally run secretariat to serve the Councils and members. Over the year, we have recruited 3 additional staff, 1 Assistant Manager for administrative services, 1 Information Management Manager and 1 Research Assistant. We regret to see the departure of the Secretary General after 7 years service. We learn that he is now settling well back into his professional career. The current Council members have continuously communicated with the staff and as a result, the morale of the staff is getting higher over the year. They now understand what are the objectives set and also appreciate the voluntary services that the Council members have put in, and in turn, they work closer with us to deliver a good result in the year.

### **Communication with members**

I have said in many of my speeches that there is a need to ensure a better, efficient and direct communication between members and the Institute. We have upgraded the webmail system lately and also seek members' consent to allow us to communicate with them via their preferred email addresses. With the recruitment of the Information Management Manager, we are planning to embark a complete revamp to our website and hope that not long in the future we are able to communicate with members on the website. More importantly, we can poll members' views on the website to ensure that what we are doing is truly representing the wish of our members.

During the term, your Council has taken the initiatives to meet different members' group each month to exchange our views on a face-to-face basis. We have met 9 groups of members over the year, both in Beijing and in Hong Kong. The monthly members' happy hours on the last Friday of each month from May 2005 onwards provide a good occasion for members to meet and chat. The Council has organized 11 members' forums to solicit members' views on topical subjects, for both internal and external matters.

### **Disciplinary cases**

The Council has commissioned 4 Preliminary Review Committees (PRC) to look into 4 complaint cases. Two cases were found not established. Two cases were recommended by the PRC for further investigations. One case was discharged and the other case was recommended to go for trial.

The Council received 4 reports from the Committees of Investigation (CI) in this term, two of which were commissioned by the previous Council. Two cases were subsequently discharged upon recommendation of the CIs whereas two cases went on to Disciplinary Board for trial.

The Council appointed 4 Disciplinary Boards (DB) this year to trial 4 members. Two cases were recommended by the CIs commissioned by the previous Council. Out of the 4 cases, 3 subject complaints were sentenced. The fourth case is now awaiting the Disciplinary Board's decision.

In view of the rather long disciplinary procedures in the past, the Council has deliberated the issue and considered that it was no good for both the subject of inquiry and the Institute. The Council agreed on setting a guideline on the time for response as below:

- (1) Preliminary Review Committee : Recommendation to be submitted to Council within 30 days from the date of their appointment;
- (2) Committee of Investigation : Recommendation to be submitted to Council within 60 days from the date of their appointment; and
- (3) Disciplinary Board : Recommendation to be submitted to Council within 90 days from the date of their appointment.

### Surveyors' Lunches

3 surveyors' lunches were organized in the year. The guest speakers were (1) David Lane on the subject of PPP/PFI services in Hong Kong and the UK; (2) Teresa Cheng, SC speaking on the roles of surveyors in dispute resolution mechanism; and (3) the Hon Selina Chow sharing with us her views on the relation between politics and the professional.

### Opening of new library

The new library was officially opened on 21 April 2005, celebrating the 21<sup>st</sup> anniversary of the Institute. It is now equipped with 3 computers for members to check mails and surf on websites. The conversion also enables us to have more space for the Administrative Office, to free the staff from working in a congested work space as before. A President Room is also created to enable the President and other executives to host visitors and to meet with the media, thereby improving the image of the Institute. The library also becomes the venue for the monthly members' happy hours on the last Friday of each month, when members get together to chat and enjoy free wine and snacks. The Council is working on a library system to store the information received and be usable to members. It is hope that we will have our HKIS e-libray system in the near future.

### HKIS Annual Dinner 2005

The Annual Dinner was successfully held on 14 November 2005 at the Grand Hyatt Hotel. We have the great pleasure of the presence of the Chief Executive, the Hon Donald Tsang, as our Guest of Honour. The presence of the CE has greatly boosted the social status of surveyors in town with his public recognition of the Institute as close partner of the government.

### New HKIS corporate video

The Council approved the production of a new HKIS corporate video as the old one was no longer reflecting the current structure and works of the Institute and the surveying services. The new video was shown to the CE and many other guests at the Annual Dinner and received very good comment.

## Members' Welfare

At the beginning of the Council year, we entrusted the Hon Treasurer to head the Members' Welfare Committee looking at providing general welfare to our members. We have produced our first HKIS membership card, contracted with a number of merchandizers to offer attractive discounts on their products to our members. Members may like to refer to the details published in the Surveyors Times or to find out more on the HKIS website.

## Supporting the Junior Organization

The Council has approved the proposal from the JO council to raise the age limit of JO members from 35 to 40 to be in line with the general benchmark in Hong Kong. We trust that the support will enable the JO to attract more capable members to serve their council. The Council has approved to fund an executive training programme for members recommended by the JO Council. As I have mentioned in my new president address last December that the JO is an important resource and the only cross-discipline set-up within the Institute that has a clear mission to help young members to develop in the profession and contribute to the Institute in its various functions and activities. The Council believed that a proper investment in the development of the JO for the nurturing of future leaders is important. The training programme will enable them to facilitate their growth to serve the Institute and the society in the future.

## External Affairs

### Appointment of members to external bodies

The Council has made 56 appointments of members to various government bureaux and departments, education and training institutions, community and volunteer services organizations, real estate services related organizations and some international organizations in the year.

### Appointment of arbitrators and independent valuers

The Council has made 6 appointments of an arbitrator jointly with the HKIA and 19 appointments of an independent valuer at the request of the disputing parties.

### Submission of surveyors' views to the government

The Council has submitted 29 papers to the Government throughout the year to offer surveyors' views. These submissions covered surveyors' expertise in planning (Lantau concept plan and Kai Tak), building maintenance and management, West Kowloon Cultural Development project, provisions under the Land Registration Ordinance for determination of land boundaries, revision of the code of practice issued under the Land Survey Ordinance (Cap 473), Land (Compulsory Sale for Redevelopment) Ordinance (Cap 545), constitutional reform and CEPAll, and alike. The submissions received serious attention from the government in particular our views on WKCD, building maintenance, land resumption and matters related to the land survey ordinance.

### Meeting with government departments and policy makers

During the Council year, we have met the government departments and policy makers on 29 occasions, both in Hong Kong and in Beijing, to express our views directly.

I have personally met the then Acting CE, Hon Donald Tsang on 13 May 2005 and the CS, Hon Rafael Hui, on 19 August 2005. I have also maintained constant dialogues with our Legco representative, the

Hon Patrick Lau, to ensure that surveyors' views are properly reflected in the Legco. During the term, I have met the following politicians to introduce to them the expertise of surveyors:

- |   |  |
|---|--|
| (a) Ir Dr Hon Raymond Ho, JP;   | (e) Hon Kwong Chi Kin & Hon Li Fung Ying, BBS, JP; |
| (b) Hon Abraham Razack, JP;   | (f) Hon Chan Yuen Han, JP;                         |
| (c) Hon Mrs Selina Chow, GBS, JP;   | (g) Hon Lau Kin Yee, GBS, JP;                      |
| (d) 45 <sup>th</sup> Concern Group (Hon Alan Leong, SC, Hon Audrey Eu, SC); | (h) Hon Emily Lau, JP;                             |
|   | (i) Hon Timothy Fok, GBS, JP.                      |

## Advocacy

The Institute has been more proactive in advocacy this year, in particular in the following areas: (a) Land disposal system, land application list, land premium and property market review; (b) Comments on WKCD projects with respect to the use of PPP, construction cost and tendering strategy; (c) Proper building maintenance; (d) on the launching of professional standards and (e) HKIS Property Marketing Award.

## Visits by counterparts

The Council and divisional councils received 19 delegations from all over the world in the year. The visits not only recognize the professional status of the Institute but also allowed our members to make friends with counterparts in the world.

## Agreements signed during the year

We have executed 6 agreements in this council year.

The greatest achievement is the signing of the Reciprocity Agreement with our QS counterpart, the China Engineering Cost Association (CECA) in Beijing on 24 May 2005. We will soon have some 200 mainland members to join us on top of the 100 CIREA members who joined last year. Similarly some 200 QS members will get the CECA qualification in China soon.

Another important document that we have executed was the Memorandum of Mutual Recognition of Membership (MMRM) with the RICS on 14 November 2005. With the globalization manifesto of the RICS, the two Institutes are operating under different structures and have caused concerns to our members in particular the return of the RICS in Hong Kong conducting competing activities with the Institute. The relationship with RICS was carefully deliberated in many occasions in various councils and also at open forums with members. The MMRM executed carefully defined the relationship between the two institutes and installed a system to ensure that there is no back door route of any chance takers.

