The Hong Kong Institute of Surveyors

The Hong Kong Institute of Surveyors (HKIS or The Institute) was founded in April 1984 and had 85 founder members. The Institute was statutorily incorporated by virtue of the Hong Kong Institute of Surveyors Ordinance in January 1990 (Cap. 1148). In July 1991, there was also passed the Surveyors Registration Ordinance (Cap. 417) to set up a Registration Board to administer the registration of surveyors.

The number of corporate members has grown to 5,021 as at December 2010; Members and Fellows – distinguished by the initials MHKIS and FHKIS. In 2010, the Institute admitted 56 Technical Associates – distinguished by the initials TAHKIS. Apart from this, the total number of training grade members at the end of 2010 was 2,653.

To qualify as a corporate member of the Institute, surveyors must possess a recognized academic degree or similar qualification, followed by a minimum of 2 years supervised professional experience within strict guidelines, followed by an Assessment of Professional Competence (APC).

To qualify as a technical grade member of the Institute, surveyors must possess a cognate sub-degree or diploma or vocational qualification or equivalent as may be approved by the General Council together with a minimum of 2 years of technical training of an approved nature mainly in Hong Kong, followed by an Assessment of Technical Competence (ATC).

As a reputable and responsible professional body of surveyors, the Institute has always maintained vigorous assessment standards for entry to the profession and has also maintained high professional and ethical standards of member surveyors, through the various codes of professional practices,

the code of ethics, and continuing professional development. The Institute has taken on an important and responsive consultative role in government policy making particularly on issues affecting land, property, construction.

The title “Surveyor” embraces a number of disciplines involved with land and its development with land and buildings, covering an extremely wide scope. Some surveyors work in private practices and others may work for a landowner, developer, building contractor or government departments and related bodies. A **land surveyor** measures and records the shape and position of the land, define the boundary and set out the legal boundaries of the sites. A **general practice surveyor** advises on the best use of the land, assesses the feasibility and viability of the proposed development project as well as the valuation, marketing, sale, leasing and management of completed developments. A **planning and development surveyor** further advises on the possible change of zoning, the likely environmental impacts and make suggestion on preliminary development contents. A **quantity surveyor** is concerned with the building contractual arrangements and cost control will evaluate the likely cost of the development project and advises on the most suitable kind of contract for the project. A **building surveyor** is involved in the construction and maintenance of the building. A **property and facility management surveyor** provides a comprehensive range of services in real estate management.

The Institute has established and continues to expand its presence in the international scene through reciprocity relationships with other national surveying bodies and through membership in relevant world bodies and international organisations in order to maintain its professional edge at international level. The Institute is one of the 3 founding members, apart

from the Singapore Institute of Surveyors and the Institution of Surveyors, Malaysia, of the Surveyors' Alliance Asia which was inaugurated in November 2004. The Institute has reciprocal agreements with:

- The Royal Institution of Chartered Surveyors (RICS)
- Australian Property Institute (API)
- New Zealand Property Institute (NZPI)
- Singapore Institute of Surveyors and Valuers (SISV)
- The Australian Institute of Quantity Surveyors (AIQS)
- New Zealand Institute of Quantity Surveyors Incorporated (NZIQS)
- China Institute of Real Estate Appraisers (CIREA)
- China Engineering Cost Association (CECA)
- China Association of Engineering Consultants (CAEC)
- The Building Surveyor's Institute of Japan (BSIJ)
- Canadian Institute of Quantity Surveyors (CIQS)
- Chartered Institute of Civil Engineering Surveyors (CICES)

香港測量師學會

香

港測量師學會於1984年4月正式成立，創會會員人數為85名。其後，1990年香港立法局通過了《香港測量師學會條例》，翌年立法局再通過《測量師註冊條例》成立測量師註冊管局。

過《測量師註冊條例》成立測量師註冊管局。

截至2010年12月，香港測量師學會的正式會員總數為5,021名分別為「資深專業會員」(Fellow採用FHKIS名銜)及「專業會員」(Member採用MHKIS名銜)；2010年香港測量師學會接納了56位「技術協佐會員」(Technical Associates採用TAHKIS名銜)；除此以外，2010年年底的「培訓級會員」人數一共是2,653位。

香港測量師學會的「專業會員」必須完成修讀由香港測量師學會認可的大學測量專業學位課程。其後，必須在專業測量師指導下進行不少於兩年的

在職專業工作實習。實習期滿，考生可以向學會報考「專業評核試」(Assessment of Professional Competence簡稱APC)作為最後評核。學會會員必須嚴格遵守由學會制定的專業操守規則。

香港測量師學會的「技術協佐會員」必須完成修讀由香港測量師學會認可的副學士測量專業學位課程。同時必須已取得不少於兩年的在職專業工作實習。實習期滿，考生可以向學會報考「技術評核試」(Assessment of Technical Competence簡稱ATC)作為最後評核。學會會員必須嚴格遵守由學會制定的專業操守規則。

香港測量師學會主要工作是維護測量專業服務的標準，包括制訂專業守則、釐訂加入專業測量師行列的要求，並鼓勵會員透過持續專業進修以增進專業技能。本會在政府制訂政策方面一直擔當重要的諮

詢角色，香港測量師學會曾向政府提供的意見包括樓宇僭建問題、樓宇安全運動、物業管理問題、城市規劃及發展策略、建築質素和房屋問題，並曾就樓宇面積的度量標準發出指引。

服務於公營部門的測量師參與制訂發展策略及政策，從而達到政府的規劃政策目標。服務於私營機構的測量師一般向客戶提供相關專業諮詢服務。測量專業內容非常廣泛，服務範圍包括：「土地測量師」積極參與各類發展項目，包括劃定地界、利用測量結果繪製地圖等；致力使無數人跡罕至及未開發的地區發展成為繁盛的工商業城鎮，因此與人類的文明發展有著莫大的關係。「產業測量師」憑著專業技能及知識，對如何發展、使用及管理物業的細節瞭若指掌，能為客戶提供具實效的意見；其工作涉及產業的規劃、發展、用途、管理以至土地及樓宇估價，為客戶代理以私人協商、招標或拍賣方式租售物業，並處理物業投資的財務及經濟事務。

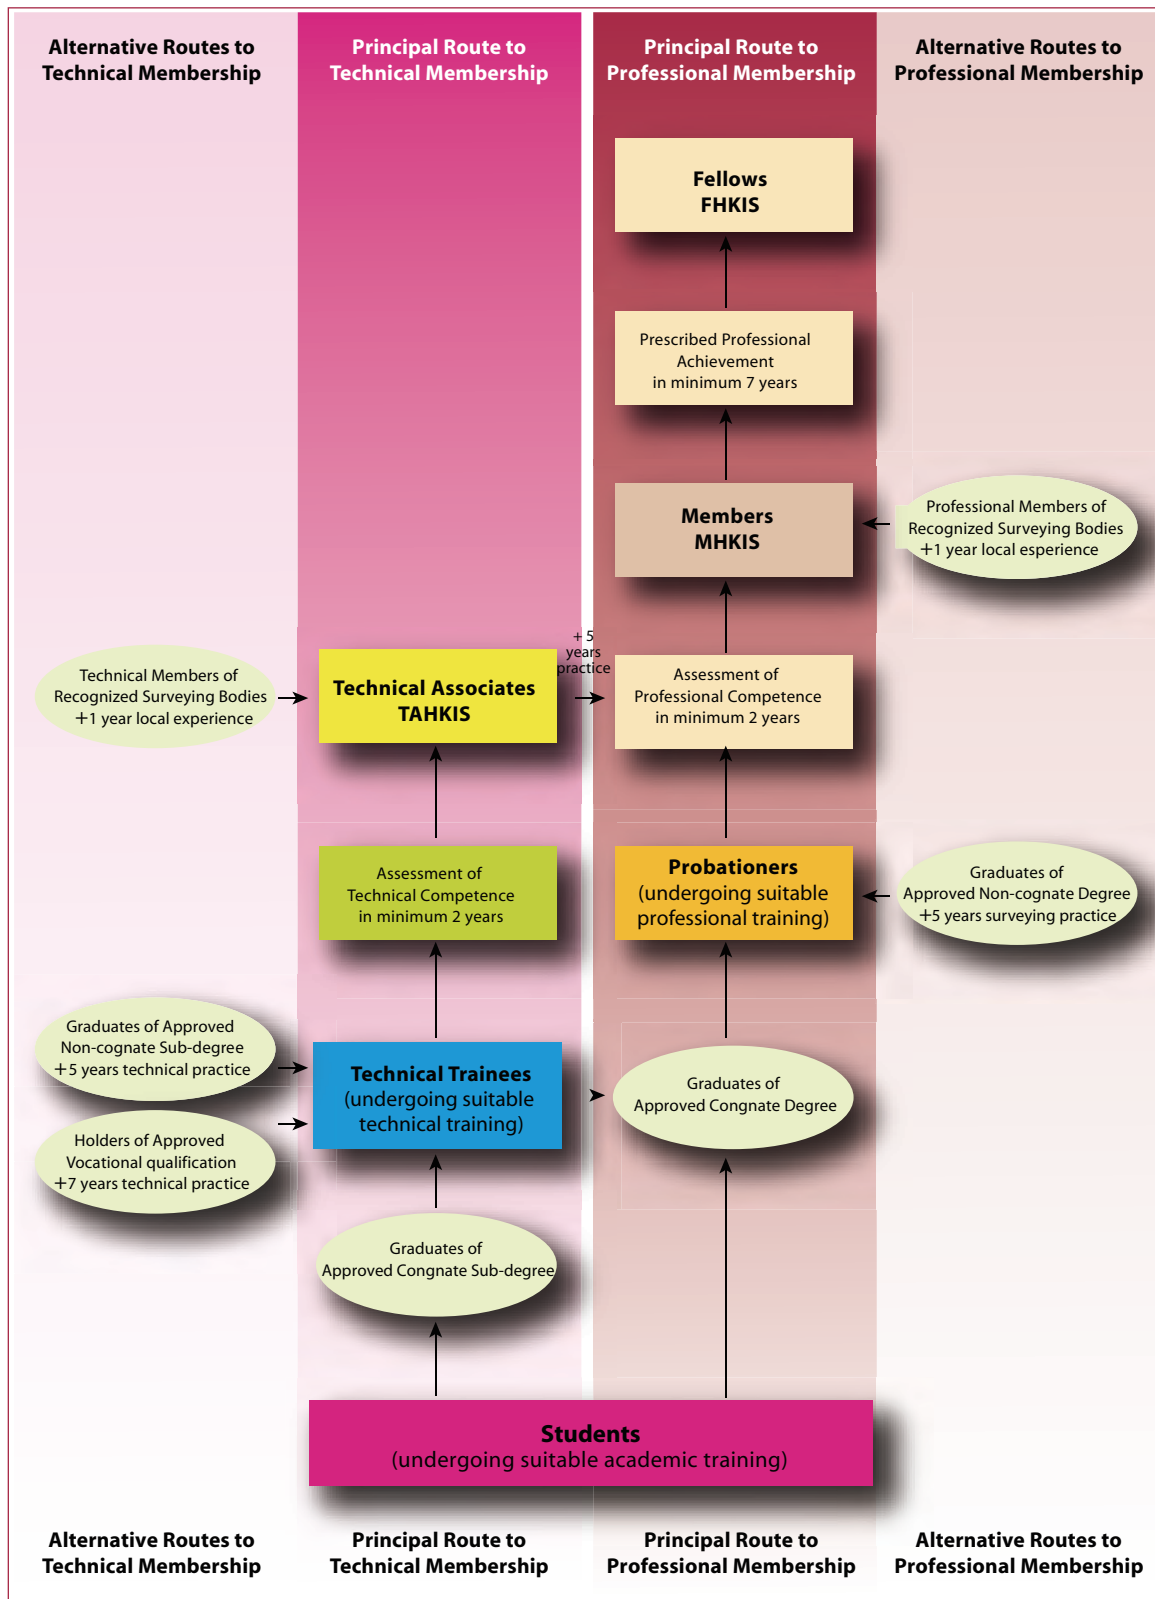

「規劃及發展測量師」提供一系列有關城市規劃和物業發展的專業服務；除了作出物業發展可行性研究以外，他們更擅長於演繹土地契約條款，能提出如何符合土地契約條款或對條款作出修訂的建議；同時能替土地擁有人向地政署提出修訂地契交回、重批的申請、商討土地條款以至完成地契土地契約簽署的整套的服務。「工料測量師」在房屋建造、土木工程、城市發展、以至礦務及等各類工程上提供初步成本諮詢成本計劃、招標文件的製訂及商議承包價、建築合約的製訂和管理、工程費的開支預算及成本控制、工程策劃及管理、仲裁建築合約糾紛和建築工程保險損失估值等等。「建築測量師」是勘測建築物的專才，服務範圍包括：就法律訂明的限制條件提供技術顧問服務、在發展項目中代表項目注資人負責發展顧問及工程項目監理工作、在發展階段負責項目管理、而在現有建築物勘測私人及公共樓房安全檢驗、維修管理。「物業設施管理測量師」主要提供廣泛物業及設施管理。在用家要

求日高的社會，高質素的專業管理服務，實為維持及提高物業價值的不可或缺元素。物業及設施管理測量師能為客戶管理各類物業，代與租戶商討租金修訂、租約續期及物業轉租事務，並就物業翻修及重建等事宜提供意見。

香港測量師學會不斷加強與世界各國有關測量專業團體緊密聯繫並且達成互認協定，目的在於增進本地測量專業人員在國際市場的競爭力，並且是2004年11月成立的「亞洲測量師聯盟」三個創會會員之一，其他兩個創會會員是新加坡測量師及估價師學會和馬來西亞測量師學會。香港測量師學會目前和下列海外學會有協議，互相接納對方會員資格：

- 英國皇家特許測量師學會(RICS)
- 澳大利亞房地產學會(API)
- 新西蘭房地產學會(NZPI)
- 新加坡測量師及估價師學會(SISV)
- 澳大利亞工料測量師學會(AIQS)
- 新西蘭工料測量師學會(NZIQS)
- 中國房地產估價師學會(CIREA)
- 中國建設工程造價管理協會(CECA)
- 中國建設監理協會(CAEC)
- 日本建築積算協會(BSIJ)
- 加拿大工料測量師學會(CIQS)
- 土木工程師學會(CICES)

THE HONG KONG INSTITUTE OF SURVEYORS Route to Membership

For indication only. For details, please refer to the Constitution and Bye-Laws of the Hong Kong Institute of Surveyors.

The Building Surveyor

A Building Surveyor is as the name implies, a 'Surveyor of Buildings'. A Building Surveyor's core expertise is as described below.

Survey of New Buildings

- Building control in Buildings Department, HKSAR Government;
- Technical advice on legal restrictions – Buildings Ordinance, Town Planning and Land Leases;
- Development consultancy and project monitoring; and
- Project management during development stage.

Survey of Existing Buildings

- Building maintenance management (both in the private and public sectors);
- Diagnosis of building defects as 'Building Doctor';
- Building and fire safety inspections;
- Alterations & additions, refurbishment and renovation;
- Conservation, restoration and rehabilitation of historic heritage;
- Licence application;
- Fire insurance valuation;
- Facilities and property management;
- Building surveys prior to purchase, during hand over or arising from building disputes;
- Expert witness, mediation and arbitration;
- Advise on occupational requirements, spatial planning and management; and
- Management of fitting-out works.

Building Surveyors in private practices are involved in all stages of the development process from inception, completion to operation. They are available to provide tailor-made services for clients engaging in property development.

Site acquisition stage

The building surveyor acts as a project manager in advising on the development potential with respect to technical and legal implications as follows:

- any restrictions imposed by the Buildings Ordinance, the lease conditions and the Town Planning Ordinance, and also on any construction difficulties likely to be encountered;
- financial and economic considerations affected by the construction aspects; and
- joint venture terms and following through the drawing up and execution of the agreement.

Development stage (or construction stage)

The building surveyor acts as a project manager (or project consultant) to monitor the construction process, so that the buildings are constructed on time and within budget with the desired quality being achieved. The major services are as follows:

- preparation of feasibility studies and client brief;
- preparation of budgets and master programme;
- appointment of professional project design team, such as architects, engineers, and quantity surveyors;
- management of building design and selection of materials;
- coordination of government approvals;
- procurement, tendering, award of contracts and sub-contracts, contract administration, and coordinating the approval of shop drawings, samples, variations and claims;
- construction monitoring, such as time, cost and quality;
- communication and reporting;
- undertake financial control, such as cash flow, progress payments and final account.

Pre-completion stage

- advise on capital costs and running costs (cost-in-use) and on replacement costs for fire insurance purposes;
- advise on maintenance strategy and prepare all maintenance manuals, as-built drawings and specialists handbooks;
- on behalf of employer, coordinates and approves alterations to the building and building services proposed by tenants and occupiers.

After completion

Building surveyors play a major role in the management and maintenance of buildings after their completion. The major services areas are as follows:

- advise on construction and legal constraints prior to letting and arranging for the fitting out works for the employer, leading to the issue of licences, such as restaurants, hotels, child care centres, kindergarten and old aged home;
- advise on planning and implementation of maintenance programmes both day-to-day and long term;
- diagnose building defects and advise on remedial works and costs;
- provide expert knowledge on design and materials performance;
- alterations, additions and improvements to existing buildings;
- condition surveys of existing buildings and preparation of dilapidated schedule;
- inspect older buildings in respect of building and fire safety under the Buildings Ordinance and Fire Safety (Commercial Premises) Ordinance respectively;
- conditions surveys of existing buildings prior to major construction activities, and advise on effects and remedial actions including litigation and compensation;
- act as an expert witness in court and arbitrator in building and contract disputes;
- advise on maintenance strategy, improvement and renovation works, and administer the Deed of Mutual Covenant and Building Management Ordinance.

Profile of Employment

Building Surveyors are employed in both private and public sectors or engaged in private practices serving clients of different concerns.

HKSAR Government and Quasi -Government Agencies

- Buildings Department;
- Housing Department;
- Architectural Services Department;
- Licensing Authority, Home Affairs Department;
- Hospital Authority;
- Urban Renewal Authority;
- Hong Kong Housing Society;
- Mass Transit Railway Corporation;
- Academic institutions and others.

