MASTER OF ALL YOU SURVEY

Hong Kong Institute of Surveyors recently had the run of the place with its first large-scale race Runderful Pro to celebrate its 35th anniversary.

That saw nearly 900 runners from the industry and non-professionals take part in the 10-kilometer individual, the three-kilometer individual, and the one-kilometer family races. It invited well-known marathoner Walter Cheung Shu-wai as guest of honor to officiate the event.