The Memorandum of Understanding on the Formation of Business Valuation Forum signed between the HKIS, the HK Society of Financial Analysts and the RICS Hong Kong on 3 October 2005 has enabled surveyors to better equipped in the areas of business valuation.

## The Surveyors' Alliance Asia

Since the formation of the SAA last year, the Executive Council of SAA has established and met twice to formulate the action plans for the 3 founding institutes.

## Joint institutes' activities

We have maintained close partnership with other local professional bodies via the Coalition of

Professional Services Ltd. The representatives get together each month to exchange and share the experience of matters of common interests.

The presidents of HKIA, HKIS, HKIP, HKILA and HKIS have regular dinner meetings hosted in turn to discuss matters of common concerns. Institutional leaders are closely communicated.

The five institutions have a number of joint activities organized in this year:

- (a) Joint donation to the Red Cross for SE Asia tsunami victims on 12 Jan 05
- (b) Joint forum on the development of the WKCD project on 29 Jan 05
- (c) Joint meetings with Acting CE on 13 May 05
- (d) Joint meetings with CS on 19 Aug 05
- (e) Joint submission to CE on fee tendering
- (f) Joint meetings with Hon Frederick Ma on fee tendering on 21 Nov 05
- (g) Joint institutes' conference on 22 Nov 05 (chaired by HKIS this year)
- (h) Quality Building Award 2006 (chaired by HKIS this year)
- (i) Social programme : "My Heart My Home – 18 Districts Best Loveable Sights" jointly with the 18 District Councils. (chaired by HKIA)

## Professional Development

38

### CPDs organized for the year

A total of 77 events were organized by the Council and divisional councils this year, giving a wide variety of choice for members.

### International and local conference

The Institute has sponsored delegates to attend 20 international conferences and meetings in the year. The International Property Valuation Conference held in Xian on 16-18 October 2005 was the first joint initiatives between FIG Commission 9, CIREA and HKIS (GPD). The 4<sup>th</sup> Beijing-Hong Kong-Macau Geomatic Conference held in Macau on 7-9 September was another joint effort of the land surveying experts of HK, Beijing and Macau. The organization and participation of these conference not only enable the Institute to maintain a good international profile but also re-confirmed HKIS's role as the bridge between mainland counterpart and the rest of the world.

The Institute has also organized, co-organized and sponsored delegates to attend 20 local conferences and workshops. Members are benefited from the conferences on the following subject in this year include (a) PPP; (b) Value Management; (c) Licensing and (d) Building maintenance and urban renewal.

### Research and publication

The Institute has sponsored 4 research projects recommended by the Research Committee. 2 were GP-related and the other 2 were QS specific. The research papers are available in HKIS library. The Institute has successfully applied for 2 research projects under the government PSDAS fund in the year. Both projects were from the initiative of the QSD council.

- (a) "Enhancement of Construction Value Management: Professionalism for the New Generation".  
Research head: Dr Leung Mei Yung of City University of Hong Kong.

- (b) "Promotion of Best Professional Practices for Public Private Partnerships Projects". Research head: Dr Paul Ho of City University of Hong Kong.

The Institute has been able to enjoy the funding support from the government through the PSDAS scheme. We have in the past applied for other research on GP related subjects. I encourage the other divisions to make effort in conducting more research in their specialties in the future. The Institute has launched a number of important publications and standards in the year. The launching of these publications has set local industry standard for good practices. These include (a) Business valuation standard; (b) Valuation standards on properties; (c) Guidance notes on valuation of properties for mortgage purpose (2<sup>nd</sup> edition); (d) Standard Form of Building Contracts 2005 (jointly with HKIA and HKICM); and (e) Standard method of measurement of building works (4<sup>th</sup> edition) (jointly with HKCA and other E&M institutes). The Board of Education has completed the ATC Guides and Procedures. It is hoped that we can admit more technical grade members in the future with the ATC system now in place.

I have repeatedly requested members and universities to produce more textbooks on local practices so that our young members are able to benefit from the experience of the senior surveyors. We have seen a few new books, mostly GP related, launched this year. I sincerely hope to see more publications in the future.

## Education

The Council has taken the liberty to visit the 3 local universities in the year to understand their current emphasis on education and to exchange views on industry expectation on their graduates. We have also discussed areas of collaboration such as joint research under PSDAS or HKIS funding, publication of textbooks and the sponsorship of prizes for outstanding students. The response from the universities was very positive.

The Institute has accredited 2 local surveying courses during the year. A delegation led by Professor Barnabas Chung and members of the Board of Education paid a visit to our Australian counterparts last summer, to learn and exchange experience in the area of education.

## Social Development

While we are busy in the many aspects of our profession, we have not neglected the importance of a well-balanced lift of our members. Starting from May 2005, we have organized the monthly members' happy hours on the last Friday of each month in the HKIS library. Besides providing an opportunity for members to meet and chat with free wine and snacks, we have arranged wine tasting, toast master presentation, introduction of golf etiquette, etc.

We have inaugurated the HKIS Golf Society to provide more specific services to our golfers. Two tournaments were organized in the year, one in the Mission Hills on 25 January 2005 and the other in Kau Sai Chau, Sai Kung on 1 November 2005. The Institute has contracted with the HK Jockey Club for places at the Club and Association Box at both the Shatin and Happy Valley. Members may enjoy these ideal venues for business entertainment and leisure on the racing nights at competitive rates. The JO has been very energetic this year under the leadership of their chairman, Lesly Lam. The JO dragon boat teams won two trophies in the Stanley Dragon Boat races on 11 June 2005, namely 華籍男子乙組盃賽第 6 名 and 女子組碟賽第 4 名. We have participated in the "All Professionals Cup 專業超霸盃" soccer competition organized by the HK Coalition of Professional Services on 28 August 2005 at the Stanley Ho

Sports Centre, Sandy Bay. The JO has arranged a joint badminton function with the Chartered Institute of Building (Hong Kong) on 23 October 2005. These functions revealed that we have a lot of talented young members. The JO has also arranged wine tasting and a poolside party during the year for members of all ages and the students currently studying in the universities. Through these functions, we hope we can reach the younger generation so that they feel that they are part of the big family. It is only with this unflinching job commitment, we are able to build a solid base for the future of our profession.

## Conclusion

With the support of the dedicated Council, I am able to achieve a number of milestones in the very short period of my presidency. I am truly indebted to them and in particular to the following members:

Francis Leung – besides taking care of the monthly magazine of improving both standard and quality, he has devoted a lot of his time to preparing the 4 EGMs during the year. He has also handled 12 disciplinary cases and as my advisor on a number of occasions in the year. Thank you very much Francis.

Lam Li Wah – besides taking care of the financial side of the Institute, Lam has established a well-organized Finance Committee structure within the HKIS. This is an important move as we are unable to rely too much on a single person when the Institute is growing big. A more corporate structure is required. Members would surely agree with me that the Welfare Committee has done a great job under Lam's leadership bearing in mind that the Committee is a new set up and therefore not an easy task to be entrusted.

Yu Kam Hung and Paul Ho for their effort in supporting my advocacy of raising the profile of surveyors. The result of which is undeniable.

Barnabas Chung – for his unflinching trust and support in me, not just in my president year but also in the past years leading to my presidency.

## Ways forward

- To improve the communication with members and in particular how to reach the majority silence;
- To devise a more structured approach to market the professional services of surveyors;
- To broaden the membership base by recruiting more technical grade members and to re-launch the direct membership scheme for members' endorsement;
- To devise a more structured approach for the advocacy of surveyors and to institutionalize the meetings with senior government officials for better recognition of the professional status of the Institute;
- To set up an information management system to properly manage the information of the Institute which is the greatest assets to the general members;
- To decide the market positioning of the Institute in the mainland and to devise a strategic plan to move ahead;
- To review on the governance of the Institute to ensure a good succession plan is installed. The current rotation-system for presidencies amongst divisions and the ways of divisional council members to be elected shall be carefully reviewed; and
- To spend proper resources in training for future leaders, both in the Institute and in Hong Kong.

I would like to express again my utmost gratitude to all Council members for their support and trust in me throughout the year. I am also grateful to a number of members, young and old, for their continuous support and advice during my term of presidency, to which I am truly indebted. Lastly, I cannot miss out to take this opportunity to thank you for my beloved wife, Margarita, for her understanding and unfailing support in this critical year.

I trust you would not receive any more mails from me in the middle of the night as I have done so in the past. It is time for me to step down from this post of heavy commitment and to re-schedule my life pattern for further advancement. I wish you all the best in the years to come.