Private Practices and NGOs

- Private and listed property developers;
- Tung Wah Group of Hospitals, English School Foundation, Salvation Army; and
- Local and major international property consultants offering comprehensive Building Surveying Services.

Expertise of Building Surveyors

Expertise possessed by professional Building Surveyors can be summarized and grouped in the following nine core areas of services undertaken on behalf of Clients:

- Project Planning and Design;
- Project Management and Monitoring;
- Project Supervision (including acting as Technically Competent Persons required by Buildings Department);
- Project Revitalization (Alterations and Additions, Conservation, Improvement, Refurbishment and Renovation);
- Building Maintenance Management;
- Building Surveys and Fire Insurance Valuations;
- Building and Fire Safety Inspections and Works Supervision;
- Facilities and Property Management; and
- Dispute Resolution (Expert Witness, Mediation and Arbitration).

Building Surveyor's Vision

Whenever there is a building need, be it of a new building or existing building, a Building Surveyor will be able to help find a satisfactory solution.

General Practice Division

The General Practice Surveyor

Land is a strategic resource for operation and an investment asset. Interest in land or property is bought and sold for residential, retail, office and industrial uses. These uses require careful planning, continuous management and improvement; properties are also developed as direct investments or securitized, and if they are professionally managed, their values will be enhanced.

General Practice Surveyors through their professional training, skill and knowledge are in a position to offer timely and constructive advice in connection with the development, use and management of the property resources both for operational needs and investment purposes. They are concerned with the planning, development, use, management, leases administration and valuation of land and buildings; negotiation of sales and lettings by private treaty and sale by tender or auction; financial and economic aspects of investment in property. And contemporaneously, because of the General Practice Surveyors' understanding of the principles of investment and asset pricing, the profession is ready to respond to the mounting demand for valuation of trade-related business assets and business enterprises.

The services offered by General Practice Surveyors can be wide and varied. They range from professional and agency services connected with the investigation, valuation, planning, development, acquisition, disposal and management of property to more recently, valuation of franchises and intangibles. The major roles played by General Practice Surveyors are as follows:

Valuation of Properties

General Practice Surveyors value all types of landed properties for various purposes. The range of valuation services covers:

- Valuations for sale, purchase, letting and mortgage purposes;
- Statutory valuations relating to resumption, rating, stamp duty, and other taxation purposes;
- Valuations of company portfolios for balance sheet purposes, company floatation, takeovers and mergers;
- Feasibility studies on all types of properties; and
- Acting as an expert witness, independent valuer or arbitrator in valuation disputes.

Development and Town Planning Consultancy

Real estate development is a complex process, which needs professional expertise and judgment. Through proper training and experience, General Practice Surveyors can provide a comprehensive range of professional services covering:

- Market studies and evaluation of development opportunities;
- Negotiation with Government on modification, surrender and regrant of land leases;
- Applications and appeals to the Town Planning Board in respect of change of uses;
- Preparation of detailed financial assessments, cash flow studies and expenditure control systems throughout the development period;
- Preparation of development and design briefs; and
- Constant monitoring of the development to ensure that it meets the client's requirements and reflects market needs.

Sales, Lettings and Auctions

General Practice Surveyors, on behalf of clients, negotiate the purchase, sale or leasing of all types of land and buildings. They may act as auctioneers in the disposal of properties or as owner's agents in selling properties by private treaty or tender. They may also advise on marketing strategy and on the preparation of sale and lease documents.

Property and Asset Management

In a society of rising user expectations, good quality professional management services are an essential element to sustain and enhance the value of the property. General Practice Surveyors have been involved in the management of all types of properties. They negotiate with tenants on rent review, lease renewal and re-letting of premises. They also advise on situations of refurbishment/ renovation and redevelopment. Upon the securitization of properties, General Practice Surveyors will also contribute their expertise to the long range investment strategy and property portfolio planning.

Business Valuation

Contemporarily, experienced General Practice Surveyors are engaged to provide independent valuation of trade-related business assets and business enterprises in connection with mergers and acquisitions activities in Hong Kong and mainland China.

Apart from their work in the private practice, General Practice Surveyors are also employed by the Hong Kong SAR Government in various departments such as the Lands Department, Rating and Valuation Department and Housing Department to handle work including government land disposal, resumption, rating, taxation, public housing and so forth.

Land Surveying Division

The Land Surveyor

Broadly speaking, land surveying is an art of position fixing. Surveyors involve themselves in all sorts of civil engineering works and land developments such as building houses, roads, bridges, canals, viaducts, defining property boundaries, preparing plans from various surveys and managing properties. Closely related to the development of civilisation of mankind throughout the world, the profession has contributed to the transformation of sparsely populated and undeveloped areas into modern industrial and commercial metropolises. Like other professions, advancement of technology has led to specialisation and land surveying is of no exception.

Cadastral Surveying

Cadastral Surveying is concerned with the physical determination of boundaries and areas of land properties. It is always advisable for landowners and developers to ascertain the boundaries and area entitlements of their properties by land boundary surveys prior to any land development. There are at present two legislations in Hong Kong which provide for the control of professional services in this aspect. Registered Professional Surveyors of the Land Surveying Division (RPS(LS)) registered under the Surveyors Registration Ordinance and Authorised Land Surveyors (ALS) registered under the Land Survey Ordinance are well-qualified professionals to conduct land boundary surveys. Under the Land Survey Ordinance, any legal instrument effecting a subdivision of land must be accompanied by a land boundary plan prepared and certified by an ALS for registration with the Land Registry. The main services provided by RPS(LS) and ALS include:

- Re-establishment of land boundaries for valuation, land transaction and various land development purposes;

- Setting out of land boundaries; and
- Preparation of certified plans for subdivision of land parcels.

Engineering Surveying

This type of surveying relates closely to civil engineering projects. The preparation of initial survey plans for detail design, setting out of critical points for construction and the measurement of earthwork quantities for payment are types of works under this category. Land Surveyors are actively involved in the construction of roads, flyovers, bridges, seawalls, railways, tunnels and skyscrapers. Land surveying techniques are also being used in industries like shipbuilding, aircraft construction and fixing of machinery where high precision on position determination is required. Monitoring of unstable structures, reservoirs, bridges, slopes, and areas is part of the works that may not be familiar to the public but important in protecting lives and properties. Major services provided under this category are:

- Preparation of initial site survey plans;
- Preparation of photo mosaics superimposed with engineering layouts for planning of engineering projects;
- Computation of construction alignments for civil engineering works;
- Setting out pre-determined positions for construction;
- Measurement of earthwork quantities; and
- Monitoring of unstable structures, bridges, reservoirs, slopes and areas.

Geodetic Surveying

The purpose of Geodetic Surveying is to establish a very accurate main survey framework. It involves the establishment of a national network of horizontal and vertical reference points covering an entire territory.

Land Surveyors use very precise equipment for taking measurement over a large area for establishment of accurate survey network. With the advancement of space technology, Land Surveyors often use a satellite system, called Global Positioning System (GPS), for measuring points which are many or even hundreds of kilometers apart.

In the Hong Kong SAR, the Lands Department of the Government establishes and maintains the main survey framework. Trigonometrical stations situated on hilltops, traverses installed along the roadside and benchmarks on bedrock constitute the geodetic control point system. By connecting to the network, any survey can be tied together with respect to a unique reference system. In fact, the position of many land boundaries, roads, railways, bridges and construction works are referred to this system. Major services provided under this category are:

- Taking precise observation and maintaining the monuments of networks of horizontal and vertical reference points;
- Establishment of a territorial common reference system; and
- Detecting and measuring the movement of the earth's crust for scientific research and reducing the impact of natural disaster.

Topographic Surveying and Digital Mapping

Mapping is a national service for security and development. Maps have been in use for thousands of years. Besides being a principal means of position locator, accurate maps are necessary for effective management of our environment.

With the use of emerging technology in the Topographic Surveying and map revision, the complete series of 1:1000 scale maps covering the whole territory of Hong Kong have been available in digital form. Digital topographic information is the basic building block to support the sustainable development, natural resources management, environmental protection, urban planning and utilities management. Additionally, Digital Mapping forms the basic foundation for other information systems such as community services information systems, electronic street guide systems, natural disaster management systems, transport management systems and many others. It is foreseeable that many disciplines will benefit from Digital Mapping. As the advancement of technology has resulted in lower system costs and

continual improvements in Digital Mapping, a much wider application of digital map data throughout government, business and industry can be achieved.

Land Information Management

In the Land Information Management aspects, Land Surveyors are engaged in the collection, integration and dissemination of a wide range of spatial information. With the use of geographic information system technology, Land Information Management is rapidly penetrating a number of application domains such as environmental conservation, urban planning, pollution control, transport management, emergency rescues and many others. Land surveying is the most basic activity to create and maintain building blocks for the setting up of geographic information systems and Land Surveyors are in a good position to make valuable contributions to these systems.

Photogrammetric Surveying

Photogrammetry is the science of measurement by means of photographs or digital imagery.

The photographs and digital imagery can be captured on ground, under water and in air. Photogrammetric Surveying is the method of producing graphic plans, digital data, and computer models from photographs or digital imagery. Major services/products provided under this category are:

- Digital mapping;
- Digital terrain model;
- Orthophoto/orthoimage;
- 3D digital map;
- Deformation monitoring;
- Landslide investigation; and
- Antiquities and heritage sites recording.

Hydrographic Surveying

Safe navigation and subaqueous construction require an accurate knowledge of the depth and topography of the seabed. Land Surveyors have used different techniques including the Differential Global Positioning System (DGPS) in the hydrographic survey for positioning. In harbours and their approaches, the depth has to be constantly monitored. As the seabed is hidden from the naked eye, its profile is determined by an echo sounder which sends sound waves down to the bottom of the sea and calculates the depth by measuring the time required for the signal to return to the surface.

In the Hong Kong SAR, the Government has taken over responsibilities from the British Admiralty for producing navigation charts for the Hong Kong Waters. Major services provided under this category are:

- Measurement of water current;
- Bottom sampling;
- Location of rocks, lights, buoys and wrecks;
- Determination of channel depths and preparation of charts;
- Determination of subaqueous excavation quantities; and
- Collection of any information relating to marine navigation.

Planning & Development Division

The Planning & Development Surveyor

Real estate development is a complex process which requires professional input of various kinds throughout different stages of the process, from project inception to its completion. Planning & Development Surveyors, as a town planning and development consultant, can provide a comprehensive range of professional services to suit the specific needs of their clients.

Property Development Development Feasibility Study

Prior to inception of a development proposal, Planning & Development Surveyors provide clients with necessary site search and detailed analysis, and advise them on property values and appropriate land acquisition strategies. They conduct detailed market research to understand specific markets and recommend the appropriate type and mix of land uses, and the optimal scale of development with a view to maximizing project return while minimizing the risks. Development appraisal, covering land and property valuation, cash flow analysis, project return estimation, sensitivity analysis, etc., can be undertaken to test the viability of the development proposal under different scenarios.

Land Administration Input

Planning & Development Surveyors specialize in the interpretation of lease conditions; can advise on compliance with the lease conditions or any modifications to the lease conditions required; can act for the land owner to submit an application to the Lands Department for a modification (or surrender and re-grant) of their land lease, negotiate with the Government on the lease terms and conditions (including the land premium); and assist in the execution of the lands document.

Town Planning Applications

Depending on the statutory town plan zoning that the development site falls within, development on it may require prior approval from the Town Planning Board. Planning & Development Surveyors can advise on zoning implications and the strategy to submit planning applications, review and or appeal; and coordinate with other professional experts to prepare the necessary technical impact assessments to support the planning application. Professional services may also be provided in submitting planning objection to gazetted town plans to safeguard the interests of land owners.

Development Project Management

Property development requires a wide range of input from various disciplines. Planning & Development Surveyors can help to set up a right team for development projects with team members coming in at an appropriate time during the process; monitor the project progress against the development programme; advise on re-distribution of resources; and to resolve issues arising during the development process.

Project Evaluation

In order to update the clients on the change in financial position of the project, Planning & Development Surveyors will carry out continual evaluation of the development proposal throughout the development process. It is done by inputting the actual cash inflow and outflow as well as a more accurate forecast on future income and expenditure into the financial model. A regular review of the property market trends can ensure that the development meets the client's requirements apart from the supply and demand situation in the market.

Town Planning

Public Sector

Planning & Development Surveyors are involved in the formulation of planning, land, housing, environmental and other development strategies and policies; participate in the preparation of statutory town plans under the Town Planning Ordinance and the non-statutory departmental and layout plans. Major development briefs are also prepared to guide development. Through the statutory and non-statutory plans, they regulate and control the type of land use and property development permitted having regard to the relevant planning policies, the environmental context and specific site characteristics.

Private Sector

Planning & Development Surveyors advise clients on the extent to which the use and value of their land and property would be affected by town planning and environmental policies. The most common professional services include preparation, coordination and/or submission of planning applications, master layout plans, rezoning requests and planning objections; acting on behalf of clients in making written representations; and attending hearing in planning review, appeal cases according to the Town Planning Board and Appeal Board proceedings respectively.

Other Common Professional Services

Planning & Development Surveyors also assist clients in site planning and advise on urban design matters together with the relevant design experts. They also specialize in coordinating large-scale planning studies usually supported by various technical impact assessments e.g. Environmental/Ecological Impact Assessment (EIA), Drainage Impact Assessment (DIA), Traffic Impact Assessment (TIA), Geological Impact Assessment (GIA), Landscape and Visual Impact Assessment (LVIA), and Social Impact Assessment (SIA).

Property & Facility Management Division

The Property & Facility Management Surveyor

Professional surveyors have always been engaged as estate surveyors, estate director/ managers, property managers, maintenance managers, property service managers, facility managers, etc. in the day-to-day and strategic management of properties, assets, and estates in the public and private sectors. We have contributed to the professionalism, quality and excellence of the property management of governmental, corporate and private commercial, industrial and residential buildings. Our responsibilities are wide ranging and have included the following: strategic facility planning; asset management; space planning management; real estate design and management; operation and maintenance; property management; corporate real estate and related services.

Employment of PFMS

Professional Surveyors are employed in over 140 organisations spreading across 10 different sectors. This includes the Government, Government agencies, public corporations, developers, property and facility management services providers, multi-national companies, international real estate consultants. We provide in-house or consultancy services in strategic facility planning, asset management, space planning management, real estate design and management, operation and maintenance, property management, corporate real estate and related services.

Training and Competencies

After obtaining the relevant academic qualification, candidates wanting to become Property & Facility Management Surveyors (PFMS) are required to

undergo at least 400 days of recognized professional training to acquire the required level of professional competence in three major areas of competencies. In the area of Mandatory Competencies, candidates are expected to achieve general knowledge and understanding in all of the following:

- Core skills: ethics, knowledge of HKIS structure, rules and regulations;
- Basic business and communication skills: self management and customer care;
- Information technology: analysis of information and data;
- Law: dispute resolution and conflict avoidance; and
- Health, safety and environmental awareness

They are also required to acquire general knowledge and understanding in two of the following Optional Skills: Business management, Organisational Leadership, Negotiation Skills; Managing People and Resources, Recruitment and Selection; and Accounting Principles and Procedures.

Candidates may choose two out of the following four Core Competencies and engage themselves in such breadth and depth in knowledge application and analysis with the ability to give advice. These competencies are grouped under Property Asset Management, Corporate Real Estate, Project Management, and Property Management. Finally candidates are required to achieve general knowledge and understanding in two of the following five Non-Core Competencies: Finance Management, Human Resources and Organisation Management, Information Technology and Communication Management, Quality and Performance Management and Benchmarking, and Major Research. This will lead to the knowledge necessary to be an outstanding Property & Facility Management Surveyor.

The Quantity Surveyor

Quantity Surveyors are professionals who have been trained as construction cost consultants. They possess expert knowledge of costs, values, finance, contractual arrangements and legal matters pertaining to the construction field.

Quantity Surveyors provide appropriate services to suit diverse needs and the majority of their employers or clients include professional quantity surveying firms, private developers, corporations, Government departments and related bodies, building and civil engineering contractors, insurance companies etc.

Quantity Surveyors are equipped to provide advice concerning various disciplines ranging from building construction, and civil and structural engineering, to petro-chemical installations and mineral extraction.

Preliminary Cost Advice

From the outset, Quantity Surveyors give practical advice on the likely cost of a project. Cost studies and advice including, but not limited to, alternative design solutions, structural forms, choice of materials, construction sequences and maintenance costs are also prepared. From such information, a detailed cost plan is developed for budgetary control.

Cost Planning

Cost planning is a specialist technique developed by Quantity Surveyors. Its aim is to help all members of the design team – architects, engineering consultants, interior design specialists and the like – to jointly maximize practical and aesthetic design solutions for a project whilst keeping within the client's budget.

Once a cost plan is prepared, and a realistic estimate agreed, effective cost planning ensures that everything that follows is in accord with the plan, from the acceptance of the successful contractor's tender to the final project cost.

In planning construction costs, maintenance and running costs are borne in mind, thus helping to achieve a project that is cost effective throughout its life.

Cost Control & Financial Management

Cost control is one of the most important processes in any capital project. The basic objectives are to achieve for the client the best value for money, to maintain the required balance of expenditure between the various parts of the project, and to keep the final expenditure within the client's approved budget.

When clients, or their consultants, decide to effect changes to the designs and introduce variations, Quantity Surveyors rapidly assess and report the cost implications of the changes.

In principle, cost control consists of three basic steps; namely:

- establishing an overall cost target;
- checking any deviations that affect the cost target; and
- taking such remedial action as is necessary to preserve the target.

In practice, the process of cost control embraces a range of professional activities such as cost analyses of earlier projects, cost planning/estimating, cost studies of alternative construction options, cost checking during the design stage, cost reconciliation during the tendering stage, and cost monitoring during the construction stage.

Cost planning facilitates improved economic standards, and so better value for money, during the design stage, whilst constant monitoring during the construction phase ensures that the risk of overspending is identified early so that prompt corrective action may be taken.

Cost estimates and financial reports, which are regularly produced by Quantity Surveyors, form an important aspect of the financial management of capital projects. Periodic financial reports enable clients to anticipate and control their future financial commitments.

Value Management

Value management is a systematic approach to eliminate waste from a design or client's brief, while at the same time retaining the safety and key functions of the project.

The objective of value management is to provide the project functions to the required standard and quality having regard to the best value for the money expended. This does not necessarily mean at the lowest initial cost, but the highest value considering all factors impacting upon the project as a whole.

Quantity Surveyors are well qualified to lead value management studies on a project. The structured nature of value management permits the project team to obtain a clearer understanding of the project functions and objectives hence being able to reduce unnecessary costs. Value management also addresses the whole life implications of the building design both in terms of cost and the client's business objectives.

Procurement Methods

Quantity Surveyors have the expertise, knowledge and tools required in the selection of the "right" contractors and suppliers for any given project.

No two projects are the same. Most major projects (and many smaller ones) are individual challenges and need individual solutions.

The most common method of procurement is through competitive tendering based on a variety of forms of contract and options. The bills of quantities prepared by Quantity Surveyors have been used world-wide as the basis of tendering for many decades. During construction, bills of quantities also

form a crucial element in effective cost control as well as the basis for the valuation of variations.

On occasions, the situation may warrant other forms of tendering and contractual arrangements. These include design and build, guaranteed maximum price, construction management, prime cost contract and cost plus, to name just a few. Quantity Surveyors provide advice on the best choice of contractual arrangement to suit the circumstances of each individual project.

Tendering

Competitive tendering of one kind or another remains the usual basis for awarding construction contracts, and bills of quantities are fundamental to this process. Bills of quantities translate the drawings, plans and specifications produced by the designer into a document that enables a contractor to calculate his tender price fairly and accurately, on exactly the same basis as his competitors.

Valuation of Construction Works

In most construction contracts, the contractor is paid monthly. Quantity Surveyors prepare interim valuations of the work carried out on the project at regular intervals and submit recommendations for payment.

Quantity Surveyors are normally retained throughout and beyond the completion of the project in order to facilitate the settlement of the accounts, when all necessary adjustments are dealt with. If required, they will also prepare any analyses of the final account that may be required, prepare statements of expenditure for tax or accountancy purposes, and assess the project's replacement value for insurance.

Financial Claims & Programme Analysis

Quantity Surveyors also prepare, and provide specialist advice and responses to claims, counterclaims and the like, for both time and money, including:

- extension of time analysis: forensic analysis and delay demonstration techniques;
- delay and disruption: time slicing, project analysis and productivity analysis; and
- direct loss and/or expense: preparation of claims, responses to claims, auditing and analysis.

Dispute Resolution

If disputes arise, Quantity Surveyors offer the following expertise and technical knowledge:

- independent appraisal of the strengths and weaknesses of an employer's and/or a contractor's case concerning quantum;
- technical advice and assistance throughout the dispute resolution process;
- preparation of particularized documents including technical position papers, assistance with pleadings, further and better particulars and witness statements; and
- when suitably experienced, to act as expert witnesses for quantum or other associated specialist areas.

Insurance Advice

Quantity Surveyors may choose to pursue their career in the field of construction insurance. The construction insurance professionals work in a variety of capacities in different organisations; examples of which include:

- insurance administration personnel working for contractors/developers/consultants/ public entities/Government/insurers/or other employers;
- loss adjusters for loss adjusting firms on behalf of the insurers;
- underwriting personnel for insurance brokers/ insurers; and
- risk assessment personnel for insurance broker/ insurers.

Young Surveyors Group

The Young Surveyors Group (YSG) is a section of the Hong Kong Institute of Surveyors representing the interests of more than 3,500 members – comprising student members, probationers and young qualified members of all divisions – the power of the surveying profession in future.

A YSG representative, usually the Chairman of YSG, sits on the General Council and Executive Committee of the Institute and YSG representatives are nominated to various Divisions, Boards, Panels, Committees and Working Groups of the Institute in order to express the views from YSG members' perspective.

YSG organises CPD (Continuing Professional Development) and PQSL (Pre -Qualification Structured Learning) events to provide opportunities for our members to learn from outstanding personalities of the industry, academic or government and also help student members to tackle the Assessment of Professional Competence (APC). It organises and participates in various social events such as leadership training, sports competitions, dragon boat competition, volunteering services, fund raising campaigns, annual dinner and wine tasting training. Apart from the traditional events, it continues to create new themes for members such as goodwill visits to the Mainland and other professional institutions. These are introduced to provide an excellent opportunity for YSG members to train their presentation skills and learn from celebrities within our society.

Beyond the Institute, YSG encourages young members to participate in different kinds of activities. For example, YSG members are actively involved in the annual Education & Careers Expo and HK Real Estates Service Expo in Mainland, which are organised by the Hong Kong Trade

and Development Council, with senior members appointed by the General Council and Divisions. Furthermore, educational visits to universities and promotional visits to colleges and schools have been organised to communicate with undergraduates of universities and to promote the surveying profession respectively.

President's Report

會長報告

As 2011 has approached, my proud days in serving you members as the President of the HKIS of the Council Year 2009-10 had come to an end. With the concerted effort and selfless contribution from fellow members, the Institute has moved forward both locally and internationally. The credits should go to the Office Bearers, General Council, the Executive Committee, six Divisions, Boards, Committees, Working Groups, Task Forces, Panels and your support. The subsequent paragraphs will highlight some of the works we had accomplished in Council year 2009-2010.

2010 was the year of regeneration for the world economy. As Hong Kong is still recovering from the financial tsunami, numerous issues surface, which pose both challenges and opportunities for the territory. As a caring organization and professional institute, we are committed for the betterment of the surveying profession and society. Apart from meeting regularly with government officials and other professional institutions, the Institute and our members participated in activities such as media interviews, attending LegCo meetings, organizing conferences, participating in forums to disseminate and exchange surveyors' view on a whole array of issues, such as housing policy, urban renewal, building safety and environmental policy. During the Council year, the Institute submitted its opinions and comments on various subjects, from Ordinance revision to environmental and housing policy. You can refer to the appendices for these submissions. As a caring organization, we have not forgotten the needs of the community while serving our members. This can be demonstrated by our volunteer and charity works and the subsequent provision of voluntary services to the general public. There are many examples of our volunteer and charity activities, such as the voluntary services organized by

our building surveyors after the tragic collapse of the building on Ma Tau Wai Road, charitable CPD events after the Qinghai earthquake, Project SPARKLE and participation in UNICEF Charity Run 2010. Through these efforts, we have exhibited immense concern for the community and a high level of professionalism.

Improving Communication

With members

As at the end of November 2010, the HKIS had a total membership of 7,705, with a corporate membership of 5,026. Improving communications with members and the community have been identified as one of the Institute's short and medium term objectives. One of the means to achieve this is to revamp our website. It is potentially the most frequently used means of communication between the HKIS and its members, as well as the first point of contact between our institute and the community. The enhancement achieved good progress in the year. Members will find a new look to our Institute on the internet in the near future. Our new website will have more functions and a larger capacity. Keep tuned in.

CPD is an effective channel to communicate updated knowledge among members. By the end of November 2010, 111 CPDs were organised with experienced speakers on a large number of topics covering all Divisions. With the same consideration, events, conferences and publications were also launched for members' participation or collection. These include:

Events

- HKIS Diploma Presentation (8 June 2010)
- HKIS Annual Dinner (2 November 2010)

Conferences

- LSD Conference on Spatial Data Infrastructure (18 March 2010)
- HKIS Annual Conference (4 September 2010)

- Building Surveying Division Annual Conference (30 October 2010)
- The Sixth Cross-Strait-Four-Places Land Conference (29 to 31 October 2010)

Publications

- HKIS Guide to Good Property Management Practices
- General Specification for Maintenance Works in Residential Buildings
- Benchmarking of Management Fees for Office Buildings in Hong Kong

Besides communicating with members on professional activities, the Sports Committee led by Mr Lesly Lam has done a great job in forming a number of sports teams. Through the sports activities and participation of our teams in various

competitions, team spirits have been developed amongst our members in a joyful way. These activities have also established close friendship between our members and members of our sister institutions. Our Sport Committee has been very successful in engaging young members to participate in activities of our Institute and develop a sense of belonging. The Sports Committee has contributed a big way in improving communication amongst members of the institutions.

With the Community

We also invest in strengthening communication with the community at large. Through closer ties with the media, the Institute was better able to convey its professional views and opinions to the public on issues of public interest, such as housing policy, building safety and building maintenance. The result is encouraging. The number of media clippings by the end of November 2010 exceeded 230, doubling its coverage in the preceding year. Media training was also provided for the HKIS spokespersons to improve their skills in reacting and speaking to reporters.

Communication with academic institutions that provide academic training to our future members is one of the major tasks of our Institute. The six Divisions together with the Board of Education paid a series of visits to the three universities offering surveying courses in Hong Kong, namely City University of Hong Kong, The Hong Kong Polytechnic University and The University of Hong Kong to exchange ideas and information on academic and professional requirements of their curricula. We also delivered career development talks to students. With the changing needs and practices in the industry, such collaboration will continue in the upcoming years.

Global vision

Although we are a local organization by name, our vision has always been global. Over the last 12 months, we have continued to collaborate with relevant professional organizations outside of Hong Kong. These activities have raised the international profile of our Institute and will certainly benefit our members, who are increasingly mobile geographically in this era of globalization. The highlights include:

- Signing of reciprocity agreement with the Chartered Institution of Civil Engineering Surveyors in April 2010.

- Participation in paper presentation and the election of new FIG President in the FIG Congress 2010 by a HKIS delegation of 10 members in April 2010.
- Participation in the 42nd Annual Conference of the Building Officials Institute of New Zealand by BSD representatives.
- The re-election of Mr Raymond Chan, past president of the HKIS, as a member of the Board of Governors in WOBO World Congress in Mexico in April 2010.
- HKIS YSG representatives attending the National Education Course organized by the Peking University in Beijing with 23 delegates from other HK professional institutions.
- The "green property management" exhibition in the 4th Exposition on Green Construction and Energy Conservation in Fuzhou in June 2010.
- Participation in the exchange and friendship activity of HK, Guangdong and Macau surveyors in Zhanjiang in July 2010.
- Attending the 7th International Cost Engineering Council World Congress & 14th Pacific Association of Quantity Surveyors Congress in Singapore in July 2010.
- The signing of the Supplement to the Reciprocity Agreement with the China Institute of Real Estate Appraisers and Agents in September 2010.
- Attending the 20th anniversary ceremony of China Engineering Cost Association and its Congress in Beijing in September 2010.
- Participation in the 25th Pan Pacific Congress in Bali by GPD representatives in September 2010.

Strategic Planning

As part-time volunteers to serve the Institute, we seldom have the opportunity to stand back and offer a critical review on the challenges and opportunities

the HKIS is facing, which is the reason why a retreat was organized at the beginning of the year. Many excellent ideas came up during the retreat. These ideas helped the General Council draw up a preliminary master plan for the future development of our Institute. To ensure continuity and facilitate the implementation and continuous review of these outcomes, we have established a Strategic Planning Committee led by the Senior Vice President Mr Peter Wong. The work of the Strategic Planning Committee is very important, as it allows us to deal with the longer term strategic issues that can only materialize over multiple terms of office, such as the appointment of a CEO/Secretary General, the relocation of offices, and so on. These issues are expected to be followed by the able hands of the next Council(s) on which I will continue to contribute.

Words of Appreciation

I cannot take credit for the works that have been done in the past 12 months. I would like to take this opportunity to thank my colleagues in the HKIS, in particular the Office Bearers, Executive and General Council members, and the Administrative Office for their unfailing support and assistance in helping me to discharge my duties as the President of the HKIS. I would also like to thank my family for their support. During my term of presidency, I felt guilty for not able to spend as much time as I would like to with my family. I am indebted to their understanding and patience. It has certainly been an unforgettable and educational experience in my life. It is my honour to have the opportunity to serve you. May I wish the next Council another fruitful year in 2011. Thank you.

Chau Kwong Wing
President
2009-2010

Treasurer's Report

for the financial year ending on 31 July 2010

Dear Members,

I am pleased to table the audited account of the Hong Kong Institute of Surveyors (HKIS) for the year ended on 31 July 2010 for your information.

The total revenue of HKIS for the year is HK\$14,004,690.85 which is less than the amount of HK\$14,445,880 in the previous year. The general and administrative expenses for the year amounted to HK\$15,933,785.52 which is larger than the previous sum of HK\$14,851,273. As a result of the decreased revenue and increased expenses, we have recorded a deficit of HK\$1,929,094.67 which is larger than the deficit of HK\$405,393 in previous year. The sum of deficit this year includes the accrual expenses of about HK\$500,000 from the previous year. The accumulated fund of HKIS at the end of financial year is HK\$11,707,449.37.

The decrease in our revenue was primarily due to the significant reduction of interest income from the fixed deposit. Moreover, due to the rental renewal in March 2010, substantial expenditure for the rental of office and Surveyors Learning Centre is required. Furthermore, two full-time staff joined HKIS since January 2010 to support the IT and public relation activities. In addition, there are several other items mainly related to the professional activities that contributed to the overall expenditure. These include (1) increased activities and events organised by the HKIS with the other professional bodies; (2) public relation activities; (3) expenses for voluntary services to the community; (4) legal services for disciplinary proceedings; (5) attendance at international and regional conferences; (6) mainland and overseas visits; (7) subscriptions for international organisations; and (8) research projects. The above increased expenses are considered as the investment to promote the professional image of HKIS and to reinforce our leading position in surveying profession.

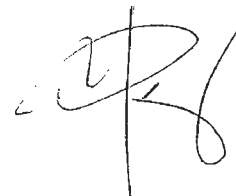

To support the above investment, an action plan for improving the financial position has been devised. Its goals include the way (1) to reduce the overall expenditure; (2) to increase the revenue; and (3) to explore more sources of revenue. The new initiatives addressed in the action plan can help to generate more revenue in near future.

On the Divisional Councils and Young Surveyors Group accounts, there is an accumulated fund of HK\$3,230,235 as compared with HK\$2,649,127 in the previous year. The breakdown is as follows: -

Division	HK\$
Building Surveying	579,760
General Practice	657,873
Land Surveying	92,867
Planning and Development	76,460
Property and Facility Management	81,500
Quantity Surveying	1,009,700
Young Surveyors Group	732,075
Total =	3,230,235

Despite the deficit of our account, the financial position of HKIS is in general considered healthy with more than HK\$11 million accumulated fund. The General Council is mindful of the financial position and will explore all means to improve it as shown in the action plan. We will continue to ensure that the HKIS is well placed financially to face the challenges of the future.

Finally, I am delighted to have the opportunity to serve HKIS and its members. I also wish to express my sincere thanks to the Office Bearers, members of the Finance Committee, members of the General Council and all staff of the Administration Office for their unfailing support and assistance to me.

Lesly L S Lam, FHKIS
Honorary Treasurer
HKIS General Council 2009-2010

Immediate Past Chairman : WONG Loi Fat Alex

Council for 2009-10 in Annual Dinner

The number of corporate members under Building Surveying Division increased to 910 and we had 630 probationers under professional training. I would like to take this opportunity to thank for the efforts paid by the Divisional Education Committee, the assessors and the probationers. Without their concerted efforts, we could not have the 6% surge in membership during 2009/10.

Volunteer Building Inspection Scheme

2010 was a challenging year especially after the collapse of the concrete building at No. 45J Matauwei Road on 29 January 2010. Our expertise in surveying buildings was challenged by a Legislative Councilor publicly on a live TV programme on 31 January 2010. With the support from core members of our council, we issued a press release in response to the challenge on 1 February 2010.

Scene after the tragedy of collapse at 45J Ma Tau Wai Road on 29 January 2010.

Our spokesman Mr Raymond Y M Chan and Mr David W W Chan arrived at the scene shortly after the collapse of No.45J Ma Tau Wai Road and were being interviewed by the media concerning the reasons of the building collapse.

Strengthening and temporary works were installed to 45J & 45H Ma Tau Wai Road before the Chinese New Year.

Moreover, a three-month Voluntary Building Inspection Scheme was announced on 5 February 2010 with extensive media coverage. It aimed at providing free inspection service to owners of residential buildings aged between 30 and 50 years. I am proud of the coherence of our profession as there were more than 100 fellow Building Surveyors and probationers joined the BS Volunteer Team. Without their prompt supports, the Scheme would not have been so successful.

Through the participation, the volunteers should have benefited from the briefing sessions and their surveying skills should have been reinforced. After the three-month period, 107 enquires were handled and inspections to 28 buildings were carried out by our volunteer teams. We believe the enquirers have grasped a rough idea on the overall condition of their buildings as not only their flats, but also the common areas of the buildings were inspected. On 29 June 2010, a press conference was held to announce the results and findings in our surveys. In the same evening, HKIS organized a dinner and distributed appreciation certificates to the volunteers. I would like to take this opportunity to thank the members of the steering group, the coordinators and all

Group photo of our volunteer team and HKIS Office Bearers in a dinner of 29 June 2010.

participants of the Scheme for their supports as they showed Building Surveyors care the society.

Publications

The following publications was released and is about to be released:

1. *General Specifications for Maintenance Works*
The first edition was released in June 2010. Hard copies are available in the HKIS office for BSD members, probationers and students to collect while soft copy is available in our website for free download. Thanks for the effort from convenor Mr Alan Sin and the working group members including Mr Nathan Lee, Mr Vincent Ho, Mr Edwin Tang and myself.
2. *Standard Form of Contract for Maintenance and Renovation Works*
This joint venture project with QSD is about to be completed under the continuous effort paid by the working group members.

Public Consultations

Our views on building-related matters were expressed through written submissions and the LegCo Panel Meeting during the public consultations periods.

1. *Mandatory Building Inspection Scheme (MBIS) and Mandatory Window Inspection Scheme (BWIS)*
Building surveyors are one of the major stakeholders of MBIS and MWIS. Mr Vincent Ho represented the Institute to attend a Legco's Panel Meeting in March 2010 to show our support to the scheme and to express our views on the proposed legislation framework. We kept providing constructive comments to Buildings Department on the draft Code of Practice, especially on the proposed mechanism for Registered Inspectors through Legislative Councilor Hon Professor Patrick Lau.