TT Cheung  
President  
2004/2005

## 會長報告

### 建設社會為己任 專業精神匯社群

我當會長這一年是充滿了動感及允許測量師參與的一年。從令人難忘的南亞海嘯到選舉特區新的特首，西九或強制驗樓等，香港每天都在變。對一向政治冷感的專業人員來說，我們所希望見到的是社會穩定和可預測性。但在某些民主力量積極爭取之餘，我們不幸地看見香港正在分化。作為一個專業團體，學會一直參與社會事務，不單向政府有關部門提供專業意見和監察，亦希望從而幫助改善市民大的生活環境及質素。我現在欣然彙報我就任時所提出了的重點工作大部分都已經完成。

### 內部事務

執行委員會一共舉行 19 次內部會議，而其中 7 次是三個委員會主席一起列席的。理事會一共開會 4 次。處理超過 1,000 個學會事務；本年度召開了 4 次會員特別大會。5 月 18 日的會員特別大會通過了成立「物業設施管理組」的動議。9 月 27 日的會員特別大會提出了 9 項動議。按法定與會人數通過第八及第九項。10 月 27 日的會員特別大會再次提出關於擴大會員人數動議，但不獲通過；截至 12 月 9 日會員人數是 6,534，比去年增加了 3.24 個百分點。而正式會員則增加了 198 人，同往年比較多了 5.3 個百分點。但在技術級會員的增長上祇錄得 39 人，成績未如理想；今年理事會一共聆聽了 12 個有關紀律的案件，而各個事件均在不同的階段得到處理。此外，理事會更通過了處理不同階段紀律事宜的時間承諾；會員間的溝通：今年以來，我一直強調會員間溝通的重要性。學會已更新電郵系統及即將換代的網頁將令人耳目一新，而且樂於利用這個簡便快捷的通訊方法。除這之外，理事會九次出訪位于不同地域或工作單位的會員，聆聽他們的意見；此外，我們每月杪的歡樂時光聚會，及 11 次的課題論壇都一一讓我們聽取到會員的需要及意見；

- 委任對外事務代表機制；
- 重組秘書處；
- 舉行了 3 次測量師中午聚餐。主講嘉賓均為各界翹楚；
- 新圖書館啟用；
- 重新製作香港測量師學會短片；
- 開拓會員福利。推出學會的第一張會員卡，又與個別機構合作給予會員一系列購物優惠；
- 培育青年組；
- 於 11 月 14 日在君悅酒店成功舉行 2005 年周年晚宴、特首曾蔭權先生以嘉賓身份列席。

## 對外事務

- 推舉了 56 位會員以學會代表身份參與各類對外事務；
- 委任了 6 位仲裁員及 19 位獨立估值員；
- 就不同課題向特區政府作出了 29 次的諮詢回覆並得到了重視；
- 就不同課題與政府部門及立法局議員會面 29 次；直接反映測量之聲；
- 接待了來自不同國家地區的代表團共 19 個；
- 本年度一共簽訂了 6 份協議和意向書。其中最重要的首推與中國建設工程造價管理協會在 5

月 24 日簽訂的互認協議；除此之外，11 月 14 日與英國皇家特許測量師學會所簽訂的會籍互認備忘錄和 10 月 3 日與香港財經分析師學會及英國皇家特許測量師學會香港分會所簽訂有關商業估值的備忘錄；

- 參加亞洲測量師聯盟執行委員會會議兩次；
- 跨學會活動 — 學會一直與其它專業學會及香港專業聯盟保持緊密工作關係並通過一系列活動探討、鞏固及提升本業的水平和社會地位。

## 持續專業發展

- 本年度一共提供了 77 項持續專業發展課程；
- 派代表出席了 20 個國際會議；
- 參與或舉辦了 20 個本地的會議和研討會；
- 撥款支持 4 個科研項目並同時成功申請特區政府兩項研究項目撥款；
- 出版了一系列專業標準、守則和指引；包括了商業及物業估值標準，建築標準合約和標準量

度法，為業界厘定統一的標準，更有效地減少爭拗和訴訟；

- 教育委員會完成制訂技術評核試指引及程序，提高吸納技術協佐會員的工作效率；
- 理事會造訪了本地 3 家大學，與有關學系展開探討測量本科內容與社會需求。

## 文康活動

本年度學會參與和開始了一系列文娛康樂活動，希望通過跨學會或跨測量專業範疇的聚會相互認識，建立和鞏固大家的友誼，為本業創造更好的社會條件。

## 結語

在理事會成員的大力支持下，我得以順利完成並達到工作目標；在此，我向他們致敬。我特別感謝梁立基、林利華、余錦雄、何學強及鍾鴻鈞教授，他們在不同領域的付出及支持令我將學會的成就帶到一個新的境界。

## 前瞻

- 優化並鼓勵會員間的溝通和會務參與；
- 更有效地推廣測量專業；
- 開拓會籍；
- 與政府部門加強溝通渠道及定期給予專業意見；
- 將學會所發表的文章和其它資訊有效率地向所有會員公布；
- 對內地市場作出定位和訂立推廣策略；
- 檢討學會管治模式及培育領導成員。

最後我必須要再三感謝理事會成員的鼎力支持，對於我家人無條件地並肩作戰我更是萬分感激。我將卸下會長的職責及重整我的日程，邁向人生的下一步；在此，我祝願各位身體健康，生活愉快。

張達棠  
會長  
2004/2005

# *Accounts and Financial Statements*

# Treasurer's Report

## For year ending 31 July 2005

As at 31 July 2005, the Institute recorded a closing balance of HK\$9,844,974 as shown in the Audit Accounts. A deficit of HK\$2,164,711 has been recorded as compared with the opening balance of HK\$12,009,685. The deficit was as expected in accordance with the budget and was mainly due to the following non-recurrent expenditure and reduction in the projected income.

Alteration works for the expansion of the Administration Office and the library	HK\$1,356,660
Replacement and enhancement of office equipment and computers	HK\$195,610
Consultancy Fee and contribution to Professional Services Development Assistance Scheme	HK\$206,000
Reduction in members entrance & subscription fee	HK\$412,098
Redemption of HKIS CPD Coupons	HK\$111,500

On the divisional and Junior Organization's accounts, there is a total of HK\$1,615,114 accumulated funds as follows:-

Building Surveying Division	HK\$144,777	Property and Facility Management Division	(HK\$2,495)
General Practice Division	HK\$287,761	Quantity Surveying Division	HK\$653,210
Land Surveying Division	HK\$37,289	Junior Organization	HK\$487,452
Planning and Development Division	HK\$7,120		

The Council has made every possible effort to control the recurrent expenses in printing, stationery, postage and courier services with some marginal savings of HK\$280,668. At the same time, the Council also explored opportunities to generate revenue from time to time. An increase of HK\$125,843 in the interest income has been recorded this year. Recent revision of the rate for advertisement in our Surveyors Times is another measure to generate income and to reduce the production cost. In the coming financial years, the anticipated major commitments which will affect our account would be:-

Projected cash flow in 2006 (advances) for the FIG Working Week 2007	HK\$0.32M
Anticipated increase of rental for the Administration Office and Surveyors Learning Centre in year 2007	HK\$2.27M

In general, I consider that the financial position of the Institute is healthy. But it is prudent to guard our reserve for meeting the possible future expenses and the continuous development of the Institute. Therefore, I propose to increase our annual subscriptions in year 2006. I would emphasize that we have not made any increase since 1998 and would like to urge you to give the proposal your support.

Finally, it is my pleasure to serve the Institute and its members as the Honorary Treasurer for the past year and I would like to record my thanks to every member of the General Council for their support and the hardworking staff of the Administration Office throughout the year.

L.W. LAM  
Honorary Treasurer  
2004/2005

*Divisional Council &  
JO Reports* 

To start with, I must express my sincere thanks to all divisional council members and the co-opt members for their support throughout the council year. We have done a lot of work and I am going to summarize those major ones for members' information.

## Mutual Recognition of Qualification with Supervision Engineers in Mainland

In order to have better understanding on the practices of building surveyors in HKSAR and supervision engineers in the Mainland, delegates from BSD and the China Association of Engineering Consultants (中國建設監理協會) (CAEC) had visited each other in March and April 2005. Both parties shared that mutual recognition between the two professionals was appropriate and feasible. CAEC had then completed their study report. In December 2005, we had submitted our draft on the framework and criteria of mutual

recognition to CAEC for further negotiation. Hopefully we could sign the mutual recognition agreement in 2006.

In August 2005, delegates from Shenzhen Association of Engineering Consultants visited us in order to know more about the building surveying practice.

## Proposal on Building Affairs Tribunal (BAT)

We formulated such proposal in mid 2004 and had met with the Housing, Planning and Lands Bureau (HPLB) several times in 2005 to exchange views. In general, they found the proposal constructive but uncertainties rested with legislative issues. The result of the consultation on Mandatory Building Inspection Scheme (MBIS) might have bearing as well.