2. *Public Engagement on Measures to Foster a Quality and Sustainable Built Environment*

Following the release of summary paper, we kept taking the lead to monitor this issue on behalf of the Institute with written response submitted to the Buildings Department (BD) and the Development Bureau (DEVB) on the proposed control measures on inflated flats.

3. *Draft Code of Practice for Fire Safety of Buildings*

Our representative attended BD's working group meeting and provided our inputs.

4. *Updating of Codes of Practice for Minimum Fire Service Installations and Equipment and Inspection, Testing and Maintenance of Installations and Equipment*

We actively participated in the consultation by providing our comments on the draft revisions.

Relationship with the Media

In 2009-2010, we continued inviting three experienced and esteemed practitioners - Mr Raymond Chan, Mr David Chan and our Vice Chairman Mr Vincent Ho to be our spokespersons. Through their established links with the press and electronic media, our views and comments on the Annual Budget of the Government of the HKSAR, Building Design to Foster a Quality and Sustainable Built Environment and control of inflated flats, etc. were widely expressed. Moreover, reports including our views on Building Surveying-related subjects were exposed more frequently on media and I believe these have enhanced our image to the public.

Outreaching

In the past year, Mr Raymond Chan and I attended the World Organisation of Building Officials Conference held in Mexico City and we met international building officials from the United States and Australia.

Mr Raymond Chan met Expositors, Mr Robert Solomon (Central) and Mr Keith Mansfield (Right), in the Mexico Fire Expo 2010.

Mr Edwin Tang and Mr Robin Leung attended the Asia Pacific Symposium for Building Officials held in New Zealand and they have re-established our links with our counterparts in Oceania. Mr Peter Wong and Mr Edwin Tang represented the Institute to deliver a speech at the Australian Institute of Building Surveyors Annual Conference. Moreover, we have been actively liaising with our South East Asian counterparts to establish a Pacific regional organization for building surveyors.

Mr Alex Wong, Mr Vincent Ho, Mr Robin Leung, Mr Nathan Lee, Mr Arthur Cheung and I joined other HKIS representatives led by Mr Peter Wong, Senior Vice-President 2009-2010, to attend the 2010 Shanghai International Project Management Conference of which HKIS was one of the organizing organizations. Moreover, Mr Daniel Lam and Mr Albert Cheung Hau Wai represented HKIS to speak at the Conference. With active supports from Mr Billy Wong, Mr Edgar Li and Ms Iris Lee to Mr Peter Wong in the organizing committee, the conference was held successfully.

From Left: Nathan Lee, Vincent Ho, Kenneth Yun, Daniel Lam, Peter Wong, Samson Wong, Alex Wong, Stephen Lai, Robin Leung

I believe through these outreaching activities, we have strengthened our relationship with the international organizations, including the World Organisation of Building Officials (WOBO), the New Zealand Institute of Building Officials, the Australian Institute of Building Surveyors, the Shanghai Construction Consultants Association and the China Association of Engineering Consultant.

Mutual Recognition between Building Surveyor from Hong Kong and Member of China Association of Engineering Consultant (CAEC)

Since the mutual recognition ceremony was held in late 2007, the first batch of recognition was finally completed by the end of 2010, in which 3 CAEC members obtained HKIS membership and 2 BSD members were registered to practise as engineering consultants in Guangdong Province.

In order to assist members meeting the pre-requisite requirements for registering as Engineering Consultant in Mainland, an 1.5-day CPD event was organized from 9 to 10 July 2010 in Shenzhen with the assistance from CAEC. The event aimed to assist members partially fulfilling the 96-hour compulsory CPD requirement which should normally be achieved through e-learning and assessment programme offered by CAEC. 91 members attended the first day seminar while another 38 members joined the site visit on the second day.

CPD Events and BS Conference 2010

13 CPD events were organized or co-organised by BSD within 2010 and I believe members should have benefited from these CPD events.

Whilst a week postponement of the event due to the arrival of Typhoon Megi, BS Conference 2010 with the subject of "The 21st Century Building Maintenance Trend" was successfully held on 30 October 2010. I believe the attendees found the conference very informative and useful to their professional careers.

The Secretary for Development, Mrs Carrie Lam delivered her keynote speech in the Conference.

Though the Conference was deferred due to Typhoon Megi, it still attracted more than 200 attendants.

Presentation of souvenirs to our guest speakers at the Conference.

Other Initiatives

1. *Working Group to follow up maintenance initiatives*
This working group will take care of the current building maintenance-related issues and public consultations on maintenance aspects like Mandatory Building Inspection Scheme and Mandatory Window Inspection Scheme.
2. *Expert Determination on Water Seepage*
In view of the formation of joint mediation centre, we anticipate that the number of disputes relating to water seepage will increase and hence the demand for alternative means of dispute resolution in turn. Our task force has secured HKU SPACE to organize an Executive Certificate course on Expert Determination so as to equip our members in the practice of expert determination on water seepage.
3. *Attract secondary school students to take surveying courses*
A scholarship scheme will be offered to secondary school students aiming to attract them taking surveying courses in their future education.

Vote of Thanks

With the assistance and supports from Office Bearers, Council Members, Co-opted Members, representatives from YSG, and an increasing number of active young members, we made 2009-2010 a memorable council year. I would like to take this opportunity to express my sincere gratitude to those who devoted their time and effort to the Council as well as the future development of Building Surveying Profession.

Divisional Council & Young Surveyors Group Reports

General Practice Division

Francis HK NG
Chairman

A Fruitful Year

Following on the challenging and uncertain years of 2008 and 2009, 2010 was a year for rejuvenation. Economy recovery soared after the financial tsunami in 2008 and uncertainties in 2009. Local property market was hectic in 2010 as average residential price raised by 20%. Property professionals played an active role during this period and had been mindful of the housing market bubbles. Meanwhile, the GPD Council had very active involvement in providing expert advice on all property matters.

GP Division Annual General Meeting 2010

The GPD AGM was successfully held on 18 November 2010. The Chairman and Treasurer Reports were presented in the AGM.

AGM 2010

Chairman reporting in AGM

The current Council comprises the following office bearers and members:

Name	Post
Chairman:	NG Hang-kwong, Francis
Vice Chairmen:	CHAN Chiu-kwok, Charles CHIU Kam-kuen FOK Eugina PANG Ho-chuen, Lawrence
Honorary Secretary:	WAN Wai-ming, Tony
Honorary Treasurer:	AU Sing-hei, Edward
Council Members:	CHAN Chak-sum, Jason CHAN Hon-kwong, Louie CHAN Kam-ping, Karen CHAN Kwok-kin, Slayman CHOY Man-wai, Leo HO Chin-choi, Joseph LAM Yam-on, Jim LAU Chun-kong NG Ho-kei, Roy POON Kai-man, Simon TANG Chiu-man, Thomas TSE Wai-hung, Cliff WONG Chit-kwong, Brian
Immediate Past Chairman:	POON Wing-cheung, Lawrence

Members of the various Working Committees, Panels and Boards

In facing the heavy workload, the Council has appointed members to serve in various committees, panels and boards. In addition, we have nominated the following members to act as GPD Representatives in HKIS Boards:-

HKIS Boards

Name of Boards	GPD's representatives
Board of Education	Lawrence POON / Thomas TANG
Board of Membership	Eugina FOK / Augustine WONG
Board of Professional Development	Slayman CHAN / Charles CHAN
Surveyors Registration Board	Lawrence POON / Joseph HO / Thomas TANG
Editorial Board	AU Sing-hei Edward

HKIS Committees / Working Groups

Name of Committees / Working Groups	GPD's representatives
Annual Conference Organizing Committee	Eugina FOK/ Karen CHAN
Annual Dinner Organizing Committee	Kason CHEUNG
CEPA Committee	Charles CHAN, KK CHIU
Community and Charity Services Committee	Cliff TSE/ Eric HO/ Slayman CHAN
Dispute Resolution Committee	Lawrence PANG/ Louis CHAN
Editorial Board	Edward AU
Heritage Working Group	Eric HO/ Simon CHENG
IT Committee	Cliff TSE
Mainland Affairs Committee	Lawrence POON/ K K CHIU
Finance Committee	AU Sing-hei Edward
Members Welfare Committee	Kason CHEUNG
Project Management Committee	Joseph HO
Public and Social Affairs Committee	Thomas TANG/ Roy NG
Strategic Planning Committee	Francis NG/ Jason CHAN
Housing Policy Panel	Lawrence POON
Research Committee	Jim LAM/ S K PANG
Tree Management Working Group	Simon CHENG
HKIS/ RICS Liaison Committee	Joseph HO
Administration Committee	Eugina FOK

To handle specific areas, we adopted the same working panel structure as the last Council. The

following panels as well as the respective Convenors are endorsed: -

Name of Working Panels	GPD's representatives
Business and Property Valuation Standards	Joseph HO (Convenor)
CPD Panel	Simon POON (Convenor)
Disciplinary and Professional Ethics Panel	Jim LAM (Convenor)
Education Committee	Thomas TANG / Louie CHAN (Co-convenors)
External Affairs Panel	K K CHIU (Convenor)
Public Relations Panel	Karen CHAN (Convenor)
Professional Practice Panel	Tony WAN (Convenor)
Sales and Letting Panel	Kason CHEUNG (Convenor)

Signing of Memorandum of Understanding with Various Professional Institutes

At the 4th World Association of Valuation Organizations (WAVO) held on 25 November 2009, a Memorandum of Understanding for Recognition of Designations was signed between various professional institutes including the Australian Property Institute (API), Appraisal Institute of Canada (AIC), the Hong Kong Institute of Surveyors (HKIS), Property Institute of New Zealand (PINZ) and Singapore Institute of Surveyors and Valuers (SISV). We were very pleased to witness this important ceremony in Guilin, PRC.

Membership Reciprocity with the China Institute of Real Estate Appraisers and Estate Agents (CIREA)

After the forum held on 19 March 2009, the last GPD Council formed a Working Group to take follow up action on the second reciprocity arrangement with CIREA. To expedite process, we had strengthened the Working Group with the following members, namely Francis Ng (Chairman), Charles Chan, Edward Au, Lawrence Poon, Tony Wan, Karen Chan and Simon Poon (Members). HKIS had on 14 September 2010 signed a Supplementary Agreement with the CIREA. It enhances the procedures and requirements for future reciprocal recognition. Under the Supplementary Agreement the number of candidates for each Institute was set at no more than 100. Follow-up negotiation on the implementation of the reciprocity arrangement with CIREA was conducted afterwards.

Shortly after finalization of the candidates name list, the Council had arranged a whole-day CPD seminar (namely 中國估價概要及內地房地產估價師資格互認考核研討會) on 8 January 2011 to top up China experience for those applicants who were short of the required mainland practical experience. About 80 members attended this CPD including those who already got the previous relevant mainland working experience, those who had to make up the deficit and some members who were on the waiting list. Professor J. P. Liao of Sun Yat-sen University was invited to give a lecture on real estate valuations in the mainland, including the legal position of property valuation, routes leading to a professional valuer and registration system of qualified valuers in China. Moreover, Professor Liao explained in detail on various methods of valuation adopted in the mainland.

Two of our vice chairmen also gave their talks on land/valuation methods in the mainland.

A two-day training sessions and test leading to the qualification of CIREA under the Reciprocity Agreement was organized on 12 to 13 March 2011 at Shenzhen. Certificates for those who passed the CIREA assessment were presented at the closing ceremony.

GPD Fellowship Dinner

A fellowship dinner was held on 17 February 2011. We were honored to have our President, joining the dinner. In a relaxed atmosphere, members exchanged views on future of the divisions, institute and the industry with the senior and council members. All attendees had an enjoyable evening.

Continuous Professional Development Panel

Our CPD Event Convenor, Mr Simon Poon has been actively organizing important events for GPD members. We are delighted to have speakers from various sectors / stakeholders who are experienced practitioners to speak on different subjects. The following topics were covered:

Date	Topics	Speaker(s)
25 February 2010	Light Pollution - What It Is, Why We Care, How We Know and What to Do	Dr Chun Shing Jason Pun

18 March 2010	How surveyors can apply finance and stock market knowledge in daily works to become a better professional?	Mr Phemey Pon
25 March 2010	Building Operation and Maintenance in the 21st Century	Ir Professor Daniel W T Chan & Ir Philip K S Pih
15 April 2010	Wine Knowledge for Business Occasions and Wine Investment	Mr Karl Lung
6 May 2010	Land (Compulsory Sale For Redevelopment) Ordinance (CAP 545) - Review of Latest Practice	Mr Charles C K Chan
3 June 2010	Housing Bubbles in Hong Kong and China: A Macro Perspective	Mr Chi Lo
24 June 2010	Purchase Price Allocation for Account Reporting Purpose	Mr Joseph C. Ho
7 July 2010	Comparative Practices: Compulsory Purchase in Europe	Mr Lawrence Pang
17 July 2010	GPD APC Revision Course on Valuation (Part One)	Mr Thomas Tang
24 July 2010	GPD APC Revision Course on Valuation (Part Two)	Mr Thomas Tang
31 July 2010	GPD APC Revision Course on Resumption & Property Management	Mr Lawrence Pang & Mr Louie Chan
14 August 2010	GPD APC Revision Course on Business Valuation, and Agency Practice	Mr Lawrence Pang, Mr Joseph Ho & Mr Louie Chan
26 August 2010	Wo Shang Wai Residential cum Wetland Restoration Project - a Win-Win Case	Mr Augustine Wong Ho Ming
1 September 2010	The Implementation and Impact of New Measures for Sale of Uncompleted Residential Units in Hong Kong	Mr Andrew Yu

18 September 2010	GPD APC Revision Course on Valuation (Part 3) and Rating Valuation	Mr Thomas Tang
27 October 2010	The Role of a Professional Land Surveyor in Development Projects	Mr Joseph Y C Wong
11 November 2010	Workshop of Property Valuation Report Writing for Public Circular Purpose in Hong Kong	Mr C K Lau
30 November 2010	The role of surveyors as the expert	Mr F Y KAN
9 December 2010	New Railway Development in HK	Mr Jason Wong & Mr Steve Yiu
8 January 2011	中國估價概要及內地房地產估價師資格互認考核研討會	Professor J P Liao, Mr K K Chiu and Mr Charles Chan
13 January 2011	Hong Kong Prop Market under the US Quantitative easing tool	Mr Chi Lo

GPD Delegation Visit to SISV, Singapore

To enhance communication and co-operation with our counter-part in Singapore, a delegation of 6 Council Members led by the Chairman visited the Head Office of SISV from 13 to 16 January 2011. HKIS delegates were warmly received by SISV. We exchanged views with SISV on the current professional development in the Region and common interests of both Institutes. We agreed to have tighter relationship. Co-operation and communication should be further enhanced with a view to up keep the professional standard and development. It was also agreed that the two Institutes should conduct regular meetings or visits on an annual basis. A Memorandum of Understanding in this regard would be signed in April 2011.

A visit to the Singapore Housing and Development Board (HDB)

On 14 January 2011, HKIS delegates visited the HDB which is responsible for planning and developing public housing mainly in the form of Home Ownership for about 80% of the population in Singapore. Hosted by Ms Rachael Hee, the Acting

Deputy Director (Marketing and Projects) and her colleagues, a fruitful meeting was held between the HDB and HKIS. Deliberations on various topics such as Home Ownership Scheme, Public Rental Housing etc were conducted in a friendly atmosphere. Views on urban renewal policy in Singapore on "En bloc Redevelopment Scheme" were exchanged.

After the meeting, HDB's representatives introduced their HDB Gallery. From different exhibitions, we learned about the rapid growth of Singapore's public housing and how the HDB towns were planned.

The delegates had a chance to visit the first award-winning and the most iconic public housing project in Singapore's history - The Pinnacle@Duxton, which was completed in late 2009. The site is about 20-minute walking distance south of China town. The Pinnacle@Duxton comprises seven 50-storey HDB blocks, the tallest HDB block in Singapore, which caters for the need of the sandwich class. A distinctive feature is its sky bridges which linked all 7 housing blocks. It is one of the longest continuous sky gardens in the world.

WAVO Meeting in Hong Kong

World Association of Valuation Organisations (WAVO) is a body which brings together professional property valuation organizations that represent valuers and related property consultants employed in private practice, business and industry, the public sector, and education, as well as some specialized groups that interface frequently with the profession. Members of WAVO include SISV (Singapore), API (Australia), AIC (Canada), ANEVAR (Romania), AI (United States), CAS (China), CIREA (China), CNG (Italy), HKIS (Hong Kong), HQA (Vietnam), KAB (Korea), PINZ (New Zealand), RERA (Dubai), IACVA (Canada), IGAV (India), KAPA (Korea) and VVA (Vietnam). WAVO Meeting and its AGM is scheduled to be held in HKIS Head Office on 30 April 2011. Delegates from different parts of the world will have a chance to exchange experience, see the latest development in Hong Kong and enjoy the metropolitan lifestyle. GPD will offer full support in organizing the WAVO Meeting and arrange a technical visit for delegates.

Round Table discussions on International Valuation Standards

In response to the draft International Valuation Standards (IVS) proposed by the International Valuation Standards Council (IVSC) of which HKIS is a member, the GPD Council had on 1 September 2010

submitted comments and recommendations for their consideration. Representatives from the HKIS and some valuation firms were also invited and attended a round table forum in Hong Kong on 12 November 2010.

Working Group on Special Stamp Duty

On 26 November 2010, the GPD Council invited representatives of valuation firms contained in the HKIS company list to attend a discussion forum relating to the impact of levying Special Stamp Duty ("SSD") to property valuation for lending purpose. 32 members attended. The participants opined that:

- a. A valuer should make a general assumption (not a special assumption) in the valuation report to let the end-user understand how he arrived at his opinion. A statement or a remark is not sufficient.
- b. The valuer should seek agreement from the instructing party on who is going to pay.
- c. The valuer should use appropriate comparables to arrive at his opinion. Additional effort on analysing the comparables is required. Scenario study or a range of values is not preferred as the end-user normally expects a single concluded value. Transactions after 20 Nov 2010 are good comparables for they would have factored in effect of the SSD, but due care is required to study details of the Sales and Purchase Agreements.

For details of the proposed bill and related Q&A, please visit the web link at http://www.legco.gov.hk/yr10-11/english/bills/brief/b17_brif.pdf and <http://www.ird.gov.hk/eng/faq/ssd.htm> respectively. A working group led by Mr Joseph Ho will follow up the issue and recommend appropriate action to the GPD Council in due course.

Property Valuations Consultation by the Securities and Futures Commission (SFC) and The Stock Exchange of Hong Kong (SEHK)

A joint consultation paper on property valuations proposed by SFC and SEHK came to the attention of the GPD Council recently. A working group under the GPD Council leading by Mr Joseph Ho and comprising representatives of some valuation firms was formed to study the paper, provide comments and advice to GPD Council by February 2011. A comprehensive response from the Council was formulated and submitted to SFC and SEHK.

GPD Capability Statement

The English version of this document was endorsed by the GPD council recently. This statement intends to introduce the HKIS set up, promote the expertise of GP surveyors, explain the main rules of conducts, inform the set up of various working panels, accredited courses, reciprocity agreements, recent hot issues handled by GPD council etc.

The Chinese version is being finalized thanks for the hard work of Edward Au, Thomas Tang and his colleague Wayne Leung. The whole document can be ready for printing soon.

Appointment Process of Independent Valuer

To streamline process and have a more effective and fair appointment procedure, a working group was formed. Recommendations on the "Appointment Process of Independent Valuers" convened by Mr C K Lau were formulated. In brief, a new set of practical guide is to be issued to facilitate the application and the appointment process; the non-refundable fee to the HKIS is to be revised; a conditional appointment will take effect when the President signs the appointment letter; declaration on conflict of interest has to be made by both parties at the outset; the application form is to be updated; an indication that the fee for each assignment would unlikely be less than \$75,000 guidance on expectation of a reasoned award etc.

After several rounds of discussion, a "PRACTICAL GUIDE for the Application to the President of the Hong Kong Institute of Surveyors for the Appointment of an Independent Valuation Expert" which provides guidance to users who wish to make use of such service has recently been finalized. This guide relates to rental determinations (for rent review and lease renewal) or for capital value determinations. The HKIS had in 2000 published a set of Guidance Notes for Surveyors Acting as Independent Experts for Commercial Property Rent Review. It should be noted that the latest guide is not a legal document. Parties making use of the HKIS appointment service must agree their terms of engagement with the IVE.

Meanwhile, the GPD WG is liaising with the HKIS Admin office to fine-tune the formatting and will arrange the Chinese version shortly. Thereafter, the working group will launch appropriate marketing activities accordingly.

A review on Guidance Note (GN) on rent review and the Scale of Professional Charges for Services in HK – General Practice

The GPD WG is currently in collaboration with RICS to revamp the GN on rent review. Members will be kept informed of the progress.

On the Fee Scale for GP surveyors, the current Scale was first published jointly by the HKIS and the RICS (HK Branch) in 1995. HKIS had reviewed and re-printed the same in 2005. This fee scale has been prepared as a recommended scale for professional surveyors in HK. The GPD WG is preparing an updated edition at the moment.

The Scale is advisory in nature and is published for the guidance of Professional GP Surveyors. The Scale has been serving useful purposes in the following areas of work:

- Compensation claims. Consultation has been made by the HKIS with the Lands Department from time to time.
- Certain types of work from the URA
- Court work—reference points for determination of reasonableness of “costs” for expert surveyors’ fees
- Independent expert—reference points for the determination of reasonableness of experts’ fees by the President of the HKIS or by the courts

The GPD WG is collecting comments from fellow members and stakeholders on the proposed fee scale. Further consultation and discussions with the relevant government departments and the URA will be made.

Vote of Thanks

I wish to take this opportunity to express my whole-hearted thanks to all the Council members, Committee and Panel members, members in various working groups and sub-committees for their efforts and hard works, without which our Divisional works would not have been so successful.

Divisional Council & Young Surveyors Group Reports

Land Surveying Division

Simon KWOK
Chairman

I have the pleasure to present this report on the activities of the Land Surveying Division in the year of 2009-2010. During the past year, we were pleased to see more work opportunities for the land surveying profession generated from the infrastructure projects and the increased application of spatial information technology in public services and business operations.

Serving the Community

With the mission of contributing our professional expertise to serve the community, we provided views for development of public policies in various areas. We submitted our views to the Chief Executive relating to the 2010 Policy Address, in particular on using Geographic Information System (GIS) for effective land use management and to develop spatial infrastructure for engaging the public to participate in managing the land resources of Hong Kong.

On the development of the land boundary system of Hong Kong, we provided written submissions and participated in the panel meeting of the Legislative Council Joint Subcommittee on Amendment to Land Title Ordinance under the Panel on Development and Panel on Administrative of Justice and Legal Services. We proposed amending to the Land Survey Ordinance for introduction of determination of land boundaries and setting up the cadastral system of Hong Kong for improving the records of land boundary evidences and to support the operation of the to-be-introduced land title registration system.

We met the Tree Management Office of the Development Bureau to exchange views on how land surveyors could help in Tree Management and to let them understand our expertise in tree survey, mobile mapping and location based services.

For driving the development of spatial data infrastructure, we organized a conference on Spatial Data Infrastructure in Hong Kong on 18 March 2010. This event created a platform to foster collaboration in the industry. The conference was co-organised by HKIS, the IT Division of the Hong Kong Institution of Engineers, the Hong Kong Polytechnic University and the Chartered Institute of Civil Engineering Surveyors.

Promoting our Profession

Building Adaption and Revitalisation have been important issues for sustaining the quality living environment of our city. In the 2010 HKIS Annual Conference, which was held on 4 September 2010, we highlighted land surveyors' role and expertise in precise measurement, building stability monitoring, laser scanning and 3D modeling to support the design and maintenance work for Building Adaption and Revitalisation.

We organized a poster design competition on the topic of "Contribution of the Land Surveying and Geomatics Profession to Infrastructure Projects". The winning entry was used for promoting our profession to the industry. The participants of the competition were university students of the BSc., MSc. and PhD programme of the Department of Land Surveying and Geo-informatics of the Hong Kong Polytechnic University. The event started on 30 December 2009 and the results were announced on 14 June 2010. During the six months of competition period, we organized two briefing sessions and two visits to infrastructure project work sites for the students to understand the work of land surveying.

In conjunction with other divisions of HKIS, we met the reporters of newspapers and magazines in a media luncheon on 9 February 2010 to establish the

communication channel and relationship with the media.

International Affairs

A delegation of 15 members from the Geomatic and Land Surveying Division of the Institute of Surveyors, Malaysia visited HKIS on 18 March 2010. We had a very good time in exchanging of our ideas, in particular on the development of utility mapping.

On 11 to 16 April 2010, the HKIS delegation, which was consisted of members from the Divisions, attended the International Federation of Surveyors (FIG) 2010 Congress in Sydney. The theme of the conference was about building capacity and the challenges for developing a spatially enabled society.

On 26 to 28 May 2010, the International Society of Photogrammetry and Remote Sensing (ISPRS) held the Joint International Conference on Theory, Data Handling and Modelling in Geospatial Information Science in Hong Kong. HKIS is a member of ISPRS and we were one of the supporting organizations of this conference.

Mainland Affairs

The Mainland surveyors have developed a close relationship with HKIS. We participated in the following events:

- The 9th National Congress and 50th Anniversary of the Chinese Society of Photogrammetry, Geodesy and Cartography (中國測繪學會第九次全國代表大會暨學會成立50周年紀念大會) held in Beijing from 4 to 7 December 2009.
- 2010 Mainland and Hong Kong Construction Industry Forum – Sustainable Urban Form: Green Building and Low Carbon City (2010年內地與香港建築業論壇 - 可持續城市形態：綠色建築與低碳城市) held in Fuzhou (福州) from 19 to 21 June 2010.
- Guangdong-Hong Kong-Macau Surveyors Conference (粵港澳測量師學術交流聯誼活動) held in Zhanjiang (湛江) from 1 to 3 July 2010.
- The 6th Cross-strait Geomatics Conference (第六屆海峽兩岸測繪發展研討會) held in Macau from 13 to 16 October 2010.
- The 6th Cross-Strait Four Places Land Conference (第六屆兩岸四地土地學術研討會) held in Hong

Kong from 29 to 31 October 2010.

- 2010 Annual Conference and Executive Committee Meeting of the Chinese Society of Photogrammetry, Geodesy and Cartography (中國測繪學會2010年學術年會暨理事會) held in Nanjing from 9 to 11 November 2010.

Regarding the development on the Mainland / Hong Kong Closer Economic Partnership Arrangement (CEPA), the HKIS delegation, which was consisted of representatives from LSD, QSD, BSD, GPD and PFMD, attended the Meeting on Reciprocal Recognition of Professional Qualifications (第12次「專業資格互認聯合工作會議」暨第2次「內地與香港執業資格互認、註冊、執業研究小組」會議) organized by the Development Bureau ("DEVB") and the Ministry of Housing and Urban and Rural Development (住房和城鄉建設部) held in Beijing on 15 December 2009.

The HKIS CEPA Committee had regular meetings with DEVB to discuss the progress of cooperation with the Mainland counterparts.

I would also like to recap the progress in the land surveying field. We arranged meetings with the State Bureau of Surveying and Mapping (國家測繪局) and the Chinese Society of Geodesy, Cartography and Photogrammetry (中國測繪學會) on 31 March 2006 and 18 January 2008 respectively to discuss the arrangement for recognition of land surveying professional qualification. On 1 March 2007, the Mainland started to implement the Provisional Rule for Registered Surveyor System (註冊測繪師制度暫行規定). In recent years, the Mainland has been developing the registration system and training materials for Registered Surveyor Examination.

In 2010, we provided DEVB a list of action items for discussion with the Mainland. The areas we wanted to progress further were:

1. Provision of training to the professional land surveyors of Hong Kong for getting the Registered Surveyor qualification of the Mainland (中華人民共和國註冊測繪師資格) .
2. Arrangement of the Hong Kong Professional Land surveyors to take the Examination Registered Surveyor Qualification (註冊測繪師資格考試) .
3. The ways for allowing Hong Kong Land Surveying companies to obtain the surveying organization qualification certificate of the Mainland (內地測繪單位資質證書) .

Education and Membership

We managed to maintain good cooperation with the academia and attended the regular liaison meeting and the Advisory Committee Meeting of the Department of Land Surveying and Geo-Informatics ("LSGI") of the Hong Kong Polytechnic University. Talks on our profession were organized for university students and secondary school students.

The LSD Education Committee and LSD representative to Board of Education did a very good job in providing APC training, conducting Assessment of Professional Competence and arranging interviews for application of membership.

Continuous Professional Development (CPD)

The following CPD events were organized in this year:

- 25 January 2010: Monitoring of large area land subsidence using radar satellite
- 27 February 2010: Site visit to Anderson Road Development Works
- 17 April 2010: Site Visit to the West Drainage Tunnels
- 20 April 2010: Trends and challenges of photogrammetry
- 29 May 2010: Town Gas Asset Management System
- 28 August 2010: Half-day seminar on the papers presented in International Federation of Surveyors (FIG) Congress and Mainland Hong Kong Construction Industry Forum.

Social Function

The LSD Annual Dinner was held on 6 October 2010. It was a very successful event with lots of fun and great friendship among surveyors and guests from public sector, private surveying firms, academia, consultants and equipment and software companies.

Amendment of the Land Surveying Division (LSD) Regulation

The HKIS General Council approved the amendment of the Regulation for LSD about the increase the number of Vice Chairman of LSD Council from one to two with effective from 18 November 2010. The addition of one Vice Chairman will strengthen the capacity of the LSD Council to serve our members. It will also create more opportunities for developing our next generation surveyors to take up leadership roles in our professional institution.

Vote of Thanks

I wish to express my heartfelt thanks to the LSD Council, Committees, Working Groups, voluntary advisors and the LSD members for their hard work and unfailing support in the institute's work and events during the past year. I am very grateful to have their contributions and proud of their achievements.

Divisional Council & Young Surveyors Group Reports

Planning & Development Division

Francis LAM
Chairman

I have had the honour to serve as the Chairman of the HKIS Planning and Development Divisional Council for the year 2009-2010. I am delighted to report on the achievements of the PDD Council during the past year.

With the dedication and hard works of my fellow council members, we were able to achieve the following:

1. Membership growth

Starting from just 7 members in 2003, we have gradually extended to 60 members including fellow, corporate, probationer and student members as follows-

	As at November 2010
Fellow	17
Member	35
Probationer	4
Student	4
Total	60

In this connection, I would like to welcome Mr Wong Hoi Kit Wilfred, Mr Chan Tak Ming and Mr Tse Chi Kin who were admitted as corporate members of PDD in 2010.

2. Assessment of Professional Competence

The number of probationers pursuing APC for PDD was four. One of the probationers completed the professional training and sat for final assessment interview in early December. I wish to see more probationers proceeding to final assessment in the near future.

3. CPD Events

A total of 7 CPD events were successfully organized in 2010 as follows:

- “Revitalization of Industrial Buildings” by Mr Laurie Lo, Head of Development Opportunities Office, Development Bureau on 1 March 2010.

- “Adding Value Through Design” by Dr Chan Lai Kiu, Director of Design and Project, Hysan Development Company Limited on 11 March 2010.
- “Briefing Forum on Draft Design and Management Guidelines on Public Open Space in Private Developments” by Rocco Design Architects Limited on 9 April 2010, jointly held with PFMD Council.

- “Mental Health Management in Workplace” by Dr Issac Yip on 29 April 2010.

- “Land Administration System in Macau” by Mr Mok York Yee Cyrus, Chairman of the Professional Development and Education Board, Macau Valuers Association on 29 June 2010. Mr Mok is also our Hon Treasurer.
- “Section 16 and Section 12A Applications under the Town Planning Ordinance” by Mr Raymond Chan, Vice Chairman of PDD Council on 5 August 2010. Mr Chan is also a Past President of HKIS and currently a member of the Town Planning Board.
- “Columbarium – Land Use and Planning” by our Vice Chairman, Mr Albert So. Mr So is also a co-opted member of the Development Committee of the Chinese Permanent Cemeteries Board of Management and the immediate past chairman of RICS HK Board.

4. Fellowship Dinner with GPD

On 18 March 2010, we had in conjunction with GPD Council and organized a fellowship dinner at the World Trade Centre Club. About 50 guests attended the event and shared the warm fellow spirit.

5. Mainland and HK Construction Industry Forum 2010, Fuzhou

Mr Ben Chong, the Hon Secretary, and I attended the Mainland and HK Construction Industry Forum 2010 in Fuzhou from 19 to 21 June 2010. This annual forum was jointly organized by the PRC Ministry of Housing and Urban-Rural Development and the Development Bureau. This event was very successful in that some 400 delegates from both PRC and Hong Kong gathered together to share their knowledge and experience on green and low carbon city planning.

6. FIG International Congress 2010 in Sydney

Mr Edwin Tsang, our immediate past chairman, joined the HKIS delegation to attend the FIG

International Congress 2010 held in Sydney from 11 to 16 April 2010. It was a very successful event and we have strengthened the PDD’s linkage with Commission 8 (Planning and Development) of FIG. As a follow-up, the PDD Council has agreed to nominate our Vice Chairman, Professor James Pong, to continue to build our working relationship with FIG Commission 8.

7. CEPA

Dr Tony Leung, our Vice Chairman, has actively taken part in the discussion between the HKIS CEPA Committee and the Development Bureau on possible reciprocal arrangement with the Mainland counterparts. Let’s keep in view the outcome.

8. Accreditation of BSc (Hons) Surveying Programme of The Hong Kong Polytechnic University

Having considered the report of PDD Accreditation Working Group, the HKIS Board of Education finally endorsed our recommendation to approve the BSc (Hons) Surveying Programme offered by the Hong Kong Polytechnic University as satisfying the minimum academic qualification for admission to the APC scheme leading to corporate membership of HKIS PDD.

9. Disciplinary Hearings

Two of our Vice Chairman, Mr Francis Lau and Professor James Pong, were actively engaged in some disciplinary cases either at committee investigation stage or disciplinary panel stage.

10. The Way forward

As I have recently relocated to Beijing, I am not be able to continue to serve the PDD Council as Chairman. The PDD Council at its meeting on 2 November 2010, elected Mr Raymond Chan to take over my office pursuant to PDD regulation 1.5.

I trust Mr Chan will continue to lead the PDD by working closely with all Council members to further develop the division and to enhance our professional standing, both within and outside the institute. We will also plan for organizing some CPD events, talks or technical visit relevant to the planning and development surveyors. I trust I can count on your support.

Divisional Council & Young Surveyors Group Reports

Property & Facility Management Division

Gary YEUNG
Chairman

Research and Publication

The Council finished the research with the Hong Kong Polytechnic University in August 2010 namely **“Benchmarking Management Fees for Office Buildings in Hong Kong”**. The published report has been sent to all members of the Hong Kong Association of Property Management Companies (HKAPMC), related government departments and universities. The key researcher, Dr K.K. Lo conducted a CPD seminar on 25 February 2011 briefing members on the result of the research. This research was an extension of a similar study on residential buildings which was completed two years ago.

Another research in connection with **“Green Property Management Practice”** which was commenced in late 2009 is at its final stage of drafting. Our Honorary Secretary, Charles Hung, would like to make it more interesting by adding photos and other materials. It will most probably be published around mid 2011.

The Council has just decided to commence a fourth research on **“Facility Management for Elders in Public/Subsidized Housing”** with the City University of Hong Kong. A focus group discussion with related stakeholders was held on 1 December 2010.

The English version of HKIS Guide to Good Property Management Practices has attracted much public attention since its publication. Inherited with this overwhelming success, we are going to translate it into Chinese in order to facilitate much wider recognition and possibly encourage adoption by the owners' corporation. The Chinese version may also help accelerating our promotion in the Mainland China. The translation draft has just been finished by the consultant and Mr Daniel Hui is now arranging for proofreading and cross checking of its accuracy.

We expect the Chinese Guide could be published by mid 2011.