Although the BAT proposal had come to general public's attention along with the consultation on MBIS, it was not our original intention to propose BAT as a supportive measure to the MBIS. We simply looked for an alternative mechanism to resolve building management and maintenance disputes in a more efficient and affordable manner. We had briefed HKIA, HKIE and HKIHL on our proposal and they were supportive. Depending on the nature of the dispute, building professionals of various institutes would be called upon to provide service. We would pursue the proposal irrespective of the result of the consultation on MBIS would be.

## Consultation Paper on Mandatory Building Inspection Scheme (MBIS)

In fact, we had taken an active role in discussing with the HPLB prior to the consultation. Upon the announcement of the consultation paper in October 2005, most BS members were annoyed because of being excluded from the “qualified inspector”. HKIS had therefore held a Press Conference on 25 October 2005 to voice our concern. We also took the opportunities to promulgate our estimate on the likely inspection cost and introduced the essences of the proposed BAT.

A working group was formed to organize discussion forum to solicit members’ views and formulate response to the consultation. We would closely monitor the development of such scheme and give appropriate response as necessary.

## WOBO Governors Meeting and Conference 2005

On behalf of HKIS, BSD hosted the WOBO Governors Meeting in November 2005. We had also organized a Conference titled “Design of Buildings Against Natural Disasters”, apart from visits to Shenzhen, Guangzhou and locally.

## BS Conference and CPD Events

BS Conference is an important annual event of our division. This year, our conference was on “Anatomy of Licensed Premises and Professional Practice”. It was successfully held on 15 October 2005 and received more than 200 delegates. Thanks to the organizing committee for their efforts.

Due to the low response rate of CPD events in early 2005, we had organized fewer CPD events to reduce the deficit. It might take time for members to get used to the new format in announcing CPD in the Surveyors Times.

## BSD APC Review Working Group

The growth rate of BS membership had been very low in recent years. We knew that the reasons were many folds and therefore set up a Working Group to review the APC rules and guides. Discussion forums would be convened later.

## Technical Membership

We had not formally started promoting the technical membership under BSD. However, we were negotiating with the Buildings Department on the possibility of including our technical associates as one of the acceptable qualifications for Technically Competent Person Grade 3 (T3). We were also working on the requirements for TAHKIS for enrolling APC for MHKIS under our division.

## Publications

BSD and QSD were in collaboration to prepare a new Standard Form of Maintenance Contract and Standard Specifications for Maintenance Works. The consultant for drafting the Maintenance Contract has been working hard and hopefully the contract would be available in 2006. The Working Group for the Standard Specifications has been drafting the tender brief.

We also formed a Publication Panel in mid 2005 to look into publication matters. Our mission was to publish guidance notes for members to enhance our professional status and layman guides for educating the public in connection with our practice.

## Mainland Activities

In the course of liaison work on the mutual recognition of qualification with CAEC, we also took the opportunities to promote our expertise in the Mainland. For instance, the Shanghai Construction Consultants Association (上海市建設工程諮詢行業協會) (SCCA) had indicated their intention to know more about our services.

Three senior BS members had delivered speeches/submissions at the "China Construction Project Management Forum 2005" organized by CAEC and SCCA at Shanghai in December. They had certainly promoted our project management expertise on new development, A&A, renovation and maintenance projects.

# General Practice Division

Yu Kam Hung

**T**ime flies. The Council has served the General Practice Division since our Annual General Meeting election on 21 November 2003 and our term of office expired in November 2005.

In the past two years, with your support, we have enjoyed a lot in our work. We truly believe that our concerted efforts have realized a number of goals that we set at the beginning. We also hope that we have already paved the way for the success of subsequent GPD Councils by laying a foundation with an established structure and operational traditions.

We have emphasized on **Concerns, Communications and Commitments**. In our Council, we have Council members, co-opted members forming different types of work groups and 16 different strategic panels. Altogether, we have more than 80 active members who have been continuously participating in various areas. We are pleased to share with you some of our achievements.

The Assessment of Professional Competence ("APC") continues to be the qualification regime for probationers. Similar to previous years, a workshop session has been organized to assist probationers in achieving the best results and to enhance the transparency of the assessment. Coping with the development of Business Valuation, we have introduced the same in the APC starting from 2005.

Following the publication of the Business Valuation Standard in August 2004, we have continued to work with other professional institutes in promoting and improving the Standard. A Memorandum of Understanding among the HKIS, the Royal Institution of Chartered Surveyors and the Hong Kong Society of Financial Analysts was signed in September 2005 to record the mutual understanding and agreement among the member institutes on the formation of the Hong Kong Business Valuation Forum. It is a recognition of our effort, and has gained support from the Securities and Futures Commission, The HK Stock Exchange and other relevant professional and government organisations.

Regarding the valuation standards, the new HKIS Valuation Standards on Properties and the Guidance Notes on Valuation of Properties for Mortgage Purpose (Second Edition) were in effect from January 2005 and July 2005 respectively. We expect these new tailor-made standards to be able to meet the latest requirements in respect of listing rules, accounting principles and investment analysis, and for us to keep pace with the rapid rate of change in the new era.

In response to the concern of the Hong Kong Stock Exchange and Securities and Futures Commission, we have introduced a list on "the Valuers for undertaking Valuations for Incorporation or Reference in Listing Particulars and Circulars, and Valuations in connection with Takeovers and Mergers", which shows the valuers suitably qualified for undertaking valuations relating to listing exercises. We expect the listing procedure can reinforce the regulations in respect of valuations published in IPO prospectuses, and strengthen the confidence of the public.

Regular communication has been kept with various Government Departments and quasi-governmental organisations such as the Urban Renewal Authority, Lands Department, Housing Department and

Rating and Valuation Department. As a gesture of the Institute's commitment to the community, we have been actively expressing our opinion on various government policies and ordinances from the viewpoint of general practice surveyors in the past years. The publication of our position paper on the Land (Compulsory Sale for Redevelopment) Ordinance in August 2005 is a good example.

We have made continuous efforts in promoting our profession to both the public and private sectors. Luncheon meetings with private developers, government departments and companies of other professions have been organized, and our profession has been introduced to some famous names including Lands, Planning, R&V, KCRC, MTRC, URA, HKICPA, Cheung Kong, SHK, Henderson, Hang Lung, Wharf, Heng Sang Bank, Deloitte, PriceWaterHouse, KPMG, Baker & McKenzie and Linklaters, etc.

Regarding mainland affairs, communication with the China Institute of Real Estate Appraisers (CIREA), the China Real Estate Valuer Association (CREVA) and the China Appraisal Society (CAS) has been regularly maintained. In October 2005, a conference jointly organized by the CIREA, the International Federation of Surveyors Commission 9: Valuation and Management of Real Estate (FIG Commission 9) and our Institute were held in Xian with success. Visits from the mainland institutes and exchange activities with government authorities and private real estate developers in the mainland have also been arranged.

In respect of international affairs, we have visited the Japan Association of Real Estate Appraisal in March. We have also participated in the Conference on International Valuation Standards held in Rio de Janeiro by the International Valuation Standards Committee.

Membership matters are always our concern. We are grateful to share that we have 57 newly-qualified GP Surveyors in 2005. To advance our professional development, we have arranged 12 CPD events on different topics. With the formation of the Property and Facility Management division, relevant members of GP division have been encouraged to join this newly-formed division in support of the long-term development of the Institute. The response was satisfactory.

Last but not the least, the yearly ceremony of HKIS Property Marketing Award was held on 6 December 2005. We have introduced this yearly campaign to recognize the outstanding performers in marketing new real estate developments, and it has attracted huge popularity from the press and the general public. The participants in the Awards were all of high quality, showing that private developers are becoming more customer-oriented in designing and marketing their property developments nowadays.

Before saying goodbye, in my position as Council Chairman, I would like to take this opportunity to thank all our Council members, co-opted members and Panel members for their enthusiasm and valuable contribution to the future of our industry. In particular, special thanks are sincerely sent to six of them for their outstanding performance which has consistently been accomplished throughout the two years' term.

Simon Wang – Further innovation in Assessment of Professional Competence

Sapphire Lo – Our Hon Secretary

Ronald Cheung – the great success on the yearly "HKIS Property Marketing Award"

CK Lau – Continuous contributions to the Government Practices and Local Affairs

Lawrence Pang – First Draft of our Property Valuation Standards

Joseph Ho – First Draft of our Business Valuation Standards

# Land Surveying Division

Dominic Siu

This is certainly one of the busiest years of LSD. I am really amazed at the huge amount of tasks that LSD council has accomplished since I took up the job a year ago. I must give my heartfelt thanks to all council members who have supported me throughout my term as Chairman, particularly, Kwok Chi-wo, Vice-Chairman; Rina Tsoi, Hon Secretary; Victor Ng, Hon Treasurer and the chairmen and members of the various Committees and Working Groups. Their concerted efforts have successfully helped to accomplish so much within this council year.