The Council has formed a working group for the formulation of a series of standard agreement on the provision of various property and facility management services. The first simplified version of agreement is close to its final drafting stage and we expect it could be published in year 2011. This simplified version of agreement is intended to be used by owners' corporation on the appointment of property management agent, hence, Chinese translation will also be produced alongside with the English one.

Assessment of Professional Competence

One important and memorial milestone of our Division this year must be the birth of the first candidate, Mr Pierre Leung, who has gone through the whole APC process and became qualified as a PFM Surveyor. There were another four candidates attending the practical task in November 2010. It was glad to learn that there are increasing number of university graduate joined as probationers and embarked our Division's APC, and we expect there will be more members qualifying through our assessment and become PFM Surveyor. To facilitate probationers to familiarize with our assessment, we organized the first *APC Workshop* on 29 October 2010. Experienced assessors and Pierre were invited to share with the APC candidates how they could become a qualified surveyor.

CPD Event

In the Annual general Meeting of last year, I promised to arrange not less than 20 hours CPD event a year for members. My pledge was accomplished for the period between December 2009 and November 2010 although marginally. I will not repeat the details in

this report but the CPD included seminars, luncheon, site visit and workshop. I must thank for Mr Daniel Hui and his team's hard work, and I am quite sure that Mr Hui will keep up with this good record in the coming year.

Visit and Networking

As reported in earlier Surveyors Times, the Council intended to open dialogue with the **China Property Management Institute** (CPMI) for possible reciprocal recognition. A letter was sent to the President of CPMI on 7 January 2010. Formal request were raised to Liaison office of the central People's Government in the Hong Kong S.A.R. (中聯辦) and the Development Bureau for the arrangement of a face-to-face discussion. A visit was indeed planned in November 2010 to CPMI Beijing Headquarter. However, we subsequently noted from the Development Bureau that the visit will be withheld until further notice.

Our Division maintains good connection with the **Guangdong Property Management Industry Institute** (GDPMII) after the signing of a Memorandum of Cooperation in November 2009 when we visited Guangzhou. Four of our Council members, namely Mr Gary Yeung, Mr Eddie Hui, Mr Nelson Ho and Mr Daniel Hui, were also nominated by the GDPMII as Property Management Experts of Guangzhou and Certificate Presentation Ceremony was held on December 2009. Through the introduction by GDPMII, the 山東省住房和城鄉建設廳 and the Foshan Real Estate Association (佛山市房地產業協會) visited our Institute on 12 May 2010 and 9 July 2010 respectively. The Council warmly received the two teams of delegates and the Division Brochure published in 2009 was a useful tool for introducing our Institute and Division.

I was invited by City University of Hong Kong to attend its Information Day held on 9 October 2010. I took the opportunity to conduct a short briefing session to more than a hundred Form 7 students introducing our Institute and Division. With the kind arrangement of Professor Eddie Hui, our Council Member, the Council visited the Hong Kong Polytechnic University on 23 February 2010 and met the year 3 students of the BSc (Hons) in Property Management Degree. They are all potential candidates of our probationer.

To enable a good relationship within and outside the Institute, I attended the Annual Dinners of GPD/PDD, LSD and QSD; and various organizations externally

including ISCM, HKIFM and HKAPMC; and Spring Reception of Home Affairs Department (HAD) and Liaison Office of the Central People's Government in the Hong Kong S.A.R.(中聯辦).

Quality Property and Facility Management Award

Our Division jointly organized the Award with HKAPMC. Through the QPFMA, we aspired to honour outstanding property and facility management service in Hong Kong. Nomination ended in 30 November 2010 and the Secretariat had received a total of 155 nominations. The Judging Criteria focus on management, maintenance, cleaning, security and finance services, and other outstanding performance on environmental protection and value-added services. Site visits were conducted on 22 and 23 January 2011. A total of 22 finalists were short-listed and were invited to present their submissions to the Jury Panel in a CPD Conference held on 26 February 2011. The Conference was also open to members allowing entrant teams to share their valuable management experience with our members. The Award Presentation Banquet will be held on 25 March 2011. I must take this opportunity to thank our Council Members and the representatives from HKAPMC for their active participation as Organizing Committee Members.

FIG International Congress 2010

I attended the Congress which was held between 11 and 16 April 2010 in Sydney of Australia. Taking the opportunity to network with other overseas surveyors, I was also impressed by the huge Plenary Session and close to 700 subject presentations. Obviously, PFM Surveyors could take a more active involvement in FIG activities especially those of Commission 8 on Spatial Planning and Development, and Commission 9 on Valuation and Management of Real Estate.

Listing of Organizations Providing Property and Facility Management Services

The Council anticipated needs in the market where property owners are looking for professional property and facility management services and therefore formulated a list of organizations corresponding to such expectation. The organization must be registered in Hong Kong and employed at least one PFM Surveyor. Information of those acceptable organizations has been uploaded to our website for public reference.

Proposed Regulation of Property Management Industry

The HAD appointed Deloitte Consulting to carry out a preliminary study on this proposed regulatory framework and the Council was invited to attend their Discussion Workshop held in March 2010. The Council welcomed the licensing of property management companies whilst having reservation on the licensing of practitioners. I reported the Council's comment earlier in the Surveyors Times. As the proposed statutory regime has a far reaching impact on our members, the Council has been actively looking after its development. The HAD had already submitted a paper to the Legislative Council Panel on Home Affairs for discussion. A face-to-face discussion was held with the Deputy Director of Home Affairs on 13 October 2010 and the Council's concern was raised. It was noted that consultation document was published in December 2010. The Deputy Director attended a briefing session for our members to explain the detail of the consultation and members' Discussion Forum was held immediately after the briefing session. I attended the Meeting of the Panel on Home Affairs of the Legislative Council on 18 February 2011 and members' concern was raised. The Council has formed a Working Group led by Professor Eddie Hui and a comprehensive report was submitted to the HAD before the deadline of consultation of 15 March 2011. In the Policy Address of the Chief Executive published in October 2010, it was noted that such statutory intention was also publicized.

Conclusion

Finally, I must thank the Council Members for their dedicated hardwork. Without their supports, the achievements of the Council would not be that fruitful and successful. I look forward to a continuous success of the Council in the coming year.

Divisional Council & Young Surveyors Group Reports

Quantity Surveying Division

Daniel HO
Chairman

Introduction

I may not be able to contribute much to the Quantity Surveying Division (QSD) but every effort the Council Members put forth counts. I am glad to report on behalf of the QSD that the active participation and hard work of the Council Members in the past 12 months enabled the completion of most of the key tasks as planned at the beginning of this year.

We successfully arranged the second lot of members to undergo the training and assessment for registered cost engineers in the Mainland. We strived to enhance both local and international networks. We explored various means of promoting the quantity surveying profession and attracting new blood. We actively involved in local affairs. We implemented a structured training course for members.

QSD Council 2009-2010

To show you a full picture of the efforts we have made, I give below a brief summary of the tasks attempted and/or completed in the past year.

Mainland Affairs

China Engineering Cost Association (中國建設工程造價管理協會) (CECA) 20th Congress

2010 was the 20th anniversary of CECA. The representatives from the quantity surveying institutes

outside the Mainland including HKIS were invited to join its congress held on 16 September 2010 in Beijing. The HKIS representatives included Professor Chau Kwong Wing, the President, Mr T T Cheung, the past President, and I.

The Congress had about 300 attendants. In the speech of the President of CECA, Madam Zhang Yun Kuan (張允寬理事長) expressed her sincere thanks to HKIS for the assistance and support in the past years for co-ordinating and establishing the platform between the international institutes and CECA. Through the platform, the cost engineers in the Mainland could get themselves familiar with the cost engineering practices of other countries and vice versa.

There were various awards presented to the members of CECA. 2 HKIS members, Mr T T Cheung and Mr Tommy Y K Yim, received one of the awards, which was to show appreciation to the Council Members of CECA serving the Council for at least 3 terms i.e. 12 years and making significant contributions in education, consultations, cost engineering services etc.

Mr T T Cheung, also on behalf of HKIS, presented a paper on the topic of 建設工程的風險評估、防範及管理 in the seminar after the opening ceremony.

Representatives of PAQS, HKIS, SISV, ICEC and RICS

Participants from all provinces of the Mainland

Reciprocity Assessment between HKIS and CECA

The Reciprocity Agreement between the China Engineering Cost Association (CECA) and HKIS was extended by way of a supplemental agreement signed in June 2009. Following this, we together with CECA arranged a reciprocity assessment for members of HKIS and CECA this year. For better logistic arrangements, the assessment for members of HKIS and CECA was held separately.

The training and assessment for the HKIS members was held on 12 and 13 October 2010 in Hong Kong. This two-day training and assessment workshop was arranged by the Mainland Sub-committee led by its Chairman, Mr Stephen Lai and Vice Chairman, Mr Antony Man.

There were a total of 6 trainers and assessors from CECA. They included Professor Yin Yi Lin, Tianjin Polytechnic University, Mr Xie Hong Xue, Vice-President of CECA and President of Sichuan Cost Engineers Association, Professor Wu Zuo Min, Vice Secretary of CECA, Ms Kong Xian Zhen, Director, Division of Qualification Registration of CECA, Mr Sue Yu Deputy Director, Division of R&D of CECA and Madam Ma GuiZhi, Vice-President and Secretary-General of CECA.

A total of 167 HKIS members attended the workshop. Throughout the two days, the trainers gave an overall view of the practices and regulations adopted in the Mainland for cost engineering. It was a good start for members who would like to continue their professional development as registered cost engineers in the Mainland.

Simple but serious opening ceremony

Trainers from CECA and representatives from HKIS

Training for 167 HKIS members

A similar workshop for the members of CECA was held at Shenzhen on 9 and 10 November 2010. In the two-day event, there were five training sessions and nine tutorials handled by the following 8 senior members as speakers (topics delivered in brackets) and tutors:

1. Mr Stephen Lai (Professional Practice in Quantity Surveying)
2. Mr Anthony Lau (Project Management)
3. Mr Kenneth Poon (Financial and Cost Control and Estimating)
4. Mr K C Tang (Contract Management)
5. Mr T T Cheung (Alternative Dispute Resolution)
6. Mr Spencer Kwan, Mr Arthur Shia and Mr Anthony Chung (Tutors).

More than 170 members from CECA attended the two-day training and tutorial sessions. Each attendee received the training materials including the Rules of Conduct, Ordinance of the Registered Professional Surveyors and a student copy of the Standard Form of Building Contract 2005 edition.

The speakers were quite impressed by the response of the attendees. They were enthusiastic in raising questions and eager to have experience sharing with the speakers after each training session. For instance, one of the questions was whether there would be any conflict between professionalism of being independent and delivery of contractual

duty in protecting the client's interest under the appointment contract with the client.

The attendees came from different provinces of the Mainland. The President of CECA showed appreciation of the training by saying that the training had widened the perspective of the attendees and had allowed them to have a better understanding of the quantity surveying professional practice implemented in Hong Kong and in the Mainland. As a result, the members of CECA could enhance their skills and knowledge in cost engineering, which would be beneficial to the development of both professions in the Mainland and in Hong Kong.

After completing the two-day training, those CECA members will be elected as members of HKIS Quantity Surveying Division later if they can fulfill all the requirements under the Reciprocity Agreement between CECA and HKIS.

Opening ceremony

Questions and answers

Registration as cost engineers in the Mainland

Under the reciprocity agreement with CECA, 172 members passed the assessment in year 2006 and 65 members registered as cost engineers in 2008. In 2010, a further 14 members registered as

cost engineers, making this a total of 79 members registered as cost engineers in the Mainland.

Reciprocity Visit to the Shanghai Construction Department (SCD)

(上海市建築建材業市場管理總站)

On 5 November 2010, 2 of our former divisional chairmen, Mr Spencer Kwan and Mr Stephen Lai, together with the Chairlady of the Shanghai Forum paid a visit to SCD whereby they were received by the Division head, Mr Sun Xiao Dong (孫曉東科長). The visit was one of regular activities for reinforcing the link between our Institute and the administrative heads of the Construction Bureau for updating the local administrative changes in each province.

During the visit, we learnt that the organization structure of the local Construction Bureau at Shanghai had recently gone through a substantial organizational change. All construction related arms are governed under one umbrella. The former Standard Rates [Norms] (定額), which concerns QSD, is now under the jurisdiction of the SCD. By making reference to the systems adopted in Hong Kong for easy understanding, the responsibilities of the SCD include the functions of the Buildings Department in administration and control of building construction and of the Development Bureau in strategy planning.

We shall keep on maintaining regular contact with the officials in the Mainland for the benefits and interests of members working at various provinces in the Mainland.

Ms Iris Lee, Mr Sun Xiao Dong, Mr Stephen Lai and Mr Spencer Kwan

International Affairs

CIQS Visit

The Canadian Institute of Quantity Surveyors (CIQS) is one of the institutes having signed a reciprocity agreement with HKIS. On 20 July 2010, 2 CIQS representatives, viz Mr Ian Duncan, the Past President, and Mr David Lai, the Education Administrator, together with their wives paid an unofficial visit to HKIS. They were welcomed in a simple but friendly reception with the attendance of 10 members of the Quantity Surveying Division.

We learned in the discussions that the quantity surveyors in Canada had not been affected by the economic crisis in 2008. The cost professionals were busy in preparing cost estimates and in implementing cost controls in both good times and bad times. This may be a good reference for promoting the QS profession to the school leavers.

The CIQS representatives thanked our warm hospitality and looked forward to our future visit to Canada and CIQS. Shortly after their return to Canada, they sent us a soft copy of their standard form of contracts for our information and reference. They further offered to give a talk to our members by one of its senior members responsible for drafting those contracts in future.

PAQS Chairman Visit

Mr Teoh Wooi Sin, the Chairman of the Pacific Association of Quantity Surveyors (PAQS), together with Mr Goh Ngan Hong, the President of the Quantity Surveying Division of the Singapore Institute of Surveyors and Valuers (SISV), paid a visit to our Institute on 17 May 2010.

They were welcomed by Mr Peter Wong, our Senior Vice President, Mr T T Cheung, Past President, Mr K C Tang, Chairman of the Board of Education, Mr Evelyn Kwok, Chairman of the Board of Membership, Mr Antony Man, the QSD Officers, viz... Vice Chairman, Mr Thomas Ho, Honorary Secretary and Mr Alan Cheung, Council Member.

Views were exchanged with the two guests on the infrastructure projects in Hong Kong, the involvement of member countries in PAQS and International Cost Engineering Council (ICEC) and the various ways of possible co-operation between HKIS and SISV. It was agreed that in view of the future economic growth in Asia and for the benefit of the members of both

institutes, a closer working relationship amongst China, Hong Kong and Singapore should be explored.

Presentation of souvenirs to Mr Teoh and Mr Goh

Luncheon reception

7th International Cost Engineering Council (ICEC) World Congress & 14th Pacific Association of Quantity Surveyors (PAQS) Congress

The 14th Congress of the PAQS and the 7th ICEC World Congress were held in Singapore from 23 July to 27 July 2010. The congress was organized by SISV. The theme of the PAQS Congress was "Sustainable Cost Management: Borderless Innovation". It was an opportunity for participants to keep abreast of the updated development of quantity surveying services in sustainable development.

Eleven members/delegates of HKIS attended the congresses. The members/delegates included Mr Eric Cheng, Mr T T Cheung, Mr Joseph Chong, Mr Lawrence Chung, Dr Paul Ho, Dr Ellen Lau, Professor Anita Liu, Mr Antony Man, Mr K C Tang, Ms Tzena Wong and I.

For information, the members of HKIS had great involvement in these 2 international organizations. They include:

ICEC

- Mr T T Cheung: Administrative Vice Chair

PAQS

- Mr T T Cheung: Chair of Sustainability Committee
- Mr Joseph Chong: Chair of Young Quantity Surveyors Group (YQSG)
- Dr Paul Ho: Chair of Research Committee
- Professor Anita Liu: Secretary of Education and Accreditation Committee
- Dr Ellen Lau: Secretary of Research Committee

The full day ICEC Council meeting was held on 24 July 2010. Among the 30 items in the agenda, the discussions included the reports from the 4 regions. Mr Antony Man, Vice Chairman of QSD, and I represented HKIS and reported the updated information of HKIS to the meeting. Mr T T Cheung received an ICEC Region and Chairman's Award in recognition of his contribution in the region and assistance to the ICEC Chairman, Mr Peter Cox and the Region 4 Director, Mr Teoh Wooi Sin, in the past 2 years. Mr Cheung had also been elected as the Administrative Vice Chair for a term of 2 years from July 2010.

In the PAQS Board meeting held on the following day, Mr Antony Man and I represented HKIS and reported the key developments of HKIS and the major events of the Hong Kong Construction Industry since the meeting last year. In 2010, the congress had 38 papers and 6 of them were from the members/delegates of HKIS, which included:

- The application of construction cost yardsticks for the planning and control of construction cost for public rental housing in Hong Kong: Mr T T Cheung and Mr Lawrence K W Chung
- How prime are prime cost rates: Mr Eric Cheng
- Probabilistic service life estimation of roofing systems: Dr Paul H K Ho
- A multi-disciplinary approach in reviewing professional codes of conduct: Dr Ellen Lau
- Web-based document management systems in the construction industry of Hong Kong: Ms Tzena Y C Wong
- Costing of 'green' home initiatives in urban renewal projects: Mr Daniel C W Ho

QSD has arranged some of the above members/delegates to present their papers to members of HKIS in the CPD events.

Some participants of ICEC meeting

Musical talent of QS in PAQS farewell dinner

Meeting of PAQS Young QS Group

Visit to SISV

Ten HKIS members/delegates took the opportunity to pay a visit to SISV after the closing of the PAQS Congress in Singapore. We were received by the President of SISV QSD, Mr Goh Ngan Hong, the treasurer, Mr Silas Loh and other SISV representatives in its newly owned premises.

The visit allowed us to have a detailed and fruitful discussion with Mr Goh in respect of the future co-operation between the QSD of SISV, Institute of Surveyors, Malaysia (ISM) and HKIS. It was agreed that the Quantity Surveying Division of SISV, ISM and HKIS should continue sharing the skills and knowledge of quantity surveying between the 3 institutes.