## International Affairs

### FIG Working Week 2005 in Cairo, Egypt

There were altogether 8 HKIS members participating in the FIG Working Week in Cairo. Our President TT Cheung together with T N Wong (Vice President of FIG), Stephen Yip (FIG Commission 9 Chairman) and myself had a lengthy discussion with Prof Ing Holger Magel (President of FIG) on HKIS's application on 21 April 2005. Both parties agreed that the case should not be dragged on indefinitely and should be settled as soon as possible. A letter signed by our President had been sent to the President of FIG in August together with a summary of events on the efforts by HKIS in organising FIG Forums and in successfully creating a technical grade membership to accommodate those who were not eligible to become professional members of HKIS. We expect the case to be included in the Agenda of the next General Assembly of FIG in Munich and to be successfully settled, if necessary, by voting.

### South East Asian Survey Congress in Brunei 21 – 25 November 2005

LSD council has sent a delegation of 3 members to participate in the conference.

## Mainland Affairs

### 4<sup>th</sup> Beijing-Hong Kong-Macau Geomatics Conference

TT Cheung, the President; C H Wong, the Senior Vice President and myself led a twenty strong HKIS delegation, including 3 past presidents of HKIS, SC Leung, TN Wong and Hak Chan, to attend the Beijing-Hong Kong-Macau Geomatics Conference held in Macau between 7 to 9 September. It was a very successful conference with around 50 technical papers submitted. The Organising Committee, in a meeting held on 8 September, decided that it would be Hong Kong's turn to organise the conference in 2007.

### Visit to Guangdong Province

Both HKIS and the Surveying Institute in Guangdong agreed to cancel the annual visit to a city in the province this year. Our Guangdong counterpart instead proposed inviting us to participate in a conference which would be held in early 2006. Experts from survey organizations and institutes in the southern provinces of China would be invited to share with us their knowledge and experience.

### Meeting with the Ministry of Construction on the issue of Mutual Recognition

I had attended the 5<sup>th</sup> Joint meeting on 14 January and another one on 9 November 2005 in Beijing to follow up the pending issue of reciprocal recognition under CEPA arrangement. Zhang Wenhui, Chief

Division of Education Department of Personnel Surveying and Mapping, had indicated in the last meeting that the drafting of legislation recognising the professional qualification of surveyors would be in place at the end of this year. Accordingly, it would now be a suitable and convenient time to review the progress and development of the drafted bill and to decide on the way forward. At the appropriate time, LSD council will set up the CEPA working group again to critically examine the issue.

### Technical Functions

There were altogether 5 CPD events organised by LSD council in the year 2004/2005. Thanks to Mr K W Leung, CPD convener and his team members Ms Maris Lo, Dr Conrad Tang, and all other members who had assisted in the smooth running of CPD events. Amongst the five events, the CPD on Hong Kong Boundary Survey Future Development and Career Aspects was extremely well attended with about 130 participants.

HKIS was also co-organiser of the following events, apart from organising CPD functions:

- The 4<sup>th</sup> Beijing-Hong Kong-Macao Geomatics Conference held 7- 9 September 2005 in Macau
- The 8<sup>th</sup> Urban GIS Forum, on 28-29 November 2005 in Hong Kong
- The International Symposium on GPS/GNSS, on 8-10 December 2005 in Hong Kong

### Reciprocity Agreement

#### RICS

The President, TT Cheung, had met Carolyn Slater on 12 January 2005. In brief, a consensus was reached between both parties that Working Group on HKIS/RICS relationship would revisit the existing co-operation agreement signed between HKIS and RICS on 30 November 1988. In the meantime, the APC candidates' structure of one examination leading to two qualifications will not be affected. In processing applications to HKIS by RICS members who had obtained their qualification via RICS co-operative agreement with ICES, HKIS may consider imposing conditions, aside from interviewing such applicants, that they have to also satisfy the requirements of the respective receiving divisions of HKIS.

#### ICES

And on 3 October, the President, TT Cheung, signed a Memorandum of Agreement with ICES without formally seeking the view of LSD. It should be noted that this MOA does not have any substantial agreement which merely anticipates the mutual recognition of qualifications and the future reciprocity of memberships. Future reciprocity with ICES will be on divisional basis subject to consent of individual division.

### Land and Institutional Affairs

#### Visit to Department of Land Surveying and Geo-informatics (LSGI) of HKPolyU

LSD council members visited LSGI of HKPolyU on 18 March 2005 and met the academic staff headed by Professor YQ Chen. Views on various issues concerning the interests of both parties were exchanged. The meeting was very constructive and enabled us to have a better understanding with each other and to cultivate closer working relationship towards the goal of educating quality land surveyors in our profession.

#### Proposed Degree Courses in HKPolyU FT BSc(Hons) in Geomatics with specialisms in Land Surveying and Geo-information Technology

The Department of Land Surveying and Geo-Informatics of HKPolyU was seeking the views of HKIS and

professionals in the industry on the proposed FT BSc (Hons) in Geomatics with specialisms in Land Surveying and Geo-information Technology. For students taking Geo-information Technology (Geo-IT) Stream, they might have the opportunity of taking a Double-Degree route in the 4<sup>th</sup> year to obtain another BSc Degree in Computing.

### **MSc in Geographical Information System (GIS)**

HKPolyU jointly with Peking University were planning to organize a two year MSc Degree course in GIS. The programme would be offered at Shenzhen Graduate School of Peking University. I supported the programme which aimed to offer practicing professionals in Mainland China an opportunity for continuous education, so as to upgrade their qualifications and skills.

## **Boundary Survey Advisory Committee**

### **Letters to HPLB and LSA**

Letters were sent respectively to Permanent Secretary for Housing, Planning and Lands (Planning and Lands), Housing, Planning and Lands Bureau proposing amendments to Land Registration Ordinance on 17 June and to Secretary of Land Survey Authority expressing our views on the proposed revision of Code of Practice on 20 June.

### **Determination of lot boundaries under Land Registration Ordinance (LRO) as proposed by HKIS**

The Institute urges Housing, Planning and Lands Bureau (HPLB) that provisions should be introduced under LRO for the owner of land registered under that ordinance to apply to Director of Lands (D of L) for a determination of the lot boundaries. The introduction of such provisions would also pave the way for a smooth transition in the implementation of Section 94 of Land Titles Ordinance (LTO) to avoid any confusion created by mass application upon daylight conversion to title registration.

Briefly speaking, the Institute was also proposing amendments to LRO such that the lot/title registers should mirror all title information and facts including any determination of lot boundaries by the D of L and that upon any such determination, the registration of the relevant land boundary plan in the Land Registry should have the curtain effect of superseding all previously registered plans. In commenting on Section 94 of LTO, it was our view that minor deviations from previous boundary dimensions as a result of present day survey should be tolerated, and that it should not prevent a determination of lot boundaries by the D of L. If there were large discrepancies from previous surveys as a result of present day survey, then relevant land administration actions such as land exchange might be triggered in which case, it would be beyond the ambit of Section 94.

### **Comments on proposed revision of Code of Practice (C of P) issued under Land Survey Ordinance**

The comments to Land Survey Authority were summarised as below:

- The Institute welcomes the proposal to include the establishment of GPS Control Station in the COP, and has requested an extension time of two months to study the matter in detail before submission of comments.
- Our members particularly those in the Private Practice are unsure of the reasons behind some of the General Principles on establishment of lot boundaries.

## Meeting with Hon Prof Patrick Lau, Legco member

Five LSD members, SC Leung (Ex-President), TN Wong (Ex-President), Lam Li-wah (Hon Treasurer of HKIS), Henry Chan, LSD Council Member and myself had a meeting with the Hon Prof Patrick Lau on 13 September 2005 in his office in Central. The issue on the proposed amendment of Land Registration Ordinance as reported in earlier paragraphs was discussed, and he kindly offered to bring up the issue with the Hon Michael Suen, Secretary of HPLB and to arrange a follow up meeting. SC Leung, Chairman of BSAC, agreed to provide a brief of the case to Hon Prof Lau.

## Technical Associates (TA) Working Group

A TA working group had been set up to strengthen communication among TA members and to look after their interests. CK Fung and Terry Sham were nominated to be the chairman and co-ordinator of the working group respectively.

## Social Functions

### Golf Day

Despite heavy rainstorm in June, Henry Chan, LSD Golf Convenor, managed to organise a golf day on 21 June at Lotus Hill Golf Club, and it was an enjoyable outing. Thanks to Henry, and to all the keen and brave golfers including the President, TT Cheung, and all the sponsors who had contributed to the success of the event.

### Annual Dinner

The Annual Dinner was held in the Jockey Club, Happy Valley on 28 October, with presence by our Legco representative the Hon Patrick Lau and the President, TT Cheung.. Thanks to Maris Lo and her team for organising the function.

## Education and Membership

### Membership Statistics for LSD

Grades	Numbers (As at 31 Oct 05)	New Members for 2005
Fellow	36	0
Member	157	2
Technical Associates	27	1
Probationer	104	16
Technical Trainee	1	1
Student	6	2
<b>TOTAL</b>	<b>331</b>	<b>22</b>

### Technical Membership Application

There were about 100 applicants who were eligible for ATC submission after 1 April 2005. Letters had been issued to all qualified applicants. Separate letters were sent to applicants who had failed to become Technician Trainees (TT) and those who were required to acquire more experience. The

Institute had received a few complaint letters from TA applicants, complaining that technicians with 20-30 years of survey experience were required to be trainees. The interpretation of existing constitutions on admission of Technical Grade membership was far too stringent and inflexible. The case was brought up in Excom/HKIS meeting on 8 June. The issue was satisfactorily resolved in the following Executive Committee meeting with the Chairman of BOM and Representative from BOE in attendance. The vast majority of TA applicants would no longer be required to join as TT before Submission of Training Records and ATC tasks, provided that the training records and written assessments were submitted to HKIS within six months from the date of the Institute's letter to them clarifying their application of TA membership.

### **Open discussion forum on proposed changes in Rules and Guide to APC of LSD**

The proposed change to Rules and Guide was initiated by the Land Surveying Division Education Committee (LSDEC) and was agreed unanimously in previous LSD Council Meeting. An open discussion forum was arranged on 12 September at 6:30 pm in the Surveyors Learning Centre of HKIS. The proposed change would be in line with other divisions which would only require one specialised area of work. The change was considered reasonable by the majority of LSD council members. It is not practicable requiring probationers to quit their current job and work in another specialised field taking into account of recent economic climate. The proposed change to Rules and Guide would be voted in the coming LSD AGM on 17 November 2005.

### **Scale of Professional Charges**

The final draft on the revised Scale of Professional Charges was circulated to LSD council members for comment and subsequently endorsed by LSD council in its meeting on 10 October 2005. Thanks to WL Tang and George Leung for their efforts in making the revisions.

### **Conclusion**

LSD council has organised many CPD events and, as co-organiser, facilitated various conference/seminar/symposium, providing ample opportunity for our members to acquire state-of-art knowledge in GPS, GIS, remote sensing etc.

LSD has been most successful amongst other divisions of HKIS in inviting TA applications, though we encountered a lot of problems in the early stage of processing them (e.g. recognised qualification, years of experience, constitution requirements etc). Fortunately, we got over this hurdle and I hope the ATC assessment can be handled very smoothly by the LSDEC. Seriously, everyone in the LSD council/working groups/committees is great and working harmoniously with each other. I sincerely hope that those who can afford the time should stay, assisting LSD forming an even stronger team to meeting challenges lying ahead of us in the new LSD council.

# Planning & Development Division

Edwin Tsang

Planning & Development surveyors are real estate professionals specializing in development property, development planning and town planning. They work in both government and private sectors. At present membership in the Planning & Development Division is small but continues to grow in a steady pace by admission of surveyors through multiple membership arrangement. Notable new members included Francis Lam, Albert So and Yu Kam Hung.

During the year, the Division had representatives to take active part in the Institute's Board and committee meetings. The Division had also held CPD Planning & development courses during the year.

To encourage young professionals to enroll as Planning & Development surveyors, APC examinations are available to probationers. The Division is investigating to reduce requirement of relevant professional experience from a minimum 3 years to 2 years. Details will be announced in due course.

The recognized APC Counsellors included Professor William Seabrooke, Francis Lam, Kempis Lam, Edwin Tsang, Francis Lau, Eureka Cheng, Markus Li, Norman Ngai, Yu Kam Hung, Albert So, William Yip and Kenny Kong.

# Quantity Surveying Division

Sam Cheng

**2005** has been a milestone for several QS activities.

## Local

### Standard Form of Building Contract

The launch in April 2005 officiated by the Hon Henry Tang, Financial Secretary of the HKSARG, is the result of many years of hard work. The local standard form of building contracts was first published in 1968 and with the passage of time, there have been important decisions made by the courts pointing to the inadequacy of the contracts.

In 1996, a draft new standard form of building contract was prepared by a committee comprising members from the Hong Kong Institute of Surveyors, Hong Kong Institute of Architects and the Hong Kong Institute of Construction Managers. The draft, however, did not receive universal acceptance within the industry and a brief was given to a new Joint Contracts Committee with Lam Wo Hei, a prominent architect in Hong Kong, as its chairman and Dennis Levett, a prominent quantity surveyor in Hong Kong, as the major drafter, to prepare a new standard form. A decade later, the Standard Form of Building Contract comprising the Contract Form for Main Building Works (With Quantities), Nominated Sub-contract Works and Nominated Supply Works were launched. At the time of writing, the Contract Form for Main Building Works (Without Quantities) is still in progress.

Thanks must be given to Daniel Ho and HF Leung, council members of the QSD, for their devotion to the project by way of their presence in the Joint Contract Working Committee.

### Standard Method of Measurement 4

The re-drafting of this new standard is undoubtedly very important document because it is the basis for cost management and pricing of building works in Hong Kong. The launch took place on 25 November and was officiated by the Hon Rafael Hui, Chief Secretary for Administration of the HKSARG.

Among the many gentlemen who have spent more than a decade on this project is Ken Goodbourn, Chairman of the SMM Standing Drafting Committee, who deserves our salute to his dedication.

## International

### Pacific Association of Quantity Surveyors (PAQS)

The 9<sup>th</sup> PAQS Congress was held in Dalian from 27 to 28 June 2005 and the theme was Culture of Quality construction. The host of the Congress was the China Engineering Cost Association (CECA). Three HKIS members were invited to be honorary advisor for the event and they are: TT Cheung, Dr Anita Liu and myself. The 1<sup>st</sup> PAQS Golf Tournament took place in the morning of 25 June and TT Cheung was the Best Net Winner, Nelson Cheng was the 1<sup>st</sup> runner up.

## Reciprocity Agreement with CECA

The CEPA which came into effect in 2003 has at last made its impact on the quantity surveyors. After much hard work and thorough discussions by this divisional Council, the signing of the Reciprocity Agreement with the China Engineering Cost Association (CECA) took place in Beijing on 24 May 2005, witnessed by Liu zhi-feng, Deputy Director of the Ministry of Construction of the Central Government and Lo Yiu-ching JP, Permanent Secretary for the Environment, Transport & Works (Works) of the HKSARG. The assessment has been scheduled for spring 2006.

Views on the reciprocity arrangement may have been different but the one thing that quantity surveyors have all come to grip with is that the Mainland and all that comes with it is now part of our daily life.

## Quantity Surveying Division Council 2004/2005

- Assessment of Professional Competence (APC) Sub-Committee
- Continuing Professional Development (CPD) Sub-Committee
- SMM (Building and Building Services) Sub-Committee
- Education Sub-Committee
- New Member Liaison Sub-Committee

# Junior Organization

Lam Lik-shan Lesly

After having served the JO for ten years, it is very pleasing to become Chairman and see the excellent work that young members/probationers/students have done for the HKIS and the profession.

The JO has grown into a fusion of various surveying disciplines. I have personally seen what young people are capable of doing. I would like to thank once again all senior members, all the JO office bearers, council members, event conveners, co-opted members, student representatives, General Council, Divisions, Board of Membership, Board of Education, Board of Professional Development for their warmest support in the year.

I am glad to say that we broke a new JO record of having more than 80 JO Committee Members this year including the Immediate Past Chairmen, 4 office bearers, 20 council members, more than 40 co-opted members as well as student representatives from Student Unions of HKU, PolyU and CityU. All of them had done their best to contribute to the JO in order to organize such brilliant events for HKIS members. Their commitment has turned JO into what it is today. Once again thank you to everybody for making our JO dreams come true!