Members visited SISV

Linkage with the Association for Advancement of Cost Engineering (AACEI)

Whilst attending the PAQS Congress in Singapore, we had the opportunity to meet the representative of our American counterpart, AACEI. We had discussed with her on the possibility of establishing a reciprocity agreement. We made a good start and will continue the dialogue on this subject.

Reciprocity Agreement between HKIS and ICES

On 7 April 2010, the HKIS signed a reciprocity agreement (RA) with the Chartered Institution of Civil Engineering Surveyors (ICES). It signified a remarkable achievement after 5 years of negotiation between the 2 sides.

The ICES is an international qualifying body with its headquarters in the UK dedicated to the regulation, education and training of surveyors working within the civil engineering field. It has 2 streams of specialization, the Geospatial Engineering and Commercial Management. The RA we signed on 7 April 2010 was for the ICES Commercial Stream and the HKIS Quantity Surveying Division.

Our President, Professor Chau Kwong Wing, said in the signing ceremony, "It is a big day for the HKIS. The reciprocity agreement is one further step forward for us to go outside of Hong Kong". The President of the ICES, Mr Ken Hall, said, "The reciprocity agreement contributes to the benefit of both sides. It is a significant and historical document."

Over 20 representatives from the HKIS and the ICES attended the signing ceremony and witnessed the memorable moment. The signing of the RA with ICES would benefit the members of the QSD from the sharing of knowledge and experience of ICES in the infrastructure works.

Completed a 'big' task

Eye-witnesses of the signing ceremony

Publications

Guidance notes and QS Services Fee Scale

Our Division together with the Association of Consultant Quantity Surveyors (ACQS) will produce 2 publications for quantity surveying services, viz. the Guidance Notes and the QS Services Fee Scales. Two committees, viz. Guidance Notes Drafting Committee and QS Services Fee Scale Review Committee, have recently been set up with members working in consultant firms, contractors, developers etc.

The primary objective of the Guidance Notes Drafting Committee is to review the existing quantity surveying practices in both private and public sectors and to establish guidelines to help enhance consistency and standard of quantity surveying services within the industry. The guidelines will cover the quantity surveying services provided by quantity surveyors working in consultant firms and contractors. It is planned that the drafting of the first

lot of guidelines will be available for comments by early next year.

The QS Services Fee Scale Review Committee will review the existing booklet on fee scales and produce a new one to suit the current situation. The intention of the new fee scales is to give an indication to the stakeholders on the reasonable ranges of fees that are expected for quality professional services. Hopefully, this will reduce the number of unreasonable low bids, which have significant impacts on the quantity surveying profession.

Review of the Standard Form of Building Contracts 2005 edition (SFBC)

The SFBC was launched in April 2005. It has been used by the building industry for over 5 years. In view of the suggestions and comments received from the stakeholders, a task force set up by the Contract Subcommittee started the review since September 2009. The preliminary review is almost completed. It is planned to issue a new edition of the SFBC in 2011.

Standard Form of Contract for large scale repair and maintenance works

To cater for large scale repair and maintenance works, another standard form of contract for repair and maintenance contracts is on its way. This standard form is the co-effort of the Building Surveying Division (BSD) and QSD. The review of the latest draft is almost completed and tentatively to have it launched in 2011.

New members

Assessment of Professional Competence (APC) and Assessment of Technical Competence (ATC)

In the APC held in September 2009, 86 probationers passed the assessment and became our members early in 2010. This was the effort of the members of the Divisional Education Committee (DEC), the members of the APC panel and the APC assessors for their precious time and tremendous effort in making the APC a success.

This year, the APC was organized on 13 and 14 September 2010. Similar to last year, there were approximately 280 candidates attempting the written examination. The DEC is currently conducting the assessment. It is anticipated the assessment will be completed by early January 2011 and follow on will be the assessment interviews.

The ATC for Technical Associate was held in May this year. The ATC was comprised of two parts, viz written assessment and interview assessment. Despite there being only one candidate, the result was encouraging with 100% passing rate.

APC Assessors' Briefing

It is a tremendous task to be a member of the DEC or an assessor. They help in nurturing new blood for the profession. After the hard work of the candidates in the APC held in September 2010, the assessors are now busy in evaluating the performance of the candidates.

The evaluation process started with a gathering for the assessors (APC Assessors' Briefing) organized by the DEC on 6 October 2010. The key purpose of the APC Assessors' Briefing was to brief the assessors on the intention of the APC questions and the standard levels of the answers expected from the candidates. It was also a good opportunity for the assessors to give their views and feedbacks on the same. All views and feedbacks will definitely assist the DEC in the review and modulation of the assessment.

About 100 participants

Sharing session with APC interviewers

In the past years, the DEC has received numerous feedbacks and comments from the assessors on the interview assessment. In light of this, the DEC will organize an experience sharing session in coming December. All interviewers will be invited to join and share their observations and issues encountered in the past interviews. Appropriate suggestions on enhancement of the interview assessment will be consolidated and incorporated into the guidelines for interview assessment. The updated guidelines will be issued to the interviewers for reference in the coming interview assessments to be held in January 2011.

Linkage with members

Newly Qualified QS Welcoming Party

On 8 March 2010, the QSD organized a New QS Members' Welcoming Party, which was similar to last year, to meet with the newly qualified QS this year. The party was held at the Backstage Live Restaurant in Central.

The young and fresh faces were glad to meet with the QSD Council members in this casual and jovial event. It was also a great opportunity for the QSD Council members to get to know the new members as well as introducing them to the different sub-committees of the QS Division. Further, it was a great honour to have the attendance of our Senior Vice President of the Institute, Mr. Peter Wong, who gave an impressive speech to the new members.

The games brought a cheerful atmosphere to the party. They got everybody to blend-in and to have much laughter. Certainly, they awarded the winners with meaningful prizes.

Drinking – part of QS training

Young and experienced surveyors

QSD Annual Dinner

On 28 May 2010, the QSD Annual Dinner was held in the Voting Members Box, Happy Valley Racecourse and attended by well over 180 members, guests, Office Bearers of the General Council, members of the Executive Committee, Past HKIS Presidents and Past QSD Chairmen. It was our honour to have guests from the Liaison Office of the Central Peoples' Government, Development Bureau, government departments, universities and our allied professional institutes and organizations.

We presented this year's Best APC Performance Award to Mr Eddie Chong Yiu Wong in recognition of his outstanding performance in the APC. The QSD Video was premiered during the dinner which proved to be not only informative but also entertaining.

Our Council Member Mr Joseph Chong, pretty MCs Ms Tzena Wong and Ms Louise Wong entertained the guests with wonderful songs. Lucky draws and games brought high atmosphere for the dinner. The organizing committee chaired by Mr. Thomas Ho led towards the closing of the dinner with a song "朋友".

It was an enjoyable and convivial evening. The Council looked forward to seeing more members joining the QSD Annual Dinner in the coming years.

Promotion

Promotion pamphlet

A new promotion pamphlet for promoting the quantity surveying profession to the general public was published in November. It gives a brief introduction of quantity surveying and the services provided by quantity surveyors. It states the contribution of quantity surveyors to the construction industry in the eyes of other professionals. This pamphlet should assist the general public, particularly the students in schools and the universities, to have a better understanding of quantity surveying.

City University Information Day 2010

One of the key factors for the sustainability of the quantity surveying profession is the continuous influx of new blood. Introduction of quantity surveying to school leavers is one of the key promotion activities to attract the young generation.

The information days give us golden opportunities for our promotion. The school leavers will have the chance to know about quantity surveying before they make up their minds to apply for their favorite courses in the universities.

On 9 October 2010, I had the opportunity to give a brief introduction of quantity surveying to the school leavers during the information day held in City University. There were about 200 participants. They were briefed about quantity surveying services, job opportunities and qualifying process. Their response showed their preliminary interest in the profession.

Briefing after video presentation

Full house of participants

Meeting with Surveying Students of University of Hong Kong

On 18 November 2010, the representatives of our Division including Mr Antony Man, Vice Chairman, Mr Thomas Ho, Honorary Treasurer, Mr Joseph Chong, Council Member and I visited the Department of Real Estate and Construction of the University of Hong Kong (HKU). With the assistance of the Surveying Society of HKU, we had a sharing session with about 30 surveying students coming from year one to year three.

The sharing session started with my brief introduction of the quantity surveying profession and its career path. It then followed with the experience sharing of working in consultancy firms and civil engineering projects by Mr Man and Mr Ho respectively.

Before closing the session, we showed them the newly produced QSD video and had small group discussions. Apparently, the students were concerned about the prospect of being quantity surveyors such as potential income, pros and cons of working in large or small consultancy firms, and in contractor firms.

The students welcomed our visit as this would give them a better understanding of quantity surveying before making up their minds for future career. Certainly, this would also benefit our Division. We would know better what the students were looking for and then convey the message to the potential employers.

Mr Francis Wong (middle) presented souvenir to QSD

Our future surveyors

Introduction of QS Profession to Secondary Schools

This year, one of promotion activities organized by the Promotion Sub-Committee was to introduce the quantity surveying profession to secondary school students. The introduction would be handled by qualified QS members. The members would visit their mother secondary schools and deliver career talks about quantity surveying to their young schoolmates. Hopefully, the young secondary school students would have the QS profession in their minds well before the time they have to choose the subjects in their tertiary education.

This promotion activity was a pilot scheme. The promotion sub-committee had recruited several qualified members to test the water. The members could decide the timing and the duration of the career talks. The members would be supported by the promotion sub-committee with a standard promotion package as well as the participation, if necessary, of the QSD Council Members in the career talks.

Visit to St. Paul's College

The first event of the "Introduction of QS Profession to Secondary Schools" scheme was a visit to St. Paul's College on 23 November 2010. The representatives of the QSD included Mr Chan Choi Hing, Mr Chang Ka Chung, Mr Alan Cheung, Mr Stephen Chung, Ms Rachel Lee, Mr Patrick Yip and Mr Gary Ku of the HKIS office. Some of them were the old boys of the college.

The purpose of the visit was to introduce HKIS and in particular, the QS profession to the current upper form students. This would make them aware of the profession before their coming choice of the courses in university.

The meeting was held in a cosy conference room with 14 participants from the school. They included the careers master and 13 students (both girls and boys), who showed interest in our profession. We started with a brief introduction of HKIS and QSD by means of the videos. After that, our following representatives gave further elaboration on our profession:

- Mr C H Chan - the career path and indicative salary level of the QS profession, with particular emphasis on the consultant side.
- Mr Alan Cheung and Mr. Stephen Chung - a brief introduction on the variety of works that QS could do, including working in the civil engineering industry and in contractors, and other property and investment related areas into which QS could venture.
- Mr Patrick Yip - QS work and salary levels in public organizations as a comparison.
- Ms Rachel Lee - increased involvement of female surveyors in the profession.

This one-hour talk and sharing session was successful. The students showed great interest in the presentation. This might result from the message coming from the old boys of the College. I quote the message from their school master: "The boys and girls were really enthused by your presentation and natural and open style of delivery. It would be fair to say that if they were not convinced about QS before they came to the presentation, they certainly were afterwards."

What a good memory!!

A nice lunch meeting with the young generation

Scholarship Scheme

The Division has organized the first Scholarship Scheme for full time degree and associate degree students who study quantity surveying subjects. The objectives of the Scholarship are:

1. To award students aspired to pursue the quantity surveying profession as evidenced by their electives and outstanding performance in key quantity surveying subjects, including measurement, contract law and quantity surveying practice.
2. To promote quantity surveying as a high valued profession in the construction industry.

We have received 9 sponsors supporting 23 awards this year. Each awardee will receive a cash prize of HK\$3,000. For each award, the sponsor will contribute HK\$2,000 while QSD will contribute HK\$1,000. The scholarship will definitely attract more young elites to join the industry and also provide an invaluable opportunity to promote the sponsor's name to these young students and others outside our industry.

Video for QS Profession

The sub-committee led by Mr Yam Kwan Sum supervised the video production since May 2008. The first version of the video was viewed by the members joining the APC briefing held on 8 October 2009. The members gave some constructive comments on the video. After incorporating the comments, the first broadcast of the completed video was made in the annual QSD dinner in June this year.

Subsequently, the video was fine-tuned. It is now available in English, Cantonese and Mandarin. It has been shown in the promotion activities since then. The video has helped in the introduction of the quantity surveying profession in a lively way. I would consider "it is value for money".

Training

Continuous professional development events (CPD)

The CPD sub-committee led by Ms Kathy Cheung had arranged 16 CPDs for over 2,000 participants. The topics covered a wide range of issues such as contractual matters, computer technology for measurement and stress management.

Pre-qualification Structured Learning

Pursuant to the HKIS QSD APC rules and guide (APC Rules), "the candidate must undertake a minimum of 24 hours of Pre-Qualification Structured Learning (PQSL) for every 6 full months after entry to the APC but before taking the Final Assessment for the first time subject to a minimum aggregate of 96 hours". The candidates are expected to gain skills and knowledge which are not always possible to obtain within day-to-day business of the practice.

The candidates can fulfill this requirement by attending courses and training sessions, undertaking researches, post-qualification studies etc., which follow the APC Rules, at their choices. The past PQSL submissions from the candidates indicated that there was a 'big' gap between the quality of various courses and studies, which might defeat the intention of the PQSL.

In light of this, there were suggestions that the institute should organize a structured learning course for the candidates. The course would ensure that the candidates would gain an appropriate level of skills and knowledge prior to attending the APC. After deliberation, the Council then decided last year to implement a pilot scheme for a period of 2 years.

The sub-committee responsible for the pilot scheme is led by our Honorary Treasurer Mr Sunny Chan. The pilot scheme is comprised of 19 seminars with a total of 49 hours. The duration of each seminar ranges from 1.5 to 3 hours. The seminars cover topics relating to both pre-contract and post-contract quantity surveying services, which include measurement, cost planning, contract administration, procurement, real estate development, dispute resolution and project management. The speakers of the seminars are well-experienced practitioners and experts in the related topics.

By the end of November, we had organized 8 seminars and the rate of participation was very encouraging. Besides the candidates, the participation of speakers also contributed significantly to the success of the scheme.

Training on Standard Form of Building Contract

Besides CPD events, the Division has organized some advanced training courses for members. The training sub-committee led by Mr Sunny Chan, the Honorary Treasurer, organized the first training course

in November. The course was on the Standard Form of Building Contract 2005 (SFBC). A series of training courses are in the pipeline.

The SFBC has been published for over 5 years. There are voices suggesting that the old form should discontinue printing. The first training course was to equip our members and other stakeholders with a better knowledge of this SFBC.

To make the training more effective, the number of participants in each training class was limited and the enrolment was on a 'first-come-first served' basis. The training course was comprised of 5 classes. It was well-received and had about 220 participants in total.

Involvement in local affairs

Representatives in government and non-government bodies

Our members were willing to devote their precious time and to get involved in local affairs by using their professional knowledge and experience. In the past year, we have nominated a number of representatives joining the committees and task forces in the government and non-government bodies, which included:

- CIC – Committee on subcontracting
- CIC - Committee on environment and technology
- Advisory Committee on revitalization of historic buildings
- Building and Civil Engineering Training Board (General Committee)
- Harbour Front Commission
- Joint Mediation Helpline Office
- Professional Green Building Council

Participation and submissions on public affairs

Our members were also active in giving their comments and suggestions on public matters in the past year.

Conclusion

Most of the tasks and events planned earlier this year were completed successfully. Some of them were pilot schemes implemented this year. Such achievement was resulted from the valuable efforts and contributions of various parties. They include our Council members, co-opted members, the Vice Chairman, the Honorary Secretary, the Honorary

Treasurer, and last but not least, the staff of the General Office.

I would like to thank them for their hard work and support. As you were well aware, we would not be able to meet our missions without their participation.

Lastly, I wish to express my sincere gratitude to you for giving me the opportunity to serve this Division as the Chairman in the past 2 years. I would like to solicit your continuous support to the Division and the Council of the next term. With your support and dedication, I am sure that our Division will continue its success in future.

Divisional Council & Young Surveyors Group Reports

Young Surveyors Group

Jeffrey WONG
Chairman

First of all, I would like to take this opportunity to express my wholehearted thanks to all the Office Bearers, Committee Members, Student Members and Co-opted Members who contribute their times, efforts and hard works in various working groups, CPD events, social events and subcommittees. Our divisional works would not have been so successful without the supports of you all.

At the beginning of the council year, I used the word "REBORN" as the preface. Now, I tend to adopt "REUNION" to mark an end to this memorable chapter of YSG.

During the council year, we have successfully held various events and activities for our members. We have also participated in a number of external events with other external institutes and groups to promote YSG.

Collaborative Work with University Students

Students are the major asset of YSG. Apart from sponsoring their regular study tours, we have provided a platform for them to organize a joint university function among the three universities. It was our great pleasure to be invited as speakers of a career talk which was held by the three universities. On the other way round, the students provided continuous support for YSG events such as Career Expo and Indoor Rowing Charity Competition.

CPD

We organized various CPD which covered topics including but not limited to China studies, technical development, the latest legal issues, contractual studies, railway projects, project management, investment strategies etc. We also collaborated with other divisions in organizing APC Workshops.

YSG Logo, Team Photos and Team Building

It has been a long consideration process before we adopted the above logo which is able to express YSG as a brand of energy and passion. The logo has been being printed on all relevant publications of YSG.

Also, it was exciting for us to have a chance to take team photos together and reunion our spirit in May 2010. In July 2010, we had a total of 22 members who joined our one-day team building in Tsing Yi. We have learnt the importance of teamwork and sharing. Ultimately, we sweated and were exhausted after a superb sunny day, but we enjoyed this with tons of laughter.

Study Tour in Shanghai, National Education Course in Beijing and Visit to Developments in Shenzhen

On 15 to 19 May 2010, 6 members of YSG together with 6 representatives from HKIS Divisions attended a National Education Course, namely "香港建築測量及都市規劃界和工程界專業人士北京大學國情研習課程", in Beijing, which was organized by Peking University with the assistance from the Liaison Office of Central People's Government in HKSAR. Whilst on 1 to 5 September 2010, a total of 45 members joined the annual study tour in Shanghai. Apart from a tour in the Asia World Expo, we visited a current development project of Sun Hung Kai which was under construction. Besides, we visited The Bridges (8號橋) and 思南公館, which are the classic projects for revitalization development. Our members were very impressed by The Expo and were proud to witness the future of China.