62

## CPD / PQSL

For CPD/PQSL events, we ran a total number of 20 CPD and a total of 11 PQSL organized this year. I would like to express my deepest sincere thanks to the esteemed guest speakers, CPD / PQSL convenors, participants, organizers, helpers including Joseph Chong, Kelvin Ng, Kenny Chan, Vincent Lim, George Leung, Joanna Kwok, Sylvia Mok, Jeffrey Wong, Martin Leung, especially Joseph Chong and Kelvin Ng, these two gentlemen have done a great job in arranging a tremendous amount of useful CPDs and PQSLs for us. (Details please see Annex 1)

## Social Events

A variety of social events had been organized and many of them were new such as Wine Tasting, Pool Side party as the Summer Rhapsody and All Professionals Cup – Soccer Competition. Many social events are jointly organized with various organizations and professional institutions, e.g. HKMA, HKDA, HKIA, HKIE, HKILA, HKICPA, Law Society, HKIP, HKBA, JCI, HK Stanley Dragon Boat Association, etc. The professional image of HKIS is broadening to the community by JO. We not only serve HKIS members but also build up a relationship with the undergraduates surveying and other construction professional institutes.

### The First Dragon in Stanley (赤柱的第一條龍)

華籍男子乙組盃賽  
— 40 隊當中的第 6 名

女子組碟賽  
— 9 隊當中的第 4 名

### Wine Tasting

### All Professionals Cup 專業超霸盃

### JO Annual Dinner 2005

Bachelor Auction

Mr Surveyor and Ms Surveyor

## Community Services

The JO continued to provide auctioneers for the Auction of Vehicle Registration Mark (VRM). JO members were assigned to man the booth of HKIS with senior members for the annual Education and Careers Expo in February 2005, organized by the Hong Kong Trade and Development Council. Furthermore, HKIS JO was invited again to demarcate the racing course in Stanley Dragon Boat Championship by the Global Positioning System (GPS) technology.

## Surveying Student Relationship

JUPUS, Orientation and Career Talks: JO Committee Members were invited by HKU, HKPU and CUHK to conduct a brief of the surveying profession to Year 1 and Form 7 students who had selected surveying degree courses.

Like in previous years, JO sponsored surveying undergraduates of the HKU, HKPU and CUHK for their orientation programme and overseas study tours to encourage them to achieve wider surveying and construction knowledge from all over the world.

## Goodwill visit to the Hong Kong Macao Affairs Office 港澳辦

Myself and the JO(QS) CPD Convenor – Joseph Chong joined the HKIS delegation team to visit Beijing for (1) a goodwill visit to the Hong Kong Macao Affairs Office 港澳辦 and (2) the signing ceremony of the QS reciprocity agreement with the Mainland Counterpart in May. It has been useful to meet with Mr Qian Li-jun, Director-General of the Department of Exchange & Co-operation, the Hong Kong Macao Affairs Office and Mr Lo Yiu Ching, JP the Permanent Secretary for the Environment, Transportation and Works (Works), HKSAR Government. These two important officials recognized the importance of JO for the sustainable success of HKIS.

## HKIS Corporate Video

Through extremely hard work, the corporate video was completed and the Gala Premiere was on 14

November 2005 at the HKIS Annual Dinner. This video has given the Chief Executive, Guest of Honour, the Hon Donald Tsang Yam-kuen, an extremely good impression on the HKIS, apart from the many congratulations from various guests present. The JO must upkeep this spirit and wholeheartedly share the responsibility in introducing the HKIS to the community.

## Past JO Chairmen and JO Contributions in HKIS Annual Dinner

*JO Contributions appreciated by Senior Members*

*Historical Photo: Past JO Chairmen*

JO members contributed a lot in organizing a fabulous HKIS annual dinner on 14 November 2005. The organizing committees included Billy Wong, Joseph Wong, Jeffrey Wong .

To show the appreciation on the hard work of all past JO Chairmen, JO invited them to join this annual dinner in order to share the success of JO nowadays. Without their efforts in before, we never would have today.

## Revision of JO Age Limit to 40

In line with the general definition of youth in the community and by other professional institutions, the JO age limit was revised to 40. This was endorsed by the General Council on 11 August 2005.

## New Name & Logo for JO

Our selection panel comprising past and present JO Chairmen, had chosen an innovative, meaningful and representative name and logo for JO in this new era. The result had been announced in the HKIS Annual Dinner on 14 November. We are going through the procedures to formally adopt the new name.

## Fruitful Year for JO 充滿成果的一年

JO is all-the-way striving to be ferociously competitive, learn new skills and sharpen up our edge. We pamper an innovative and creative culture in our JO community. We are unlocking our unlimited potential, talents and powers. The JO representatives in various Divisions, Boards, Working Groups, Committees, community are expressing our views from a young people perspective. Keep it up. See you all in the JO functions in the many years to come.

*Board of  
Education Report* 

Accountable to the General Council for all education matters, the Board of Education (BOE) is commissioned to scrutinize, validate and keep under review academic qualifications for admission to the Training Grade of the Institute and to develop, implement and control the qualifying mechanism to corporate and technical membership of the Institute.

The BOE met 6 times during the year 2005 and the membership comprised:

Mr Wong Bay	Chairman	Mr Stephen Lai	QS Division Representative
Mr Lau Chi Keung	BS Division Representative	Mr K C Tang	QS Division Representative
Mr Kenneth Yun Ying Kit	BS Division Representative	Mr Kempis Lam	PD Division Representative
Dr Lawrence Poon	GP Division Representative	Mr Edwin Tsang	PD Division Representative
Mr Simon Wang	GP Division Representative	Mr Kenny KH Chan	PFM Division Representative
Dr Esmond Mok Chi Ming	LS Division Representative	Ms Claudia Chan	JO Representative
Mr Kwan Lam Fat	LS Division Representative	Professor Barnabas Chung	Co-opt member

## Surveying Course Accreditation

In 2004, the BOE established a Panel of Experts from which members will be selected to form working parties to undertake the vetting, assessment and accreditation functions of surveying courses as and when instructed by the Board. As at 31 December 2005, the Panel comprised the following members:

**Building Surveying Division** Dr Lo Siu Ming, Dr Daniel Ho, Dr Chan Man Wai, Dr Graeme Baldwin, Raymond Chan, Richard Cheung, Kenneth Chan, Augustine Chow, Gordon Wong, Alex Chan Kai Hong, Danny Cheng Po Ming

**General Practice Division** Dr Lawrence Poon, Man King Fai, Christina Yim, Esther Ko, Tony Wan, Ronald Cheung, EM Hastings, CM Mo, Francis Lam

**Quantity Surveying Division** Dr Chiang Yat Hung, Dr Paul Ho, Dr SO Cheung, Dr Anita Liu, HF Leung, Philip Lo, Kim Berry, Nelson Cheng, Sam Cheng, TT Cheung, Jacob Lam, Kenneth Poon

**Land Surveying Division** Professor YQ Chen, Dr Esmond Mok, Man Wing Kan, Cheng Wai Pun, Ng Tsan Wing, Kwan Lam Fat, SC Leung, Chan Hak

**Planning and Development Division** Edwin Tsang, Eureka Cheng, Prof Bill Seabrooke, Kempis Lam

Accreditation of surveying courses continued to be pursued in accordance with the approved **Policy and Procedures for Course Approval, Maintenance and Review**. During the year, two local degree programmes were accredited.

The Board has deliberated and agreed that it was not practical to keep track of all relevant overseas degrees and maintain a ready list of approved academic qualifications. Degrees awarded by foreign countries would be accredited automatically by HKIS if the degrees have been accredited or accepted for corporate membership by a national professional body of the respective countries in which the degrees were conferred.

The Board wishes to take the opportunity to express its appreciation to all members on the Panel of Experts who has contributed much of their time and energy to various vetting and assessment activities.

## Assessment of Professional Competence (APC)

During the calendar year of 2005, there were 210 new APC candidates (77 BS, 48 GP, 15 LS and 70 QS) while no candidate has yet registered for the P&D APC. This represents an overall decrease of 26.4 % over the 2004 figure of 264 candidates (81 BS, 76 GP, 11 LS and 96 QS).

Apart from P&D and PFM Assessors of which have yet to be recruited, there are currently 258 BS, 114 GP, 57 LS and 283 QS Assessors. The full lists of the Divisional Panel of Assessors are in the Annexes. The BOE wishes to record a note of appreciation to all the Assessors who have made much contribution to help maintaining the professional standard of the new surveyors. In order to help APC candidates to better prepare themselves for the assessments, the Junior Organization in collaboration with the respective Divisions organized workshops and training programmes, which were well received by candidates.

The Practical Task of the BSD was held on 7 to 10 November 2005 with the participation of some 125 assessors and modulators. A total of 118 candidates attempted and 48 (41%) passed. There were 65 candidates undertaking the Practical Task for the first time and 36 (55%) passed. Professional interviews were conducted throughout the year. A total of 17 candidates presented themselves in 2005 for professional interview and 9 (53%) were found satisfactory. A critical analysis is required upon completion of the 21<sup>st</sup> month of training. There were 55 candidates undertaking the analysis and 25 (45%) passed.