On 20 November 2010, we visited a number of residential projects in Shenzhen and learned about the latest town planning in southern China.

Social Events

In 2010, YSG started its practices in February for the dragon boat competition during Tuen Ng Festival. We came in 6th place in the Mixed Silver Bowl Final and 7th place in Men's B Gold Cup Final. Besides, we arranged a number of social activities for our members including cooking class and magic class.

YSG Annual Dinner 2010 was held on 27 November 2010 in Victoria Pool Restaurant. "A night of Alaska" was the theme of the party.

Charity Events

Our YSG are passionate in community services and arranged a number of charity events throughout the council year. In December 2009, some of our YSG members joined a cheerful Christmas party with the children in Tin Shui Wai. In September 2010, we joined "Farm Visit and Cycling" charity event organized by Community and Charity Committee. Though we move on to another year, we never forget the needy.

By the end of 2010, we once again arranged a magical Christmas party for children in Tin Shui Wai.

External Activities

YSG continues to extend its network to other professional organizations as well as organizations related to our industry. We took part in various events such as Joint Professional Drinking Party and Wine-tasting events in which the Hong Kong Institute of Architects (HKIA), the Hong Kong Institute of Engineers (HKIE) and the Hong Kong Medical Association also participated in.

We joined Chartered Institute of Arbitrator (CI Arb)'s YMG Annual Party and Joint Christmas Ball in 2009 in Central.

One day seminar contract management 2010 was held on 6 February 2010 at Chiang Chen Studio Theatre at the Hong Kong Polytechnic University, it was jointly organized by the youth groups of HKIE-YMC, HKIS-YSG, CI Arb-YMG, Law Soc-YSG, CIBSE-YMG and ICE-G&S.

Conclusion

Time flies. On a personal note, I am proud to serve as the Chairman of the YSG, and I look forward to the new Council taking our achievement to a new height. In facing of numerous opportunities and challenges ahead, including APC/ATC reform, direct membership, long term strategy for the institute and financial difficulty, the new Council needs to identify the issues and deal with them decisively.

Taking this opportunity, may I invite all members' involvement to YSG and support its activities. There are many tasks that need to be handled and these burdens cannot only fall on the broad shoulders of few volunteers, forever. Join now!

Last, I would like to thank all those in the Council, and all who worked together as a team for their efforts over the past council year.

Board of Education

TANG Ki Cheung
Chairman

Reporting to the General Council on all education matters, the Board of Education (BOE) is tasked to scrutinize, validate and keep under review academic qualifications for admission to the training grades of the Institute and to develop, implement and control the qualifying mechanism to corporate and technical membership of the Institute.

The BOE met 6 times during the year 2010 and the membership comprised:

Mr TANG Ki Cheung	Chairman
Mr TANG Chiu Man Thomas	Vice-Chairman and GPD Representative
Ms WONG Kam Wah	BSD Representative
Mr HO Kui Yip Vincent	BSD Representative
Dr POON Wing Cheung Lawrence	GPD Representative
Mr CHAN Tak Hing	LSD Representative
Mr MO Sun Yuen	LSD Representative
Mr TSANG Ching Lun Edwin	PDD Representative
Mr CHAN Kwok Hung Kenny	PFMD Representative
Prof HUI Chi Man Eddie	PFMD Representative
Mr KAM Ka Fai Raymond	QSD Representative
Mr YEUNG Kai Yu Franki	QSD Representative
Mr CHONG Hok Ching Joseph	YSG Representative
Prof CHUNG Hung Kwan Barnabas	Co-opted member
Dr NG Shiu Tong Thomas	Co-opted member
Mr WONG Kwok Leung	Co-opted member

Surveying Courses Accreditation

The BOE maintains a Panel of Experts from which members will be selected to form working parties to undertake the vetting, assessment and accreditation of courses awarded by universities as suitable for admission of their award holders to HKIS's various grades of membership, as and when instructed by the Board. Previously a separate list of experts dealing with awards by mainland universities was kept, but the two lists has been consolidated into one since 2009.

As at 31 December 2010, the Panel comprised the following members:

Building Surveying Division:

P	CHAN Jor Kin, Kenneth *	A	CHAN Kwok Hung, Kenny*	P	Dr CHAN Man Wai*
P	CHAN Yuk Ming, Raymond *	G	CHEUNG Po Ming	P	CHEUNG Wai Man, Raymond

KEY: A: Academic G: Government P: Private
*Experts serving in more than 1 division

Accreditation of surveying courses continued to be pursued in accordance with the approved Policy and Procedures for Course Approval, Maintenance and Review. During the year, three local degree programmes were re-accredited.

The BOE wishes to take the opportunity to express its appreciation to all members on the Panel of Experts who have contributed much of their time and energy to various vetting and assessment activities.

Assessment of Professional Competence (APC)

During the calendar year of 2010, there were 304 new APC candidates (87 BS, 72 GP, 13 LS, 125 QS, 1 PD and 6 PFM). This represents an overall increase of 13% over the 2009 figure of 269 candidates (93 BS, 57 GP, 12 LS, 100 QS, 1 PD and 6 PFM).

There are currently 144 BS, 299 GP, 55 LS, 637 QS, 3 PD and 10 PFM Assessors. The full lists of the Divisional Panel of Assessors are given in the Annexes. The BOE wishes to record a note of appreciation to all the Assessors who have made much contribution to maintaining the professional standard of the new surveyors.

In order to help APC candidates better prepare themselves for the assessments, Divisions, often in collaboration with the Young Surveyors Group, organized workshops and training programmes, which were well received by candidates.

The Practical Task of the BSD was undertaken on 10 to 13 November 2010 with the involvement of some 101 assessors and moderators. A total of 81 candidates attempted and 36 (44%) passed. There were 53 candidates undertaking the Practical Task for the first time and 24 (45%) passed. Professional interviews were conducted throughout the year. A total of 64 candidates presented themselves in 2010 for professional interview and 38 (59%) were found satisfactory. A critical analysis is required upon completion of the 21st month of training. There were 150 candidates undertaking the analysis and 29 (19%) passed.

The Written Assessment by the GPD was held on 8 October 2010. A total of 63 candidates took part and 34 (54%) passed. Professional interviews were conducted for 43 candidates of whom 15 (35%) were found satisfactory.

During the year, 8 Land Surveying candidates applied for the final assessment and 2 passed (25%).

On 13 to 14 September 2010, 283 candidates attempted the Practice Problem of the QSD. The papers were each marked by 3 assessors and 112 (40%) candidates passed. Professional interview for 136 candidates were conducted and 94 (69%) were found satisfactory.

The Practical Task of PFMD was undertaken on 27 November 2010. 4 candidates undertook the Practical Task and 3 passed.

1 candidate applied for the final assessment by PDD. The final interview was held on 7 December 2010 and the candidate passed the assessment.

Assessment of Technical Competence (ATC)

The QSD ATC written and oral assessments were held on 14 May 2010 and 18 June 2010 respectively. 1 candidate attempted and passed the final assessment.

Sponsorship for writing textbooks

The BOE allocated some funding for producing textbooks on local topics for the surveying industry and students. The HKU, HKPU and CityU were invited to express their interest in writing textbooks related to local practice. 2 proposals were received from HKPU:-

Title	Author(s)
The evolving trend of Public Private Partnerships for Construction: An international perspective	Prof Albert P C Chan & Dr Esther Chan, Department of Building and Real Estate, Hong Kong Polytechnic University
Hong Kong Legal Principles: Important topics for students and professions (2nd edition)	Mr Stephen Mau, Department of Building and Real Estate, Hong Kong Polytechnic University

After deliberation and seeking legal advice, the proposals were further developed into a Memorandum of Understanding (MOU) which would be signed by the Institute and the authors. The textbooks are expected to be published within two years after signing the MOU.

Working groups for academic programmes following the 3-3-4 Education Reform

Two working groups are formed to enable sustained liaison with local academic institutions in programme planning in line with the 3-3-4 Education Reform. The working groups should study the curriculum documents of the universities, gear the need and wishes of the industries and the profession, formulate our expectation in a co-ordinated, consistent and sustained manner on the surveying education and communicate our need and wishes to the universities.

(a) Working group for degree programmes

The working group formulated a list of accreditation subjects for each division for accreditation of the new 4-year curriculum of the local academic institutions. The HKU, HKPU and CityU submitted the draft structure of the new 4-year curriculum. The working group will continue the dialogue with the three local universities in the coming year.

(b) Working group for sub-degree and higher diploma programmes

To facilitate discussion on the impact of the education reform on the sub-degree and higher diploma programmes, the working group visited IVE (Tsing Yi Centre) on 6 May 2010 and the Division of Building Science and Technology, City U on 28 October 2010. The working group will contact the rest of the programme providers and discuss the change of programme structure in relation to the education reform.

APC and ATC Reform and proposed amendments to Constitution and Bye-Laws

In 2009, the BOE resolved to carry out an APC/ATC reform. The reform is aimed to open up wider opportunities for people of various backgrounds to become or keep engaged in the surveying profession, to secure recognition of their competencies, and to advance from technical level to professional level, all within a reasonable time frame, so long as they are capable.

The major changes to the APC and ATC are highlighted as follows:

- Alternative qualification routes to be reasonably shortened.
- Integration of the APC and ATC to become a single ladder, to retain those already engaged in surveying practice and to offer greater chances for their professional advancement.
- One probationer grade, replacing the existing probationer and technical trainee grades, for Professional Training and Assessment.
- Multiple entries to the probationer grade, thus attracting a wider spectrum of potentially suitable people.
- Accumulation of academic qualification and working experience can be concurrent, rather than sequential, such that initially inadequate academic qualification can be topped up during an extended period of training.
- Two levels of competence, one being at technical level and the other at professional level.
- Probationers attaining the technical level of competence will be awarded Associate Membership (AHKIS), (replacing the existing Technical Membership (TAHKIS)), thus giving earlier recognition to degree holders and expanding the base of the previous TAHKIS.

- MHKIS must have satisfied the two levels of competence. This verifies that professional members should also be technically competent in the first place. It should be a benefit to them but not a pre-requisite that they should have been AHKIS.
- All existing Technical Trainees will become Probationers.
- All existing Technical Associates will become Associates.

Following the approval by the General Council at its meeting on 25th March, 2010, the APC/ATC Reform proposal was submitted to the general members and a forum was conducted on 13 May 2010 to explain to the general members and to hear their views. The APC/ATC Reform proposal was then formulated into a paper on the proposed amendments to the Constitutions and Bye-Laws. The proposed amendments to the existing provisions are further developed and refined as follows:

- Grade 級 (ie Technical Grade 技術會員級 as in the existing Constitution)
→ Associate Member Grade 副會員級
- Member 會員 (ie Technical Associate 技術協佐會員 as in the existing Constitution)
→ Associate Member 副會員
- Designation (ie TAHKIS as in the existing Constitution)
→ AMHKIS. Divisions voted that the designation of Associate Member as “AMHKIS” rather than “AssoHKIS”
- Occupation 職稱 → Associate Surveyor 副測量師

The proposed amendment to the Constitutions and Bye-Laws was then submitted to General Council and the Honorary Secretary for preparation of EGM in August 2010. As at the General Council meeting on 27 January 2011, a Working Group chaired by the Senior Vice President is formed to consider the draft amendments for preparation of an EGM.

It has been another busy but fruitful year for the members of BOE, DEC, assessors and the Panel of Experts. I would like to take this opportunity to express my appreciation to all colleagues who have worked extremely hard and made significant contributions to the profession. Thank you very much for your dedicated service!

Tang Ki-cheung, FHKIS
Chairman, Board of Education

Total			743	717	704

The following are some of the milestone events for 2009/10:

- 1) The membership statistics for last year shows a general increase in Professional Surveyors (Fellow and Members) by 4.07% compared to last year (4.22%) with a total corporate member of 5,780 (inclusive of all Multi-Division Members).
- 2) Increase in the number of Professional Surveyors was led by the PD Division which recorded 3 more members (a 9.38% increase) and by the BS division with an increase of 51 more members (a 6.58% increase) followed closely by QS Division's increase of 91 members (a 4.65% increase) in last year. The LS Division shares the largest number of Technical Associates (42 associates) among all the divisions representing approximately 75% of the total Technical Associates of the Institute. The number of Technical Associates is actually decreasing -11.11% compared to last year.
- 3) The Property and Facility Management Division, since its formation in year 2005, has grown into a division with 721 Professional Surveyors. An increase in members of 13 (approximately 2.11%) compare to 11 (approximately 1.59%) as observed in last year.
- 4) The Planning and Development Division has slowed down substantially in growth rate at 6.12% with an increase of 3 Professional Surveyors compared to the growth rate achieved last year at approximately 32.43%.
- 5) The QS Division has achieved the highest percentage increase for Fellow (7.69%) among all divisions.
- 6) There is a turn in the number of Probationers joining the Institute last year. The increase in Probationer from 2,239 to 2,355 this year represents an increase of 5.18%. This trend is shared by all divisions except for the PD (0%) and the GP (-2.41%) Divisions.
- 7) The number of student members appears to be steady with the current figure at 289 compared to 297 of last year.
- 8) The Technical Associates provides an alternative route to become a full member of the Institute. Due to the very slow increase in membership over the years, the Board of Education has reviewed with a recommendation for a change to the existing APC and the ATC system to provide more opportunity for new blood to join the surveying profession. The recommendation will be introduced in a forum before taking the issue at the EGM to be conducted in the second quarter of 2011.
- 9) The BOM has convened five meetings to process membership applications and to discuss membership related matters in last year.

During last year, BOM members have actively participated in discussion of matters relating to membership issues and where appropriate, raised for decisions by the General Council. Matters raised for GC discussions, among other issues, including a proposal for Direct Membership for which BOM will continue its effort in 2011. The BOM thank for the continued assistance of Ms. Kiny Hung who has assisted in detail to the need of the Board members.

Board of Membership 2009/10 Composition

Chairman	Mr. Kwok Kim Sang, Evenlyn
Deputy Chairman	Mr. Wong Thien Nyen
BSD representative	Mr. Wong Loi Fat, Alex
BSD representative	Mr. Yun Ying Kit, Kenneth
GPD representative	Ms. Fok Eugina
GPD representative	Mr. Wong Ho Ming, Augustine
LSD representative	Mr. Sung Hon Kwong
LSD representative	Mr. Tang Wing Lun
QSD representative	Mr. Chan Siu Hong, Honby
QSD representative	Mr. Yim Siu Chung, Keith
PDD representative	Mr. Lau Tak, Francis
PFM representative	Dr. Cheng Kam Wah, Edmond
PFM representative	Dr. Lam Kwok Wing
YSG representative	Ms. Chan Wai Chu, Evangeline
YSG representative	Mr. Cheung Man To, Arthur
Co-opted Member	Mr. Chiu Kam Kuen

Board of Professional Development

Barnabas CHUNG
Chairman

The Board of Professional Development comprised the following membership for session 2009/2010.

Professor Barnabas Chung Hung-kwan	Chairman
Mr Edwin Tang Hoi-kwan	BSD Representative
Dr Edward Yiu Chung-yim	BSD Representative
Mr Slayman Chan Kwok-kin	GPD Representative
Mr Mok Kam-kwan	GPD Representative
Mr Cheng Wai-pun	LSD Representative
Ms Maris Lo Hoi-yin	LSD Representative
Mr Raymond Chan Yuk-ming	PDD Representative
Mr Yu Kam-hung	PDD Representative
Dr Edmond Cheng Kam-wah	PFMD Representative
Mr Daniel Hui Wah-lun	PFMD Representative
Mr Ricky Chan Dut-yin	QSD Representative
Mr Wong Chung-fat	QSD Representative
Mr Kenny Chan	YSG Representative
Ms Joanna Kwok	YSG Representative
Dr Lawrence Poon Wing-cheung	Co-opted
Mr Benjamin Chong Wing-hong	Co-opted

In pursuance of the provisions of Part VII of the Bye-Laws, the Board continued to consider policies and control mechanism for mandatory continuing professional development and lifelong learning to help members enhance not only their professional competence but also their social status as professional surveyors. This is to require all professional and technical members to engage themselves in a continuous process of sharpening their expertise and broadening their specialist knowledge base. It is only with consistently high and ever-improving professional competence of its members that the Institute may strengthen its strategic position in the property industry, for the long-term sustainability of the surveying profession in Hong Kong. Further to the implementation of the mandatory CPD in 2007, to facilitate members in their pursuit of CPD, the Board introduced the on-line logging-in of CPD profile records and on-line booking of CPD activities. In this regard, the Board has also explored the possibility of incorporating membership functions in our current cobrand credit card for monitoring CPD function attendance. The Institute's Welfare Committee is finalizing the technical details with a view to early introduction of the facility.

According to the Guidance Notes to Mandatory Continuing Professional Development (June 2007), all Corporate and Technical members are required to complete a minimum requirement of 60 CPD hours over a three-year period. The first three-year period has lapsed and the Board required all members to demonstrate compliance. All members are required to submit their CPD record for the relevant three-year period (i.e. from 1 June 2007 to 30 June 2010) to the HKIS Secretariat before November 2010. As at 1 November 2010, 2,565 members updated their record on the on-line CPD profile and another 334 members submitted the CPD log sheet. 2,003 members have not responded to us yet and they are required to do so before the end of December 2010. Checking will be conducted in accordance with the Guidance Notes.

In 2010, 118 CPD events were organized by the various Divisions and the Young Surveyors Group (YSG), which reflected a 13.5% increase from 104 of the previous year. Apart from the 16 institutional events (including 1 joint institutional event), QSD became the principal CPD organizer providing 27 events. The ranking order of the other Divisions was YSG (26, including 2 joint CPD with BSD and 6 joint CPD with GPD), GPD (21, including 6 joint CPD with YSG), PFMD (16, including 1 joint CPD with PDD), same ranking for BSD (7, including 2 joint CPD with YSG), LSD (7) and PDD (7, including 1 joint CPD with PFMD).