The Written Assessment of the GPD was held on 4 October 2005. A total of 79 candidates took part and 47 (59%) passed. Professional interviews were conducted for 59 candidates of whom 33 (56%) were found satisfactory.

During the year, 1 Land Surveying candidates applied for the Final Assessment but without success.

On 15 to 16 September 2005, 416 candidates attempted the Practice Problem of the QSD. The papers were each moderated by three assessors and 111 candidates (27%) passed. Professional interview for 111 candidates were conducted and 79 (71%) were found satisfactory.

A Working Group led by Dr Lawrence Poon was established to study the development of the second level policy guidelines on academic qualifications (local degrees) admissible to the training grade of probationers for admission to APC.

## Assessment of Technical Competence (ATC)

The Divisional Education Committees (DEC) worked very hard and successfully developed a

cross-divisional common framework, benchmarking and administrative arrangements for the ATC. In addition to the BSD, GPD, and LSD, the Rules and Guides to the ATC of the QSD and PFMD have been endorsed by the General Council in November 2005 and have been up-loaded to the HKIS web site.

For the LSD ATC, there were 143 candidates. A total of 10 ATC candidates were assessed and 6 (60%) passed.

## **Policy and Procedures for Course Approval, Maintenance and Review**

The Policy and Procedures for Course Approval, Maintenance and Review were last updated in 1999. In July 2005, BOE took the initiative in appointing a Working Group led by Kenneth Chan and comprising members from the Panel of Experts to review and update the policy and procedures as necessary. Kenneth will work closely with Dr Lawrence Poon's Group for local degrees to ensure consistency.

## **Joint Study Tour to Australia**

In August 2005, KC Tang, Dr Lawrence Poon and Claudia Chan represented the BOE to study the vigorously advanced counterparts in Australia, viz. AIBS, ABI, ISA and AIQS in areas of education, membership and professional development. They found the trip most inspiring and constructive. An interesting presentation was made to members of the Executive Committee and General Council to provide good food for thought.

## **Visit to local Universities**

Led by the President, HKIS made official visits to HKPolyU, CityU and HKU this summer. During the visits, representatives from the Universities and Institute exchanged their views on education and training of professional surveyors and technicians. Subjects discussed included quality of students, accreditation of sandwich courses, scholarship, mentorship scheme, course-related workshop, researches and publications. They found the dialogue useful and constructive and concurred that there was scope for future collaboration in education and research activities. The organizations would like to institutionalize the visit in future.

To cater for the needs of the industry and assuring quality of potential surveyors, the BOE would plan further visits to the Universities together with the DEC to strengthen students liaison. Future plans in the years ahead will include visits to the Vocational Training Council, Technical Institutes and secondary schools to promote the surveying profession and attract bright students joining the profession.

To sum up, It has been another busy year for the members of BOE, DEC, Assessors and the Panel of Experts. I would like to take this opportunity to express my gratitude to all colleagues who have worked extremely hard and contributed substantially to the profession. Thank you so much for your dedicated service!

Membership Report* 

# Board of Membership

Chiu Kam Kuen

A total of 1,493 applications were processed in 2005. Across all Divisions and all grades of membership, the current statistics as at 31 December 2005 (comparisons with the December 2004) are as follows:–

BS	: Fellows	77	(no change)
	: Members	601	(1.18% increase)
	: Technical Associates	0	(no change)
GP	: Fellows	154	(2.53% decrease)
	: Members	1,274	(1.19% increase)
	: Technical Associates	1	(no change)
LS	: Fellows	36	(no change)
	: Members	157	(1.30% increase)
	: Technical Associates	31	(10.70% increase)
QS	: Fellows	180	(0.55% decrease)
	: Members	1,452	(6.76% increase)
	: Technical Associates	6	(25% decrease)
PD	: Fellows	5	(66.67% increase)
	: Members	9	(25% increase)
	: Technical Associates	0	(no change)
PFM	: Fellows	71	
	: Members	523	
	: Technical Associates	0	
Probationers	: All Divisions	2,432	(0.50% decrease)
Students	: All Divisions	154	(32.76% increase)
Technical Trainees	: All Divisions	1	(100% increase)
Fellows All Divisions	:	449	(1.32% decrease)
Members All Divisions	:	3,490	(3.50% increase)
Technical Associates All Divisions	:	38	(2.70% increase)
All Probationers & Students	:	2,586	(1.02% increase)
Total	:	6,564	(2.18% increase)

## Milestone events

- 1 Following the Extraordinary General Meeting held in May 2005, Property and Facility Management Division, a new division, has been formed. 592 corporate members were registered in PFM division and 2 members were elected as PFM members in 2005.
- 2 After the execution of the Reciprocity Agreement between CIREA and General Practice Division of HKIS in 2004, a reciprocity agreement between China Engineering Cost Association (中國建設工程造價管理協會) and Hong Kong Institute of Surveyors has been executed on 24 May 2005. Following the agreement, the first supplementary examination was held in December 2005 and 173 QSD members of HKIS and 197 members of CECA passed the examination and are eligible to apply for the membership of the respective institutes.
- 3 A new Memorandum of Mutual Recognition of Membership between RICS and HKIS has been executed in November 2005.
- 4 Members were reminded to state the facts on the application form. In 2005, the Board noted a fraudulent misrepresentation which was construed a criminal offence.

During the past six years, with the assistance of Kiny Hung and the representatives from different divisions, the Board has run very smoothly. According to the policy, I had to step down and vacate the chair to other competent Fellow member to preside and to lead your membership affairs into a better arena of professionalism.

## Board of Membership 2004/2005

Mr Chiu Kam Kuen	Chairman
Mr Kwok Kim Sang Evenlyn	Deputy Chairman
Mr Cheung Tin Cheung	BS Divison Representative
Mr Fu Chi Kwong Edward	BS Divison Representative
Mr Ng Sai Hee Victor	GP Divison Representative
Mr Wong Ho Ming Augustine	GP Divison Representative
Mr Man Wing Kan	LS Divison Representative
Mr Wong Thien Nyen	LS Divison Representative
Mr Tse Che Wah Thomas	QS Divison Representative
Mr Yim Siu Chung Keith	QS Divison Representative
Mr Lau Tak Francis	PD Divison Representative
Mr Lam Kwok Wing	PFM Divison Representative
Ms Tse Wing Sheung Doris	JO Representative
Ms Lau Wing Shan Jo	JO Representative
Mr Chan Wah Wai David	Co-opt Member

**Board of  
Professional Development Report**

# Board of Professional Development

Barnabas Chung

The Board of Professional Development, which was only inaugurated in early 2004, had progressed slowly with the following membership for session 2004/2005.

Professor Barnabas Chung Hung-kwan	Chairman
Mr Kenneth Chan Jor-kin	BS Division Representative
Dr Daniel Ho Chi-wing	BS Division Representative
Dr Lawrence Poon Wing-cheung	GP Division Representative
Mr Ronald Cheung Yat-fai	GP Division Representative
Mr Lam Li-wah	LS Division Representative
Mr Lam Hok-lam	LS Division Representative
Mr Francis Lau Tak	P&D Division Representative
Mr Edwin Tsang Ching-lun	P&D Division Representative
Mr Sam Cheng Sum-hing	QS Division Representative
Mr Stephen Liu Ling-hong	QS Division Representative
Mr Tony Wan Wai-ming	JO Representative
Mr Lesly Lam Lik-shan	JO Representative

In pursuance to the provisions of Part VII of the Bye-Laws, the Board continued to consider policies and control mechanism for mandatory continuing professional development and lifelong learning to help members enhance not only their professional competence but also their social status as professional surveyors. A working group chaired by Dr Daniel Ho had produced draft CPD guidelines for mandatory CPD, which hopefully could be implemented subject to approval by General Council. The ultimate objective is to require all professional and technical members to engage themselves in a continuous process of sharpening their expertise and broadening their specialist knowledge base. It is only with consistently high and ever-improving professional competence of its members that the Institute may strengthen its strategic position in the property industry, for the long-term sustainability of the surveying profession in Hong Kong.

The Board also perceived the need to promote members' professional and social status and conceived the notion of certification of professional specialization. An open forum was held in July 2005 and the views expressed would be taken on board to formulate a formal proposal for further deliberation.

In 2005, 77 CPD events were organized by the various Divisions and the JO, which reflected a 24% decrease from 101 of the previous year. Apart from the 4 institutional events, JO continued to be the principal CPD organizer providing 39 events (including 3 joint CPD with BSD and 6 PQSL events). The ranking order of the other Divisions was BSD (9 including 3 joint CPD with JO), GPD (9), QSD (8), PFMD (6), LSD (4) and PDD (1).

**持續進修 提昇專業水平 鞏固基礎 發揮專長**
